LITTLE HOME-RULERS.

Watch Their Food Through July and August.

To Prevent Cholera Infantum and Keep Baby Strong

Lactated Food the Most Nourishing and Most Natural Diet.

A man's home is his golden milestone from which he measures every distance.

But however much he may lavish expense and skill, it will only be a home until the baby comes to make it into a home.

"Of course you love your babies," said one of the best physicians America ever had.

"Then watch them intelligently in June, July and August. Look out they do not drink milk exposed to contamination. There are many ways in which bacteria upon cow's milk can become a source of danger.

"If a baby in arms is not fed with absolutely healthy mother's milk, the best diet possible is, of course, lactated food. Sugar of milk is the basis of mother's milk, and it is the basis of lactated food. With it is combined

pure barley malt, the finest wheat gluten, and the nutritious elements of the oat. It is thoroughly cooked by high steam heat, and a predigested, nutritious food that fulfills every requirement of the growing child in the result.

"For an infant that has been weaned and is getting tooth, there is nothing nearly so good as lactated food. It is a better substitute of the much-to-be-dreaded cholera infantum than all the medicine ever discovered. You can get it at any drug store, and it is so inexpensive that every mother can afford it.

"By using lactated food you will avoid the real dangers of summer and free your mind from constant apprehension."

Any practicing physician will tell you that the lactated food is commended upon by his most eminent fellow-practitioners as the best substitute for pure mother's milk, and that it can be absolutely relied on for purity and freedom from any possible source of contamination.

You can rely on lactated food above everything else to carry the weaned baby through the trying days and nights of summer.

If the little one is inclined to be nervous and fretful in the summer heat, lactated food sustains the strength and wards off summer diarrhoea and prevents cholera infantum.

It saves babies' lives.

Here is the experience of the sweet baby boy whose portrait is given above. His mother, Mrs. W. H. P. Caron, who resides at 30 North First St., Meriden, Conn., writes:

"I take pleasure in sending you the picture of our little Walter. He was a very sick baby and would not nurse. We tried everything we could, but he never got well until a friend recommended lactated food to us. We gave it to him and he improved rapidly. This is his second summer and he is very happy, as he is cutting teeth, but in spite of that he is larger than a good many that are as old as he is. He is very bright and has a lovely complexion, and every body takes him for a girl. He will eat nothing but lactated food. I hope that I may have many chances to recommend it for I know of nothing else that deserves so much praise as lactated food."

PROPERTIES FOR SALE.
Shenandoah Offers Opportunities to Sellers of Investments.

The following enumerated properties are for sale and information concerning them may be had upon application at the HERALD office:

1.—A row of frame houses containing apartments for six families. Will net at least 15 per cent. on the price asked. Location in the heart of Shenandoah.

2.—A splendid factory, 30x300 feet in size, in the heart of Shenandoah, and including large building. Cheap.

3.—Lot and large building with railroad at front and rear, with or without a horse power engine, boiler and shafting. Splendid building for a factory.

4.—An elegant new house in Pottsville, complete in every detail, all conveniences, large and high rooms. Lot 60x170 feet. Large henry.

To Do July Day's.
The following Shenandoah citizens have been drawn as grand jurors for September term: John Clough, Daniel Brennan, Pettit Jurores for week commencing September 4th: Michael Mullahy, Henry J. Arngood, Charles Radziwiewz, James McElhenney, September 11th: Frank Brennan, Henry Sampsel, James Shields.

A mistake will often make a cripple for life. A bottle of Henry & Johnson's Arsanic and Oil Lintiment at hand, will not prevent the mistake, but used immediately it will save being a cripple.

Thirty Day's Notice.
All taxes for 1891 and 1892 must be paid within thirty days from date, or accounts will be put in the hands of Constables for collection.

JOHN F. HIGGINS,
Collector of Taxes,
Shenandoah, Pa., July 17, 1893. 7.19-1m

Switch-Board Railroad.
Trains leave Switch-Board depot, Mauch Chunk, Pa., daily, as follows: 6:40, 10:30, 11:30 a. m., 1:00, 2:30, 3:45, 5:30 p. m. Sundays, 1:00, 2:30 p. m. Returning, leave Switch-Board, 9:40, 11:00 a. m., 12:30, 1:30, 2:30, 3:30, 5:15 p. m. Switch-Board depot, 8:20, 4:00 p. m. Day 15, 1893.

PERSONAL.

Mrs. Harry Ackler was a county assessor visitor today.

Thomas Sanger returned to Shamokin this morning.

Arthur E. Shay, Esq., returned to Pottsville this morning.

County Superintendent Weiss was a visitor today yesterday.

John Lehnert left yesterday for Reading, where he will likely locate.

Joseph Scantlan, of Chicago, is spending a few weeks in town with friends.

Frank Kastr, of Ashland, combined business with pleasure here yesterday.

Miss Corinne and Lisa Tompest spent the day visiting friends at St. Clair.

Miss Hannah Hesse left town this morning for Centralia to attend the Rose-Loomis' nuptials.

Mrs. William Glenn, of East Coal street, accompanied by a lady friend, visited Hazleton today.

Councilman Kane's wife and Mrs. M. C. Watson left town yesterday to visit friends at Perth Amboy, N. J.

Mrs. Joseph Ball and daughter went to Mineville to-day to spend several days with the former's parents.

The Misses Burkhardt entertained a number of young people last evening on their own living in the evening.

Daniel Neiswander and wife were in at Ashland at the funeral of the late Sammie Tobias, at Shamokin, on Monday.

Senator Monaghan is moving his family from White street to the property recently purchased by him on West Cherry street.

J. H. Beck, of the local mail service, accompanied by his mother, attended the funeral of his sister's child at Deano this morning.

Miss Minnie Dipper, of Mahanoy City, who was one of the competitors in the HERALD's public school teachers' contest, is in Chicago attending the morning sessions of the Cook county summer school and sight seeing there during the day.

USE DANA'S SALT-SAFARI, ITS "THE KIND THAT CURES."

Poison.
Ground was broken Monday for the erection of residences on the property next to the Herby building recently purchased by Messrs. F. C. Rose and Charles Smith.

All the Union Coal Company's mines and about Mt. Carmel have been closed indefinitely and several thousand men are idle. The mines were closed to reduce expenses.

Married to-day.
Thomas J. Ross, eldest son of Superintendent Edward Ross, and Miss Mary Loan both of Gen. rail, were married this afternoon in the M. E. church at the above place. Rev. S. Milton Fox performed the ceremony. The young couple will leave this evening on an extended wedding tour, after which they will permanently locate in Centralia.

Reducing the Force.
On Monday fifteen motor men and conductors were suspended by the Pennsylvania Traction company. Only single men were laid off, and all are in for places in direct line as they may occur. The suspension was necessitated by the action of the company in adopting the fifteen hour system.

A Fraternal Visit.
District President S. L. Brown will install the newly-elected officers of W. Camp, No. 226 P. O. S. of A., at Ringtown this evening. He will be accompanied by William Zimmerman, Cal. Brown, R. H. Morgan and G. W. York, of town, and George Kaniner, of Gilberston.

Off for Atlantic City.
A party composed of Mrs. R. Oliver, Mr. David R. James, Mrs. William Marshall, Robert Leubart and Howard Burdick, of town; Mrs. Loomis and son, of Gilberston, will leave tomorrow for Atlantic City, where they will spend a week enjoying the sea breeze.

Will Resume Monday.
The improvements being made to the machinery at Mahanoy Plane will be completed to-morrow, but it is not probable that the shafts will be laid before next Monday, owing to the collieries working three-quarter time.

Kohlnoor Colliery idle.
Kohlnoor colliery was idle yesterday because of the breaking of the main drive shaft. The colliery resumed operations again to-day.

Given away.
For sixty days Koenig, the photographer, will give a 10x12 platinum picture with every dozen of his cabinet.

A HAUNTED PALACE.
Strange Sights Seen in the Swedish Royal Court.

The Stockholm correspondent of the Independent Beige tells this ghost story:

For a long time it has been no secret that spirits haunt the royal palace in Stockholm. Years ago the king became so thoroughly convinced of the presence of ghosts that he had the big wing most frequented by them torn down and rebuilt. But the ghosts did not disappear when the alteration was made, and very strange events occurred on the night of the reconstruction.

Some time ago the Danish crown prince and his wife, while visiting Stockholm court, lived in the haunted palace. On the first night there was an extraordinary manifestation. A chamberlain was lifted from his bed by invisible hands and was laid on a table at the end of a bedroom farthest from the bed. On the following morning Prince Johann asked him if he had heard the uproar in his room. On the evening of the same day Princess Louise was writing in a room brilliantly lighted. Suddenly a woman appeared and began extinguishing the lights. Princess Louise, who is celebrated for her courage, tried to lay hands on the woman, but the latter vanished as suddenly as she appeared. Prince Christian, the oldest son of the crown prince, wished late one afternoon to fetch something from a dimly-lighted room. He left his father and mother, only to return a few moments later empty handed, while screaming. He said that he had found the room filled with strange figures, which barred his way and made threatening gestures. The day before his departure the Danish crown prince was playing cards with Prince Gustav, turning white with fear, exclaimed that a giant was behind Prince Johann's chair, looking at his cards. Both princes sprang to their feet and the giant disappeared. Nobody in the Swedish royal family doubts the presence of the ghosts, but the subject of their appearance is tabooed at court.

SCHOOL AND CHURCH.

A friend of Westminster college has offered to it \$20,000 on condition of an equal sum being raised by the trustees.

The university of California will bestow the medal for prominence in scholarship on a woman. Miss Ellen Cromdale, of San Francisco, will win the honor for this year, after completing the course in letters and political science.

The Moravians in Georgia established the first orphan asylum in the American colonies about 1768, and Rev. George Whitefield laid the foundation stone of one ten miles from Savannah in 1740. In 1876 there were four hundred orphan asylums in the United States.

Monsignor Isa title conferred upon members of the papal household and church and also upon prelates, archbishops are messengers, but all messengers are not archbishops. In the case of an archbishop the title messignor is, as it were, a familiar form of address.

The directors of the United Presbyterian seminary at Allegheny, Pa., report that the invested endowment has increased during the year by \$18,500 and is now a little over \$71,000.

The young men's fund is about \$5,000. The income from the past year from all sources was a little over \$14,000.

The number of free-people churches in New York city will probably be increased by the addition of the Episcopal Church of the Ascension. Rev. Percy S. Grant, of Fall River, Mass., who has been called to the rectorship to succeed Dr. E. Winchester Donald, pastor of Trinity church, Boston, makes this a condition of his acceptance.

The publication of a work entitled "Yale Bibliographies" is the plan of one of the instructors of Yale university. It aims to furnish a reference to the investigations of all the officers of the university, and includes the titles of all the important publications of the professors, lecturers and lecturers in the university, together with those of ex-President Noah Porter.

The statistics of the Presbyterian church in England, presented recently show a membership of 99,971, an increase of 200. The number of congregations remains the same, 399. In the sabbath-schools there are 7,354 teachers and 78,532 scholars. Nearly one-fourth of the membership are engaged in active Christian work in the sabbath-school as district visitors, etc.

The legislature has passed the appropriations for Michigan university for 1893. They amount to \$182,300. Of this amount \$42,500 is for current expenses, \$75,000 for a new administration building and \$25,000 for an anatomical laboratory. The new law providing for funds by an increase of the mill tax from one-twentieth to one-sixth of a mill does not take effect until a year from now.

Probably the largest congregation in the United States is that of the church of the Most Precious Blood (Roman Catholic), in New York city. It was founded for Italy only a few years ago, and 25,000 of that nationality belong to its parish. The parish of St. Joseph, which is also an Italian church, has about 15,000 communicants and it is estimated that 7,800 attend mass every Sunday, there being six services.

The summaries of statistics of the congregational churches in this country, as compiled and issued last year, show 5,139 churches, with a total of 1,947,733 members, a gain of 16,628; benevolent contributions, \$2,951,892, an increase of \$295,075; home expenditures, \$7,198,992, an increase of \$346,985. The total additions to the churches have been 54,576, of which 31,592 were on confession. There have been 116,047 baptisms and 10,357 infant baptisms.

There are several passages in the Scriptures which convey the idea that some great secret—the details of some monstrous mystery—was communicated to the apostles by Jesus during the time that He was associated with them in the flesh. All the early "Christian Fathers," and a good many modern disciples of high standing, believe that the "secret" was made known to the apostles with the understanding that it was to be handed down to the heads of the church until the end of time.

A RICE TABLE IN JAVA.
It is the First Substantial Meal of the Day.

In Java, as in most really warm countries, it is customary to rise early and to take a cup of tea or coffee, together with a luscious and some fruit, immediately on leaving one's bed. This is followed by a more substantial breakfast but the first really serious meal is served at half-past twelve and is the equivalent of the French déjeuner in a formiculate and the Anglo-Indian tiffin.

This meal is called the table (yasted), from the principal dish—a very elaborate curry, in the preparation of which the Malay cooks are especially skillful.

The peculiarity of the rice table consists in the number and variety of dishes presented. From these dishes the guest has to select the materials which, together with the rice upon the soup plate before him, are to constitute his curry. It is also to be well known beforehand that one is not required to touch solely on curry, but that the rice table is succeeded by courses of ordinary luncheon dishes. In a case, therefore, of embarrassment it is to be avoided. There are two dangers to be avoided. In the first place it is quite possible, in spite of the number of the dishes presented singly, to say nothing of an occasional tray containing a separate buttiny in each of its nine compartments, to get no lunch at all. For nothing is easier than to say "No, thank you" to a succession of frivolous compounds (which is the one solid and palatable dish capable of sustaining an Englishman until dinner-time. The second danger is that of making up one's Curry "not wisely but too well" and leaving neither appetite nor capacity for the food that is to be eaten.

The other solid and palatable dish capable of sustaining an Englishman until dinner-time. The second danger is that of making up one's Curry "not wisely but too well" and leaving neither appetite nor capacity for the food that is to be eaten.

NUGGETS OF NEWS.

Emma Vaders, the actress, who became insane, is improving.

Thirty business buildings in London, Eng., were destroyed by fire, causing a loss of over \$5,000,000.

Secretary Lamont has passed what is known as the Wood House (next to Seneca for Brice's house) in Washington.

The interior department announces the death in Oklahoma of William M. Stone, ex-commissioner of the general land office.

Thomas N. Stuart, of Albany, has been appointed assistant secretary of the New York state board of health, at a salary of \$2,500.

The navy department has formally accepted the cruiser Detroit, and authorized the payment to the builders of reserved funds amounting to about \$215,000.

James Bradlee, who owns the entire beach front at Asbury Park, N. J., has posted a notice to the effect that negroes are requested not to occupy the Asbury avenue pavilion.

Reading Has No Smallpox Hospital.

CAMBRIDGE, July 19.—The board of health of this city is without funds to fight smallpox, which has again broken out in this city, and it is also without a hospital twenty-four cases of the disease were reported during the past week. The board of health has applied to court for a mandamus to compel council to make an appropriation so that the disease may be prevented from spreading and be finally suppressed.

Cumberland Sabbath School Assembly.

CAMBRIDGE, July 19.—The ninth annual session of the Cumberland Valley Sabbath School assembly commenced at Williams Grove last evening, to last ten days. W. D. Means, of Middle Spring, president of the assembly, delivered the address of welcome, after which short speeches were made by a number of active workers in the cause.

Three State Postmasters.

WASHINGTON, July 19.—Only three-fourth class Pennsylvania postmasters were appointed yesterday. They were as follows: Lillian E. Smith, Kramer, Snyder county; E. R. Hoopler, Summit Station, Saltsville county; Y. H. F. Hylle, Borden.

State Educational Map of the Fair.

HARRISBURG, July 18.—The big map showing the educational institutions of the state was finished and shipped from the department of internal affairs to the World's fair this week. It is 14 by 8 ft. in size and contains 112 square feet of canvas.

Death of a Prominent Confederate.

MOVINGWATER, Ala., July 18.—General James T. Hoptwell died yesterday afternoon, aged 69 years. He was a brigadier general in the Confederate army, presidential elector for Illinois in 1876 and for Cleveland in 1888. In February last he was appointed one of the railroad commissioners for the state.

A Child's Fatal Fall.

BRIDGETON, N. J., July 18.—A 3-year-old child of Hermann Young, living near this city, fell off a load of hay and was killed.

CURE THAT COUGHS WITH SHILOH'S CURE
