DELIGHTFUL TOURS.

A Summer Series to the North Via the Pennsylvania Railroad.

July 11th and 25th, August 8th and 22nd are the dates selected for this series of personally conducted tours to the North. Watkins Glen, Niagara Falls, Thousand Islands, Montreal, Au Sable Chasm, Lakes Champlain and George, and Saratoga are among the many attractive places to be visited.

The rate of \$30.00 applies from New York, Philadelphia, Baltimore, Washington, Harrisburg, and intermediate stations, and correspondingly low rates from other points. This rate includes every item of necessary expense during the entire time of fourteen days spent on the trip, and is remarkably low considering the large territory covered and the luxurious entertainment afforded at the different places.

For detailed information address George W. Boyd, Assistant General Passenger Agent, Philadelphia, or apply to nearest passenger or ticket agent, Pennsylvania Railroad Company.

Register Board, feeling aggrieved at certain statements that appeared in the above paper, has brought suit, and the indications are that the suit will develop interesting reading matter. We envy Bro. The suit is the result of a newspaper controversy between the editors of the Recorder and Courier and which caused the respective editors to indulge in some very rich and rare language.

AND SO IT GOES!

When our competitors find they cannot beat us with their machines then they try to beat us with their bragging. Pay no attention to them as they only seek to prove that they are jealous of us, knowing that we have the best sewing machine on the market. The highest quality, best action and makes one stitch more to every tread of the foot than any other. We do not have to sell the Singer or Domestic in order to sell the Standard. If you want a shuttle machine you can always find it at our store for half the price of any other equal to any. When once the people become acquainted with the rotary principle they will have no other. The rotaries are coming out as fast as they can and joining the rotary. They have got to come out some time, but do not let the late and your money all gone, but buy a Standard.

Grand Display of

FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

.....In Wraps

We find the most stylish and the prevailing mode to be the Cape, in some of its variations, single, double or triple capes. Some are plain, others very highly decorated, with fancy indecent blind, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
