**A Wonderful Machine.**  
There is no doubt that man is a fine mechanism, but like every other machine he wears out by friction. It is said that he is worn again every two or three years. His body is virtually re-made from food. To retard this making over is radically wrong, as a man loses so much vitality in the delayed process that it takes a long time to recuperate. The process of making anew is accelerated by purging with Broadbent's Pills that a new man, as it were, may be made in two or three months, and the change in the mechanism is such that the worn out part is replaced by the new without the usual running down of the entire machine. You don't have to stop for repairs. Purge away with Broadbent's Pills the old, diseased and worn out body. They are purely vegetable, absolutely harmless, and safe to take at any time.

**Our Post Office.**  
While the small local politicians and holders of any never backward sister borough, Shenandoah, are all busying themselves with the making of delegates to the next Democratic County Convention, arranging deals, fixing slates and fawning, demanding promises from prospective candidates, &c. &c., the solid, conservative and constant Democrat of that place, who care more for party than for spoils, are not idle, and their work, although done quietly, is such that it will gain the end desired and make it what it should and will be, the "Gibraltar" of Schuylkill county Democracy.

By mere accident we were made aware of the plans proposed, and we commit no breach of confidence in stating how it is going to be done. Now that the "Irish" are in it head and shoulders with the School Board, Council and police, the other elements of the party are to be taken care of and pacified as follows. The candidates slated for the honors and emoluments of the office of Postmaster is a "German," with two letter carriers of the same nationality, two Polish or Lithuanian and one American. To say that the appointment of a German as Postmaster is to satisfy the Germans does well enough, but there is something more than is seen on the surface in such appointment.

The present administration is noted for its wonderful remembrance of those who practiced treachery towards it in the memorable campaign of 1884, when the late James G. Blaine carried the county by a small majority. Such a direct slap in the face as that, a man with such less sensibilities than Grover Cleveland is not liable to soon forget. Hence for it follow Democrats of Shenandoah, there is going to be another "Kind" surprise sprung upon you, and in order to leave you down without that D—S—thud, permit us to ask you to extend your congratulations to your fellow townsman, Milton H. Master, next Postmaster of Shenandoah.

Survival of the fittest. Down's Elixir has outlived every other cough remedy simple because it is the best.

**Grand Display of FINE DRESS GOODS**

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

**.....In Wraps**  
We find the most stylish and the prevailing mode to be the Cape, in some of its variations, single, double or triple cases. Some are plain, others highly decorated, with fancy indecent braid, luther colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
