HARRISON IN NEW YORK.

The Ex-President on the Present Financial Emergency.
New York, June 30.—The President Harrison arrived in this city yesterday afternoon, accompanied by Mrs. McKee and her little son. His daughter left by the Fall River boat for Boston, and he went to the Fifth Avenue hotel, where he will remain during his stay in town. The ex-president said he would be in New York until Monday, when he leaves for Cape May, where he will spend July and August.
"And after that what will you do?"
"I shall return home early in September," he said. "I desire to be present at the national encampment of the Grand Army of the Republic."
He said that he would probably be in Indianapolis until the middle of February, when he is to go to the Leland Stanford university, where he gives a course of lectures on constitutional and international law. "I expect to devote part of my time at Cape May this summer to brightening up my knowledge of these legal subjects," said he.
"As for the passage of the Sherman silver law silver sold at 62, now it is at 64. How do you account for this shrinkage?"
"I would prefer not to discuss that subject now," he answered. "But everybody knows that the Sherman law was only an expedient. Sherman, Aldrich and many other Republicans recognized this fact, and the Sherman silver bill was passed in preference to something worse."
"It is very interesting," went on the ex-president, "to note the attitude of our Democratic friends at present. They are appealing to the Republicans to be patriotic—no appeal which we have seldom failed to respond to—but previous to the passage of the Sherman law, when the Republican administration was struggling with the financial question, the great aim of our Democratic friends was to 'put Harrison in the hole.' I don't say this to excuse Republicans from being patriotic now and helping out the present administration, but only to point a contrast."
"Do you expect the Sherman act to be repealed?"
"I don't care to speak about that. I don't know how well in hand the president may have his wild team which he is driving."
He thought a great deal more blame was laid at the door of the Sherman law than it deserved, but that its repeal might tend to restore public confidence, if only by wronging upon the imagination of the public. He expressed confidence in Governor McKinley's re-election, but refused to talk either upon the probable repeal of the McKinley law or the possibility of the anarchists by Governor Alton.

CHINESE DEFEATED.

A Hundred and Fifty Killed in a Battle with French Troops.
PARIS, June 24.—The Avron du Tonkin publishes the details of an engagement between the forces of the governor general, Lanessan. It says that 400 Chinese attacked the French post of Maing Ma during the absence of the main body of French troops. Lieutenant Perignon, commanding the remaining garrison, defended the post for two days, when his ammunition was exhausted, and the French were forced to evacuate the position.
The Chinese pressed their hand until the retreating garrison met a company of French sharpshooters, when the combined forces attacked and repulsed the Chinese after an hour's hard fighting, killing 150. The French had one killed and several wounded.

Morton, of Philadelphia, to be members of the state board of charities; W. Hayes Grier, to be superintendent of public printing and binding. Trustees of the Warren Hospital for the Insane: L. D. Wetmore, Warren; W. H. Chisdon, Hagerstown; B. Mason, Mercer. Commissioners for the promotion of uniformity of legislation: Ovid E. Johnson, of Philadelphia; Charles R. Buchanan, of Hagerstown; and Robert B. Manahan, of West Chester.
NORRISTOWN'S School Board Deadline.
NORRISTOWN, June 30.—Attorneys Holland and Debra presented a petition to court signed by a number of qualified citizens of Conshohocken, asking for a dissolution of the school board of that borough. The board has been practically deadlocked ever since the May meeting, June 3. One hundred and three ballots were taken by the court, but no decision was reached. The offices of secretary, treasurer and janitor still remain unfilled, except by the old holders. No tax rate has been fixed, no teachers selected and the business of the board is completely at a standstill. Judge Weand awarded a citation against the school directors, commanding them to appear and show cause why the court should not declare the seats vacant and appoint others in their stead.
"Crash" at a Sunday School Picnic.
CHAMBERSBURG, June 30.—The African Methodist Episcopal Sunday school, Winchester, Va., held a picnic at North Park, near here. Some of the exercises consisted in a game of "crash" which ended in a fight. Revolvers were drawn and promiscuous firing resulted, in which Joseph Hayes, of Martinsburg, W. Va., was seriously and so badly fatally injured, and William Proffers, of Winchester, painfully wounded. The former has four balls in his groin and the latter was shot twice in the leg. Both men are in jail with one or two others of the participants.

MONTREAL MEETING.

The Christian Endeavor Societies—Special Rates via Reading Railroad.
The great annual convocation of the Young People's Society of Christian Endeavor will be held in the picturesque and interesting city of Montreal, July 5th to 9th. It is estimated that 25,000 delegates will be in attendance from all America. For the benefit of members and other persons desiring to join in a delightful pilgrimage to the cool Canadian city, the Reading Railroad will sell special reduced rate excursion tickets from all the principal points upon the system of lines, good going July 4th, 5th, 6th, 7th, and good to return until and including July 31st. The favorite and "official" route is via Reading Railroad to New York, thence via West Shore, R. R. or Hudson River steam boats to Albany, and from the latter point through to Montreal over the Delaware & Hudson and Great Trunk Railways. The Pennsylvania delegation's special train will leave Market St. Station, Philadelphia, at 7 a. m. on the Fourth, running through to the Hudson river in the phenomenally quick time of 110 minutes. Excursion tickets will be good on this and all other trains of the line named. The low rates and the excellent opportunity of seeing such a great extent of beautiful country in the freshness of early summer will induce a large number of persons to take this trip. Information regarding rates and trains can be had at Reading Railroad ticket agencies everywhere.

THEIR FUTURES.

Plans of Hopes of the High School Graduates.
During a brief intermission behind the scenes of the theatre last evening a **REGALD** reporter gleaned the following facts regarding the aims of the High school graduates. Eight of the young ladies intend becoming school teachers and will make application for admission to the Bloomsburg State Normal School. They are Misses Maggie E. Palmer, Alice L. Lister, Hilda, Daisy Lee, Franka Scamlin, Mary Cunningham, Mary Beasler and Mary E. Whelan. Messrs. John E. Schelley and D. John Price aspire for the title of "law-homes." The former will probably enter the Jefferson Medical College at Philadelphia and Mr. Price will become a student at the Hahnemann College in the same city. Messrs. Harry S. Clauser and Guy D. Sterner intend to become civil engineers and will join a corps.

Coroner's Assesses.

Deputy Coroner Mackey and his jury have concluded the inquest in the case of Garrett North, the boy who was drowned in the dam at the north end of Main street. The jury rendered a verdict of accidental death and recommended that a high fence or some other means be provided for preventing boys from swimming in the dam. The deputy coroner will serve a notice to that effect on the water company.

The inquest in the case of Jacob Davis and William Griswold, who died from the effects of injuries sustained by an explosion of gas in Paeker No. 4 colliery on the 20th inst., will be held on Monday evening next.

AND SO IT GOES!
When our competitors find they cannot beat us with their degrading talk, they try to beat us with their degrading talk. Pay no attention to them as that only goes to prove that they are jealous of us, knowing that we have the best sewing machine on the market. The lightest running, less noise and most reliable sewing machine on the market is the Singer. We do not have to sell the Singer Domestic in order to sell the St. Andrew. If you want a suitable machine you can always find it at our office for thirty or thirty-five dollars equal to six or eight dollars. The Singer Sewing Machine Co. has the rotary principle they will have no other competitors as they are coming out as fast as they can and selling by the rotary. They have got to come out some time. Don't wait until it is too late and your money all one bit but buy a Standard.

Grand Display of
FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps
We find the most stylish and the prevailing mode to be the Cape. In some of its variations, some are plain, others very highly decorated, with fancy inset band, buttoned colors, or some full arrangement at the neck, so beautifully approved this season by the feminine fancy. To some, costs only are the correct garment. To those we would say costs are equally fashionable and stylish, as these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
