BRIGHT PROSPECTS.

The political situation in this county, so far as the Republican party is concerned, is very bright. The demoralisation of business circles throughout the country, caused by the policy insugarated by the present Administration of Grover Claveland, augmented by the uncertain course of the Democratic majority in Congress on the silver question, will materially affect the result of the fall election in Schuyikill county. The responsibility for this apparent business depression the Democracy will have to assume.
