Work Done by the Legislators at Harrisburg.

PROCEEDINGS IN BOTH BRANCHES.

The Road Bill Framed by the Special Senate Committee Passes by a Vote of 32 to 10—The Joint Committee Submits Conclusions on the Wernersville Hospital for Chronic Insane.

HARRISBURG, May 31.—The fact that yesterday was Decoration Day did not materially interfere with a large amount of work being turned out in both houses of the legislature, although the senate and house adjourned during a portion of the day as a mark of respect to the memory of the dead heroes and in honor and regard for their comrades yet living.

The senate turned down the governor's veto of the bill appropriating $2,500 for the purchase of Giles D. Price's index to local legislation from 1700 to 1892 and passed the bill notwithstanding by a vote of 37 to 3. Ten democrats voted with the republicans.

The conglomerate road bill—otherwise the measure framed by the special senate committee from the other pending bills—was discussed an hour and then passed—the vote being 32 yeas and 10 nays.

The following conclusions were submitted by the joint committee appointed to inquire into the condition of the Wernersville Chronic Insane hospital:

That much of the stone used in the foundation of the buildings is irregular in shape, small in size, without flat beds and to this extent incapable of the complete workmanship and first-class wall desirable in a structure of this character; that in a locality where superior stone are abundant and could be had at a slight advance in cost or trouble, the best stone should have been used, and all criticism averted; that doubtless much of the incentive to accept this material arose from the fact that the outside was to be filled up by earth and the inside covered by a lining of brick work, and was, therefore, not exposed to the public eye. This we do not regard as sufficient reason.

That the contention that this wall is well bounded at intervals is no satisfactory answer to the criticism, inasmuch as the use of flat bedded stones throughout, which could have been obtained, would have made the dependence of the bonding much stronger, obviated the necessity for the use of so large a proportion of mortar and unquestionably made a more compact and enduring foundation.

That buildings erected by the state for the housing of the unfortunates should be secure beyond peradventure in every particular to the extent of known safeguards, and it is undesirable to have the public, with their practical eye, depend upon the opinions of experts on the explanations of buildings for apparent or possible defects.

The following senators were chosen to represent the senate on the board to compute the vote for state officers at the next general election: Woods, Mifflin; Mitchell, Jefferson; Laubach, Northampton, and Logan, Crawford.

The house bill empowering foreign manufacturing corporations to acquire and hold real estate necessary for the purposes of their business was defeated on final passage.

Among the bills passed finally were the following:

Extending the limits of residence and powers of notaries public; to prohibit peddling, selling or hawking of merchandise, wares or other goods without a license; to make the National Guard formations conform to those of the United States army; authorizing the retention of the two additional clerks in the adjutant general's department to prepare muster rolls for preservation; Children's Industrial home, of Harrisburg, $5,300.

The joint resolution of Senator Markley providing for a legislative investigation of the state hospitals, reformatories, asylums and penitentiaries has been vetoed by the governor.

The proceedings in the senate at the evening session were uninteresting, nothing of importance coming up for consideration.

IN THE HOUSE.

A communication was received from Attorney General Hensel in response to a house resolution passed on May 22d, requesting him to inform that body what action can be taken to prevent the alleged invasion of the battlefield of Gettysburg by an electric railway. Mr. Hensel says that from the best information he can obtain the railway traverses streets, roads and lands by the consent of the local authorities and the owners of property and does not trench on property of the state of Pennsylvania in any manner. He knows of no action that can be taken by the state to prevent such occupation of the streets and private property, even though the highways lead to the historic battlefield or the ground occupied comprises part of it. The federal government, he says, alone has the right to take action where the road traverses any property belonging to it or under its control and will exercise this authority, Mr. Hensel is advised through the war department.

The governor notified the house that he had approved the following bills:

Relative to the appointing of special deputies, policemen and marshals, otherwise known as the Kearns anti-Pinkerton bill; providing for the insurance of the capitol and other public buildings; repealing a special tax law in the borough of Bellevue, Allegheny county; repealing the act enlarging the jurisdiction of justices of the peace in Erie county; making an appropriation for the Norristown Insane hospital; making an appropriation for a shad hatchery in the Delaware river; making an appropriation to the State Lunatic hospital at Harrisburg.

The house refused to concur in the senate amendment to the bill providing for the placing of a copy of Smull's Hand Book in each public school.

The act to provide for the support of the indigent insane, which was re-called from the governor and amended so as to divide the cost of maintenance between county and state passed finally.

The house elected six members of the commission to compute the vote to be cast for supreme judge and state treasurer next November. The successful members were Messrs. Abrams, Kennedy and Patterson, republicans, and Messrs. Fritz, Follweiler and Kane, democrats.

The passage of bills on third reading occupied the time in the house at the evening session.

Noblemen Arrested for Treason.

VIENNA, May 31.—Twelve young noblemen have been arrested in Buje, Peninsula of Istria, for high treason. They are charged with having conspired to separate Trieste from Austria and annex it to Italy.

The Reformed Synod.

READING, May 31.—Rev. Joseph W. Santee, D. D., conducted the devotional exercises at the opening of the sixth day's session of the Grand Synod of the Reformed Church yesterday.

The further consideration of the report of the committee on revision of the constitution was deferred for the present. The report of the Sunday school board was then taken up. One of the items provided for the appointment of a general secretary, whose duty it shall be to visit all the schools if possible, create an interest in the work and help forward the Sunday school cause generally.

This created much discussion, but was finally adopted with the report.

The committee on the minutes of the interior presented their report, which was considered seriatim and finally adopted.

The report of the committee on the minutes of the German Classis was also adopted.

A resolution to revise the hymnal of the Reformed churches met with a stout resistance from the German members of the Synod, who claimed that it was inexpedient at this time to make such a revision.

A motion that the General Synod deems it unwise and inexpedient to take the proposed action was adopted.

AT GRANT'S TOMB.

Princess Eulalia Decorates the Resting Place of the Dead General.

NEW YORK, May 31.—It has been decided that the Princess Eulalia will not leave for Chicago to-day as it had been originally planned. She will remain here and rest until Sunday when she will begin her triumpnful tour to the World's Fair.

The Infanta spent a busy day yesterday. It had been arranged that she should have her photograph taken and should also go up to Riverside Park and place a wreath of flowers on the tomb of Gen. Grant. The Princess took her chocolate and roll in bed, and almost immediately afterward began to make her preparations for carrying out her plans for the day.

Fifth avenue was crowded with sightseers out for the big Grand Army parade, when the Princess started for the photographer's and the little procession of carriages aroused great interest. The crowd soon learned that the carriages contained the Infanta Eulalia and her suite and there was a good deal of cheering.

After a ride of about ten minutes, the photographer's place was reached, and the party entered the establishment. The Infanta sat several times for her photograph. The party remained at the establishment and witnessed the Decoration Day parade from a window there.

Prince Antonio, the husband of Princess Eulalia, went to the photographer's early in the morning and had several sittings in uniform. The Infanta and party returned to the Savoy after the parade.

In the afternoon the Princess again left the hotel, this time bound for Riverside Park, where she participated in the ceremonies at Gen. Grant's tomb. An escort of mounted police escorted the party to the tomb. With the Princess were the Prince, the Marquisa, the Duke de Tamames, and Commander Davis. Messrs. Whitelaw Reid, Cornelius N. Bliss, Gen. Horace Porter, and Col. S. V. R. Cruger, of the committee of one hundred, accompanied the party.

On arriving at the place the party alighted immediately and walked up the steps to the tomb. Mayor Gilroy was waiting to receive the Princess. Without ceremony of any kind, the Princess placed a basket wreath of flowers on the door of the tomb. The party at once returned to their carriages and were driven back to the hotel.

BEHRING SEA CASE.

Sir Charles Russell Will Conclude His Address To-day.

PARIS, May 31.—Sir Charles Russell continued to speak in behalf of the British case yesterday, before the Behring Sea Tribunal of Arbitration. His arguments dragged wearily along, as he dissected minutely and tediously the laws of other nations, on which the United States based their claim to protection of the seals outside of the ordinary limit.

Sir Charles contended that Great Britain, Chili, Japan and Russia never asserted jurisdiction over foreign vessels outside of territorial limits. Sir Charles Russell next replied to a reference which the Hon. J. P. Phelps, of counsel for the United States, had made to the inactivity of Great Britain in respect to the seizure of foreign vessels by the Russian authorities.

Sir Charles read correspondence which had passed between the American Charge d'Affaires at St. Petersburg and his government at Washington, stating that Russian jurisdiction was confined to the ordinary limits, and that the seizures were avowedly within those limits.

Sir Charles will conclude his argument to-day. He is devoting a portion of his argument to trying to prove that various acts of interference by British authorities with foreign vessels, outside of the ordinary limits, if such acts really occurred, had not imperilled the principles of international law.

EXERCISES AT ANNAPOLIS.

Italian Ships Present at the Naval Academy Ceremonies.

ANNAPOLIS, Md., May 31.—The programme for the second day of the Naval academy graduation exercises drew an immense crowd to this city. Target practice, presentation of books from the army and navy auxillary of the Ladies' Aid Society to the graduating class, battalion of infantry dress parade and presentation of medals for highest scores in great gun and small arm target practice were the attractive features.

The Italian warships Etna and Dogali of the international review fleet at Hampton Roads and New York are here to remain until the close of the graduation exercises. They anchored in Annapolis Roads last evening from New York. Their arrival was announced by the firing of a national salute of twenty-one guns from the Etna. The courtesy was acknowledged from the academy.

MARRIED THE SERVANT.

Emino Had Sent His Wife Away on a Visit for the Purpose.

HALIFAX, N. S., May 31.—Six years ago Eli Emino, a merchant of this city, wedded Miss Sason, of Caledonia, N. S. The couple lived in Halifax together until shortly before last Christmas, when Mrs. Emino, at her husband's suggestion, went on a visit to relatives in Ironwood, Mich. Her husband neither wrote to Mrs. Emino nor sent her any money, saying he was tired of her. Friends came to Mrs. Emino's aid and sent her money with which to return.

She has just arrived here and discovered that her husband had very shortly after her departure married their servant girl, and the marriage is recorded at the Provincial License Office. He will be prosecuted for bigamy.

True Bill Against Townsend.

LONDON, May 31.—The grand jury has found a true bill against William Townsend, the individual arrested recently on the nominal charge of having discharged a pistol in Downing street, but really on suspicion of intending to kill Mr. Gladstone, and who was also held on the additional charge of sending a threatening letter to Mr. Gladstone. Townsend will be tried at the Old Bailey, probably on Thursday.

Martello and Osmond to Die.

NEW YORK, May 31.—Gov. Flower who has had the cases of Martello and Osmond, the murderers, under consideration for sometime has decided to let the law take its course, and they will both be killed by electricity. Martello is now in the Dannemora prison and will be killed sometime during the first week in June; and Osmond is in Sing Sing prison and will be electrocuted the second week in June.

Indiana Bank Fails.

ELLISVILLE, Ind., May 31.—The Worley Bank, a private institution, has failed. The liabilities are about $35,000, and the assets will reach $50,000. It is believed that the bank will pay all obligations.

CHILDHOOD AND OLD AGE.

The Tender Grandchild and a Well-to-do Old Gentleman of 72, Acknowledge Obligations.

The preparation that can be taken with safety and benefit by the tender infant, and that nourishes, strengthens, and cures the aged and infirm, is one that can truly be called scientific. Such a preparation was discovered by Dr. David Kennedy and named Favorite Remedy. It is prescribed and recommended the world over, by the medical profession, as the best medicine produced for the cure of all diseases arising from an impure condition of the blood.

This beautiful child whose picture is shown here, is the grandchild of Mr. J. E. Palmateer of Athens, N. Y., who had been cured of gravel in the kidneys and insomonia, (sleeplessness) finishes his letter by saying:

"But this is not all Dr. Kennedy's Favorite Remedy has done for our family. My little grand daughter had eczema the worst way; she was a mass of running sores from her ears around the entire neck to her cheeks. My wife gave her Favorite Remedy in small doses, and what was the result? To-day the sores have all disappeared, the skin is smooth and clear, and she is fat and rugged and as bright as a silver dollar.

Mr. Solomon Davis of North Kortright, N. Y., finds himself at 72 years, suffering from neuralgia, felt tired all the time, weak, languid, poor appetite, and no ambition. Thought at his age nothing could do him any good, but like hundreds of other people in his condition tried Dr. Kennedy's Favorite Remedy and began to get better at once, and now feels as hale and hearty as he ever did.

It is particularly pleasing when sickness is as common as now, to know that there is a remedy that cures disease, builds up the weak and debilitated, strengthens the nerves, and has restored to health and strength, men and women who have been confined to their homes for months on beds of sickness.

DR. BRIGGS AND THE PROSECUTION

The Arguments Closed in the Celebrated Heresy Case.

WASHINGTON, May 31.—Both Dr. Briggs and the prosecution finished their arguments in the heresy case before the Presbyterian General Assembly yesterday afternoon.

The evening session was given over to the members of the New York Presbytery and a vote on sustaining the appeal will doubtless be taken at to-day's session.

Besides the Briggs case there were two incidents of note in the days' proceedings. The committee on bills and overtures reported a form of deliverance in explanation of the deliverance of the Portland assembly on the inspiration of the Bible as a substitute for the one submitted last Saturday. It was clearer and more condenced than the former document and affirmed the declaration of the assembly of 1892.

Upon the introduction of a resolution by Rev. Loyal Y. Graham, of Philadelphia, of loyalty and honor to the memory of the soldier dead, Elder Spencer, of St. Louis, raised a point of order that it was not warranted by the authority under which the assembly sat and could not, therefore, be entertained. Moderator Craig overruled the point and Mr. Spencer endeavored to appeal, but could not find a single second, and the resolution was adopted.

Salyards Taken Ill.

CARLISLE, May 31.—Charles Salyards, the convicted murderer, was taken suddenly ill yesterday in his cell and a physician was hastily summoned. He diagnosed the cause of illness, pronouncing it diarrhœa. Salyards has dropped his violent exhibitions of temper and now promises some startling developments affecting his side of the case very soon. What they will be he refuses to state.

Seized for Smuggling.

SEATTLE, Wash., May 31.—The steamship Haytian Republic was seized here by customs officials. She was searched and only five pounds of opium found. Almost on Time.

In a country town not 20 miles from this, there used to be a bus driver who very often forgot his customers. A lady and her daughter anxious to connect with a train for New York gave strict injunctions for him to come for them in good season. He was leisurely stopping at the door and positively assured his passengers that he could easily get them there, but half a mile from the depot they were enraged to see the train go away without them. "Waal," said the driver, "I got ye most there, anyhow."—Springfield Homestead.

THE KIND THAT CURES

MRS. OLIVER CHERRIER, Malone, N. Y.

On Crutches 10 Years! EATING SORES THAT WOULD NOT HEAL! CURED! CURED!

DANA SARSAPARILLA CO.:

GENTLEMEN—I wish to testify to the efficacy of DANA'S SARSAPARILLA.

For several years I have been suffering from a **bad Blood Disorder** called by different names by the several Physicians who attended me, but which **baffled the skill** of them all. It eventually broke out in my **LEGS IN A FEARFUL WAY, EATING AWAY THE FLESH,** and leaving a **persistent running sore,** which nothing would heal. Also broke out in my **HEAD AS A FESTER SORE.** For months I was **confined to my bed** and have been **unable to walk** without crutches for **over ten years.**

Last Fall I purchased three bottles of

DANA'S SARSAPARILLA

of Davis Bros. It **helped** me from the **first.** I took it faithfully, and I can now **attend to my household duties** and **walk as well as ever.**

I am sure that my case is as near a **miracle** as anything that happens at the present day.

I am very sincerely yours,

Malone, N. Y. MRS. OLIVER CHERRIER.

GENTLEMEN—We endorse testimonial of Mrs. Cherrier, which is a strong endorsement of your valuable compound. We believe her statement to be **true in every respect.**

We are very respectfully yours,

Malone, N. Y. DAVIS BROS.
