The Sudden Downfall of Charles W. Depauw.

lars Three Months Ago Is Today Comparatively Penniless Through the Collapse of His Business Enterprises.

LOUISVILLE, Ky, July 24—Charles W. Depauw and the New Albany Rail Mill company, of New Albany, made an assignment for the benefit of their creditors. The cause leading to the failure was the assignment of the Premier Steel works in Indianapolis several months ago, of which Charles W. Depauw held 6,450 shares. The Charles W. Depauw held 5,400 shares. The assignment Liebudes Mr. Depauw's residence in Orange county, an undivided one-fourth of all his property in Floyd county, the mill and American foundry, with all machinery, boilers, englises, fixtures, etc., and an interest in Colorado lands. He also assigns all his personal property in stocks, bonds, etc., in trust for the benefit of all bona fide creditors.

the benefit of all bona fide creditors.

The New Albany rail mill assignment includes all of Mr. Depauw's New Albany property and real estate in Madison county, including lots in the Star Land company's first addition to the city of Alexandria. The Union Trust company, of Indianapolis is made assignment, or Indianapolis, is made assignee in each deed. The assets are valued at over \$1,000,000 and the liabilities are not stated. Mr. Depauw's individual assignment is a sweeping one, and the man who was worth \$1,000,000 three months ago is now practically penntiess. The debts for which Mr. Depauw became liable for the New Alliany rail mills and the Premier steel works amounted to about \$800,000. Of these over \$500,000 worth are indorsements for the Premier steel works and the re-mainder for the New Albany rail mill. The value of these two plants and stocks on hand in ordinary times might be placed at \$2,000,000.

INDIANAPOLIS, July 24 - Charles W. Depanw's assignment was not unexpected here. In fact, it was looked for a week ago, at the time of the \$1,000,000 failure of the Premier Steel works. This is by all odds the largest and farthest reaching failure in Indiana for years. Mr. Depauw has \$30,000 stock in the Bank of Commune here, but the cashier said last night be tild not anticipate frombia. The name merce here, but the cashier said last night he did not anticipate trouble. The name Depauw has been a synonym for almost unlimited wealth, the riches accumulated by Washington C. Depauw being esti-mated at something like \$10,000,000. Of this estate Charles W. received a one-fourth interest, which has not yet been divided. The failure will be a severe blow to the Methodist institutions in Indiana, which were fostered by Washington C. Depanw. The Union Trust company, of this city, as assignee, has been deeded properly ordinarily valued at \$1,800,000 for liabilities which are estimated at \$800,000.

A NARROW ESCAPE

How it Happened.

How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which mutered almost tnessanily. I had no appetite and could not sleep. I would be compelled to all up in bed and held gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a poom without sitting down and resting; but, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Refore using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was both discouraged and disgusted. My husband lought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sheep well. I weighed Ex pounds when I began training the remedy, and now I weigh 1904. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any benefit I ever revolved from physicians.—Mrs. Harry Star. Pottsville, Pa., October II, 192.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all druggats, or by the Ur Miles Medical Co., Elikart, Ind., on receipt of price, El per bottle, six bottles & capress prepaid. This great discovery by an eminent specialist in beart disease, contains neither oplates nor dangerous drugs.

Terrible Work of a Mob in the Metropolis of Tennessee.

THE EXECUTION OF A NEGRO FIEND.

The Victim Lacerated with Knives. Stripped of His Clothes and Hanged to a Telegraph Pole, and His Body Afterward Reduced to Ashes.

Maximus, Tean., July 23.—The juil of Shelby county, within the city limits, was broken into by several hundred men at midnight and Lee Walker, a repulsive midnight and Lee Walker, a repulsive black youth, aged 10 years, was taken out and strong up to a telegraph pole near the bank of Wolf river and a few hundred yards from the jall. Atterwards his body was cremated in the yard of a lumber firm near by. The negro was a native of north Mississippi and his calendar of crimes is among the blackest in history. Within the past week he has made four attempts to commit rape, two being sueattempts to commit raps, two being suc-cessful one victim being a small colored girl, 14 years old, who was badly lacer-ated, and the other a married woman of

Last Tuesday, fifteen miles east of this city, he dragged Miss Mollie McCadden from her horse on the public highway and clothing. An alarm was spread, and posses of armed citizens chased the negro across the country for more than thirty miles. He was finally captured at the house of his mother, seven miles from New Albany, Miss., and placed in jail, where he remained until the mob book him out for execution. He made a full confession of his bestial crimes, and had only been our of jail a few weeks, where he was sen-

tenced for rape, committed in the vicinity of his parents' home. Walker said he acted as he did because he could not help it. His parents corrob-orate his plea of uncontrolable impulse, and say that since he was to years old he

has assaulted twenty or thirty women.
Wild disorder reigned about the jail as the mob gathered to wreak vengeunce. The gates of the south wall of the massiv structure were forced with a bar of rail-way iron used as a battering ram on the shoulders of men, and after several attempts equads of men crowded within the Sheriff McLendon was struck over the

head with a chair within the juil door as he tried to keep the mob out of the door. He was carried upstairs, placed in bed and received surgical attention. None of the mob were masked, and seemed to be mainly bar was, after several attempts, gotter inside of the jail and the two iron doors were battered down, occupying half an hour before they reached the cell where the victim was. The man was taken out, all the doors being thrown open, but m

other prisoners were interfered with.

The man's dothing was torn from his body as he moved with the mob to Williams' lumber yard, 200 yards north of the jail, where he was strung upto a telegraph pole. He was naked, a lighted gas lamp near by making him plainly visible to the near by making him plainly visible to the throng. He was hererated with knives and his throat was cut before being finally hanged. His hands not having been tied, he clutched at the rope when raised off his feet. The sight was a glassity one. He was a powerful build, his head towering above those of the mob who surrounded him.

One of the sight was a grant one. The physician and successful to the sight was a powerful build, his head towering above those of the mob who surrounded him.

One of the lynchers stumbled and fell while the victim was being carried to the telegraph pole, and the crowd trampled on him, breaking his jaw and probably injurbadly hurt. He seems to have concassion
