Old Time Methods of treating Colds and Coughs were based on the idea of suppression. We now know that "feeding a cold" is good doctrine.

Scott's Emulsion of cod-liver oil with hypophosphites, a rich fat-food, cures the most stubborn cough when ordinary medicines have failed. Pleasant to take; easy to digest.

Cures Scrofula

Mrs. E. J. Rowell, Medford, Mass., says her mother has been cured of Scrofula by the use of four bottles of S.S.S. after having had much other treatment, and being reduced to quite a low condition of health, as it was thought she could not live.

INHERITED SCROFULA.

S.S.S. Cured my little boy of hereditary Scrofula, which appeared all over his face. For a year I had given up all hope of his recovery, when finally I was induced to use S.S.S. A few bottles cured him, and no symptoms of the disease remain. Mrs. T. L. MATHEWS, Mathisville, Miss.

THEIR BID IS ACCEPTED

The Philadelphia Harbor to Be Improved

TO THE EXTENT OF OVER $3,000,000

Secretary Lamont Awards the Contract to the American Dredging Company, of Philadelphia—The Contract the Largest One Awarded by This Aministration—The Dr. Briggs Case.

WASHINGTON, May 27.—Upon the recommendation of General Casey, chief of engineers, Secretary Lamont yesterday awarded the contract for the improvement of the Philadelphia harbor to the American Dredging Company, of Philadelphia, at the amount of their bid on the 3d of last January. This contract will amount to $403,780, and is the largest awarded by the administration for river and harbor improvements.

When the bids were opened last January it was ascertained that the bid of Michael J. Coffey, of New York, and Nicholas Connolly, of Quebec, was the lowest by half a million dollars, but a protest was presented against their receiving the contract. It was asserted that they were not reliable, and that they would not be responsible for the construction of the work and its completion in accordance with the specifications.

An examination tended to confirm the allegation. The bid was not accompanied by such a bond and sureties as would guarantee the performance of the work as required. Secretary Elkins ordered that new proposals be advertised for. Before advertising the United States senate, by resolution, called for copies of all bids and other papers and documents bearing upon the contract. Secretary Elkins thereupon suspended all proceedings, and new proposals were not advertised for. Secretary Elkins retired from office leaving the whole matter pending.

Dr. Briggs to be Tried.

WASHINGTON, May 27.—The Presbyterian general assembly late last evening decided to entertain the appeal in the Dr. Briggs case. This decision is adverse to Dr. Briggs. After a long discussion between moderator and Moderator Craig, the question recurred on the resolution of the judicial committee, that the appeal be entertained. The ayes and nays were demanded, the roll called and the ayes were announced at 4:15 p. m. It was taken amidst almost painful silence, during which the defendant watched with feverish anxiety the progress of the vote by the tally kept by his friend, Prof. Brown who sat at his elbow.

The result of the vote to entertain the appeal in the Briggs case was then announced by Dr. Craig as follows: Ayes 409, nays 145.

On motion of Dr. Young the judicial committee was instructed to prepare a program for procedure in the trial of the appeal, and the assembly decided to proceed with the trial to-day.

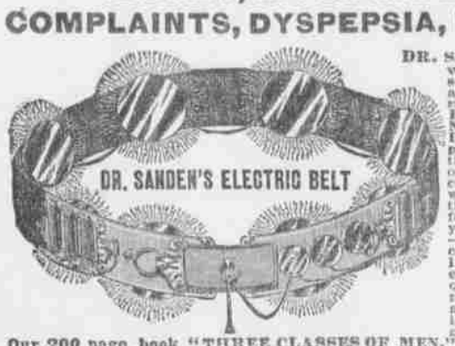
TO FIND A CURE FOR

RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.



DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure **without medicine** all of the above troubles. Those who suffer from **Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints,** and **general ill health** the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unduly drained your system of nerve force and vitality —**which is electricity**—and thus caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money.

Our 200 page book "THREE CLASSES OF MEN," should be read by **every young, middle-aged** and **old man,** sent sealed, free. **Dr. Sanden's Electric Belt** is no experiment, as we have restored thousands to perfect health and vigor, after all other treatments failed. As shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our **Belt.**

WE HAVE CURED THESE—WE CAN CURE YOU!

NERVOUS DEBILITY AND WEAKNESS.

NEW YORK CITY, October 24th, 1892.

DR. A. T. SANDEN, Dear Sir:—About three years ago I purchased one of your electric belts for the cure of nervous debility, which I had in its worst form and which was hurrying me to premature old age. I had suffered from this terrible debilitating drain on my vital forces and I did not know what it was to have a good night's sleep, but in one month's time after using the belt I felt a marked change and was soon entirely and physically, and to a short time was entirely well.

Yours truly, H. SEELIG, 237 Bowery.

RHEUMATISM AND LOST VIGOR.

BROOKLYN, N. Y., October 25th, 1892.

DR. A. T. SANDEN, Dear Sir:—Four years ago I suffered such pain from rheumatism that at times it was impossible for me to get around, and I always carried a cane for support. I used your belt and felt a relief in one hour. I gained in weight from that day and it was only a short time until the pains left me and to-day I am a well man. I always keep my belt near by for fear there might be a return, but as it has now been four years since you cured me, can safely say it is permanent. A. E. VOSS, Musical Director, 359 St. Mark's Place.

RHEUMATISM—LOST VIGOR.

NEW YORK CITY, Oct. 25, 1892.

DR. A. T. SANDEN, Dear Sir:—I can report to you that the belt has entirely cured me of rheumatism from which I suffered for fourteen years almost continually. I am a letter carrier, and the long daily tramps necessary in my rounds, up to the time of getting the belt, were painfully gone through with, but thanks to your wonderful invention, I can now walk as well as I ever did, and will recommend your treatment to all afflicted. The current has also brought back my vigor in other ways and you said it would. Yours very truly,

JAMES REID, 24 Perry St.

Your splendid electric belt with your "rules of health" has been a very valuable benefit to me, and I place pleasure in recommending your belt. Yours respectfully,

THE FOSTER FAILURE.

Sympathy for the Ex-Secretary of the Treasury.

A TERRIBLE BLOW TO FOSTORIA

All Southern Ohio Will Feel the Effects of the Crash—The Failure Was No Surprise to Wall Street Bankers, Who Knew the Firm Was in a Tight Place. What is Said in Washington.

FOSTORIA, O., May 27.—There is the greatest sympathy expressed for Charles Foster, ex-Secretary of the Treasury, who made an assignment yesterday.

Mr. Foster's liabilities are about $600,000, and his assets are about the same.

He virtually owned the city of Fostoria. He had a finger in every enterprise undertaken in that immediate section of the State, and everybody "banked" on Charlie Foster, as well as borrowed of him.

He was so mixed up in politics that his private interests were necessarily neglected

EX-SECRETARY CHARLES FOSTER.

The recent stringency in money is supposed to be the immediate cause of failure.

Bankers here express the opinion that the effect of the failure will be seriously felt in southern Ohio, because of Mr. Foster's connection with so many enterprises, but that other sections will feel it remotely.

By shrewd speculation in real estate he became wealthy and in 1879, when elected Governor of Ohio for the first time, was reported to be worth $1,000,000.

During the next four years he lost heavily in Lake Superior copper mines.

In natural gas and street railway speculations at Findlay during its temporary boom he invested largely.

When the bubble burst he, with many others, was caught for many thousands of dollars. He also lost by indorsing notes for business and political friends.

Since then he has attempted to recoup his losses but only became more deeply involved.

The crash was temporarily averted by his appointment as Secretary of the Treasury.

The extent of the failure is so great that its significance can scarcely be realized. A half dozen prominent industries will go to the wall and hundreds of persons will be thrown out of employment.

The loss to business men who were depositors in Foster & Company's bank is one of the deplorable features of the crash, but it is confidently believed none of them will suffer to an extent that will cause them to assign.

A run was made on the Mechanics Savings Bank as soon as its doors were opened, but with $30,000 in currency piled upon the cashier's desks the demands of all frightened depositors were promptly met and none was turned away.

The loss to Fostoria is a great one, and one that it will require time to recover from.

WASHINGTON, May 27.—Universal sympathy is expressed here for ex-Secretary Foster in his financial embarrassment. Especially is this the case in the Treasury Department where Mr. Foster was personally very popular.

Inquiry at the office of the Comptroller of the Currency develops the fact that the only national bank in Fostoria, Ohio, is the First National Bank, and upon the last call that bank had 38 per cent. of reserve on hand when the legal requirement was only 15 per cent. Consequently, it is not anticipated that the failure of the Foster Banking Company will affect this bank.

One of the prominent officials of the Treasury Department who has been on terms of close intimacy with the ex-Secretary, said he did not doubt that the news was true for he knew that Mr. Foster had for some weeks been struggling to overcome financial difficulties. He added that he feared that the results of the failure would be severely felt in Ohio.

WALL STREET NOT SURPRISED.

It Had Been Known That Foster Was in a Tight Place.

NEW YORK, May 27.—Geo. F. Baker, President of the First National Bank, said to a reporter that he was surprised to hear of Foster & Co.'s failure, although he knew they had not as much money as they wanted. They had not borrowed very extensively of the First National Bank, and the bank would not lose anything by the failure.

No astonishment was manifested in Wall street by well-informed bankers at Foster & Co.'s failure. One banker said that he was not at all surprised at it, as he knew the firm had been in a tight place for money for some time. "Mr. Foster has got caught between seed-time and harvest," he continued, "and was unable, like many others, to get money when he needed it, and like them, he has undoubtedly had to throw up the sponge. One trouble with him undoubtedly has been the fact that he was interested in so many things, and it is a bad time for a man to be carrying too much sail."

In Bradstreet's, Foster & Co. are put down as having a capital of from $500,000 to $1,000,000, but their credit is only rated by that agency as second class.

News Agent Clinch Arrested.

LONG ISLAND CITY, L. I., May 27.—Police Captain Woods, of this city, has received a despatch from Chief of Police Sullivan, of San Francisco, announcing that he had under arrest there James G. Clinch, the missing manager of the Long Island News company, who disappeared in the latter part of last April. He was about $400 short in his accounts. A detective will be sent after Clinch.

Will Strike June 1.

LYNN, Mass., May 27.—It is now assured that the pattern makers of the General Electric company will strike June 1, unless their request for a nine hour day without reduction of pay is granted by the company.
