THERE is quite a row over the matter of prize awards at the World's Fair. But from this point of view, with the Thomas episode in mind, it looks as if there would be no dispute about the National Commission taking the cake.

THE experiment of the trustees of the Baron Hirsch Fund in New Jersey seems to be fairly successful. It was started to aid indigent Hebrews in gaining a livelihood in a free country. Thirty acres of land, ten of which are cleared, a modest cottage, a cow and chickens, tools, seeds, and other necessities are given to every head of a family. The total cost is \$1200. He is given five years in which to pay \$400 on account. Most of the colonists are doing well, but there is some grumbling, doubtless by those who are lazy or improvident. It is believed the experiment will be a success.

THE newspaper dispatches told us Monday that tens of thousands of laboring men and women turned to the side-shows for amusement on Sunday because the World's Fair in Chicago was closed. The inference is clear. Unemployed folk, lustily yelling their wares; angry, disappointed crowds, pushing their way about and patronizing all the cheap "snap" resorts in the indiscriminate search for occupation and entertainment. Results: A rich harvest of sharps and swindlers; additional decrease in the revenues of the legitimate Exposition enterprises, bold opportunity for disturbance, rowdiness and outrage.

THE government has acquired by purchase the famous Cherokee Strip, which includes an area considerably larger than New Jersey and, if all the accounts are true, of much more valuable soil. Gradually the government is wiping out all the Indian titles and drawing to itself the ownership of the Indian lands. The price paid was in the present case \$1.25 an acre, or only \$8,565,736. It was a good bargain for both buyer and seller. The sum named will be retained at interest in the treasury and will support the Indians from whom it was bought handsomely. It will bring into the market a portion of country capable of supporting some millions of people. It will supply for a time the demand for cheap homes which is increasing in the southwest.

THE wonderful speed developed by the cruiser New York on her official trial trip should make Americans proud in a double sense. The New York illustrates what our machines are capable of doing, and assures us that we have the fastest and most effective war ship afloat. The strides we Americans, and especially the firm of Cramp Sons, have made in ship building within the past fifteen years have astonished foreigners even more than our own people. It is doubtful if even we appreciate it as much as other nations have, especially England, as she has recently given orders for the building of ships similar to those of New York. The keen eyes of Admiral Hopkins, of the British squadron that was in naval review, saw that the New York was the superior of the Blake, of the English navy, in effectiveness as a fighter, and he, with a true sailor's frankness, said so. Now it has been demonstrated that in point of speed she is much faster than the Blake and even faster than any other war vessel afloat. Pennsylvanians are proud of the work of our own shipbuilders, but as Americans we are still prouder that our navy contains a vessel so satisfactory in every way as the cruiser New York.

THE STATE LEGISLATURE

The Work Done by Our Busy Lawmakers.

PROCEEDINGS IN BOTH BRANCHES.

The Senate Concerns in the House Amendment to the Penrose Bill—The Bill Fixing the Salaries of State Officers Passes Third Reading—Four Bills Approved by the Governor.

HARRISBURG, May 24.—The extremely warm weather yesterday did not prevent nearly every seat in the senate and house being occupied when the state legislature was called to order, and there was no time lost in getting down to active business.

The senate concurred in the house amendments to the Penrose bill to abolish the public building commission by the vote of 37 to 8, and the bill has gone to the governor.

When the house bill fixing the salaries and compensation of state officers came up for third reading on a special order Mr. Woods succeeded in having the Butterfield bill, with a few changes, adopted as a substitute. The changes from existing salaries in the more important offices are the following: Lieutenant governor, \$4,000, an increase of \$1,000; attorney general, \$8,000, an increase of \$4,000; secretary of the commonwealth, \$8,000, an increase of \$1,000; secretary of internal affairs, \$4,000, an increase of \$1,000; adjutant general, \$5,500, an increase of \$1,000; state treasurer, \$6,000, an increase of \$1,000; chief clerk of the auditor general's department, \$2,500, an increase of \$700; corporation clerk, same department, \$2,400, an increase of \$600; chief clerk of treasury department, \$2,500, an increase of \$500; chief clerk of department of internal affairs (new office), \$2,000, an increase of \$500; superintendent of public buildings and grounds, \$1,500, an increase of \$300.

Among the bills passed finally were the following: To provide for the incorporation of casualty insurance companies not already provided for by the insurance laws. House bill relating to the placing of insurance in this state by agents of foreign insurance companies. The house bill to prevent the adulteration of drugs, food and spirits, fermented or malt liquors passed second reading. Governor Pattison notified the senate of his approval of the following bills: Designating election days as half holidays. Authorizing certain banks to improve and derive rent from buildings held by them for banking purposes. To prohibit the use of any advertisement or imitation of dairy products in any church or penal institutions. Providing for the continuation of the publication of the Pennsylvania archives. Among the appointments sent in by the governor were the following: W. Hayes Crier, superintendent of public printing and binding for the term of four years to commence July 1, 1902; John H. Snyder, Middletown, Dauphin county, to be justice of the peace; Edgar L. King, Harrisburg, to be notary public. Notaries and justices were confirmed.

The consideration of appropriation bills occupied the time in the senate during the afternoon session.

IN THE HOUSE. The first business of the house yesterday was to concur in senate amendments to the bill relating to the private sale of real estate in assignments for the benefit of creditors.

The act authorizing the appointment of policemen in boroughs passed second reading.

The special order for the consideration of the bill relating to the re-organization of the National Guard came up and the bill passed finally. Appropriation bills passed finally as follows: For current expenses of the state board of health; for expenses of appropriation committee; to the Midlight mission of Philadelphia; to Moranzan reform school; to Pennsylvania institution for deaf and dumb; for care of indigent insane; Williamsport home for the friendless; Williamsport hospital; to Memorial hospital, Philadelphia; Philadelphia orthopedic hospital; State hospital at Mercer; Conemaugh Valley memorial hospital; Philadelphia society for organizing charity; Women's homoeopathic association of Philadelphia; Wilkes-Barre city hospital; Lebanon Good Samaritan hospital; Philadelphia-Kensington hospital for women; Pittston hospital; Pottsville children's home.

Governor Pattison sent in a message vetoing an act providing for the more effectual protection of the public health in cities and boroughs. The house sustained the governor's veto by 66 to 40.

Both the afternoon and evening sessions of the house were devoted to the consideration and passage of unimportant appropriation bills.

*CANNOT GET THE EXTRA DOLLAR. No Extra Pay for Presiding Officers of the Legislature.

HARRISBURG, May 24.—State Treasurer Morrison, in hunting around for the law regulating the pay and mileage of legislators, found no warrant for the payment to the presiding officers of both houses of an extra dollar per day, as has been the custom for years.

He consulted the attorney general, and the latter, on examining the law on the subject, decides that the presiding officers are to be paid the same as any other member of either house—\$1,500 per session. The decision is not pleasant to the presiding officers, as it cuts them out of about \$150 each.

Rescued from Death All Said She Could Not Live a Month

Now Alive and Well—Thanks to Hood's Sarsaparilla.

I must praise Hood's Sarsaparilla, for it is wonderful medicine. I suffered 10 years with Neuralgia and Dyspepsia and fainting spells. Sometimes I would be almost stiff with cold perspiration. I spent a great deal of money for medical attendance, but I did not get any benefit until I began to take it. I weighed less than 100 lbs. and was a picture of misery.

Every one who saw me thought I could not live another month. But I began to improve at once after beginning with Hood's Sarsaparilla, and have gradually gained until I am now perfectly cured. I eat well, sleep well, and am in perfect health. I owe all to Hood's Sarsaparilla.

HOOD'S PILLS are purely vegetable, perfectly harmless, always reliable and beneficial.
