AND SO IT GOES!

When our competitors find they cannot beat us with their degrading talk, they try to beat us with their degrading talk. Pay no attention to them as that only goes to prove that they are jealous of us. We will have the best sewing machine on the market, the lightest running, less noise and makes one stitch more to every inch of the foot than any other. We do not have to sell the Singer or Domestic in order to sell the St. Andrew. If you want the best machine you can always get it at our office for thirty or thirty-five dollars equal to any. When one of the people become acquainted with the many principles they will have the right. The reciprocators are coming, out as fast as they can be made. They are the best. They are out some time. Don't wait until it is too late and your money all gone. But buy a Standard.
