## MAHANAY PLANE.

The M. E. Sunday school of this place will hold their annual picnic at Lakeside August 8th. The fare for the round trip will be 25 cents. Everyone is respectfully invited.

Tax Collector Tierney expects to receive the tax duplicate for 1893 next week.

A joint meeting of the School Board and teachers of the borough was held at Matzeville, Wednesday evening, in order to adopt the text books which shall be used in our schools for the next three years. Every member of the Board was present and but two teachers absented themselves. After the signing of contracts for the ensuing term, the consideration of text books was next proceeded with, and in their adoption, the Board clearly demonstrated that they adhered strictly to the suggestions offered by a majority of the teachers. But few changes have been made. Lyte's grammar has been displaced by Cookings, and Steele's physiology substituted for Francy's. Baul's spelling is retained though Harrington's has been introduced. On the whole the selections made are wise ones as the following list will show: Appleton's readers; Harrington's and Baul's spellers; Barnes' arithmetic; Steele's physiology and Johnson's "How We Live"; Cookings' grammar and language.

M. D. Malone, of Shenandoah, who went so close to being appointed Deputy Internal Collector, but missed it, was in town on Wednesday.

The mysterious "cloak man" who terrified people who were compelled to travel through the culvert at night at Frackville some years ago, has again made his appearance. On Tuesday evening last one of our young men, while returning from a visit to Frackville between 10 and 11 o'clock, was chased a considerable distance down the road by some object concealed by a great black cloak which completely covered it from head to foot. The object, whatever it was, has been shot at several times but seems to escape unhurt. The young man spoken of above is no coward, but he got such a fright he is shaking yet.

Miss Katie Mahoney, of Gilberton, visited friends in town this week.

M. E. Manley and daughter, Mame, came home on Thursday after a two weeks' visit to friends in Hazleton, Pittston and Wilkes-Barre.

Tax Collector Matthew Farrell made settlement with Council and School Board on Monday last. Some time ago when public attention was directed to the arrangements in Mr. Farrell's accounts, he was spoken of as a defaulter. Those who knew him, however, were aware that the accounts would be squared, as they have been, as soon as he was able to make the settlement.

**FRACKVILLE**  
Our genial druggist, Will Davis, now smiles so blandly that he can hardly find time to wait on his customers. A bouncing little daughter arrived on Monday afternoon.

On Monday evening the residence of Master Mechanic Stewart was the scene of a very pleasant surprise party, tendered by his oldest daughter, Miss Maggie. The young lady, who is one of Frackville's most popular daughters, received many useful presents and the numerous guests enjoyed a delightful evening.

Mrs. Hatch, of Tremont, was the guest of Mrs. Charles Wasser during the week.

Harry Spidel, ex-leader of the Meredith Band, has secured work on the plane and will move his family from Reading this week.

Contractor O'Neill, of Port Carbon, has thrown up his contract for the erection of the school building on Railroad avenue and, as a result, it is feared the new school cannot be erected in time for next term. The trouble is the result of a refusal of the School Board to honor an order for \$1200 drawn by Architect Hill, for the payment of the mason work. The Board claims the work was not done according to specifications, and refused to pay for it until the work conformed to the "plans and specifications."

Miss Sue Haupt and Miss L. Beard are at Mt. Gretna attending Chataqua circles.

Andrew Haupt, of Northumberland county, is visiting his mother, Mrs. Lydia Haupt, of The Farm.

The Friday afternoon half-holiday in our stores is bringing to light a great deal of what had been latent base ball abilities. Every Friday afternoon the merchants, clerks and their friends hit themselves to the base ball

field and show the natives what they can do. Last Friday afternoon the game was witnessed by a large crowd who fully appreciated the endeavors of the players.

The Misses Shaeffer, of Shenandoah, were the guests of Mrs. R. Morgan during the week.

Ashland and Fountain Springs, under the latter title, sent an immense base ball aggregation to this town this week to do up the young lads of town. With Brill and Jones, the Ashland battery, and four more athletic looking men wearing the Ashland uniform it certainly looked like a walk over for the visitors and the large audience present were there simply for the purpose of seeing how Ashland's players play ball.

Bobbs and Beldow were the battery for the Frackville lads, the latter a scientific twirler of sixteen summers. Well, the Frackville people were very agreeably surprised, the same team fairly sweeping up the ground with the Ashland aggregation to the tune of 34 to 12. Our boys, outfitted, outfitted and every way showed that they were a couple of pegs too high for the visitors. Rhodes and Beldow can play ball with the best in Schuylkill county. Brill took his defeat good naturedly and speaks very encouragingly of the Frackville boys play.

Miss Conaghan, of Wilkes Barre, and Miss Mulvey, of Scranton, were the guests of Mr. Conaghan, of Railroad street, during the week.

The Episcopal Sunday school will picnic on Wednesday in the grove, Head of Girard.

Master Edward Stewart, the young hopeful of Master Merriam Stewart's family, is winning a reputation as a langloist. On Monday evening Master Eddis entertained the large company present with a couple of solos, and the excellent style in which they were rendered won from all present a hearty encore. The remarkable talent this little boy of nine displays is interesting musical circles in this vicinity.

A very pleasant family picnic was held at Will Haupt's grove on Friday. Among those present being Harry Evans and wife, of town; Capt. Clay Evans and wife, of St. Clair; Fred Shisler and family, Ben Zimmerman and family, J. Hodgson and family and Chester relatives, of Pottsville; and George Folmer and family, of Orwigburg.

John Mahoney, a Manhattan elevated railroad lightning slinger, was the guest of John Lawler on Thursday.

Charles Wagner, our popular butcher, attended the Helms obsequies at Schuylkill Haven on Thursday.

Miss Lizzie Purcell, of Tioga, and Miss S. Nash, of Australia, are the guests of Mr. and Mrs. John Lawler, of Ballist street.

Miss Lizzie Finkus returned home this week after a pleasant visit to relatives at Mt. Hope.

The Misses Beldow, of Minersville, are the guests of the Misses Stuart, of Lehigh avenue.

Harvey Owens, of Philadelphia, is the guest of Charles Hartwig.

**GILBERTON.**  
George Boner is all smiles because it is a boy. Mother and child are improving well. Colliery employes heretofore were disappointed Tuesday in not receiving their hard earned checks, but were gladdened Thursday.

Mr. Joseph Loomis returned home from Atlantic City, where he enjoyed a few days. The P. & O. block formerly occupied by John T. Harris and John J. Pearce, is undergoing repairs. It was considerably damaged by fire during the winter.

Our streets are well kept, thanks to the good Supervisor. Mr. Collins does his work well.

Keystone club and a picked nine, both in the town, played a game at the picnic at the Junction for one dollar and a fine ball. Game ended as follows: Keystone, 18 runs; P. N., 11 runs. Withers done very good playing.

Miss Carrie Turi and Carrie Travostham have gone for a two weeks' visit to Shamokin. Margaret Ann Bower returned from a pleasant week's trip to Philadelphia.

The school house has received a much needed coat of paint. Steam heat has also been added.

Cornelius Leahy, of Mahanoy City, formerly assistant foreman at Cole's colliery, will on Monday assume full charge at Gilberton colliery, succeeding John T. Davis.

**MAIZEVILLE.**  
School vacation will soon be ended and the street urchins will be corralled for another term.

Mrs. James Leahy was at Mahanoy City Wednesday and Thursday.

Mr. and Mrs. James King, of Shenandoah, spent Monday with the former's parents at this place.

Patrick Horan, who had been suffering a severe spell of sick-ness, is out again, feeling a little weak yet.

John O'Brien, of Allentown, spent Saturday and Sunday the guest of Miss Mary Ann Horan.

We are all pleased to see Joseph Donahue home from the hospital. His ankle is still tender and will be for some time.

## SPEDDY SETTLEMENT!

The Siamese Government Accepts France's Terms.

## GREAT BRITAIN NEUTRAL

The Vindictive of Siam to the Ultimatum of the French Government Clears Away the War Cloud That Hung Over All European Nations.

Special to EVENING HERALD.

BANOKUK, July 29, Noon.  
HE war cloud that has hung threateningly over all Europe has been cleared away by the action of the Siamese government in accepting in full the ultimatum of the French government. The little kingdom was given forty-eight hours in which to accept or reject the demands made upon her.

The ultimatum declared that if Siam failed to agree to the demands in the time specified the French fleet would blockade the Monam river, upon which the Siamese capital is located. The French are already in possession of the Lower Mekong river, and the acceptance of the French demands by Siam makes that river almost entirely French.

The possessions of France now border on what is practically British territory. A. P. A.

LONDON, July 29.—The Times correspondent in Singapore telegraphs: "The blockade of the Siamese coast has reduced to idleness the numerous steamers of the Straits settlements. The piece goods trade is dormant and rice is rising." All special correspondents of London dailies agree that the outlook is more peaceful. Paris correspondents predict a speedy settlement of the dispute.

The Bangkok correspondent of The Times telegraphs: "The prompt enforcement of the blockade, which virtually damages only Great Britain, has seemingly convinced the Siamese that the assumed friendly attempt at intervention by Great Britain in Paris has not availed to modify the hard conditions of the ultimatum. Siam therefore will probably concede immediately the last difference remaining between her and France by accepting the ultimatum, pure and simple. Siam has not received the slightest official support from Great Britain throughout the difficulty."

The Paris Temps comments favorably on Lord Rosebery's declaration in the house of lords Thursday as to Great Britain's attitude towards Siam. His utterances are interpreted as indicating a British policy of non-intervention. The Sole expresser fear that M. Develle is abandoning his former attitude toward Siam, and is yielding to pressure from London.

BANOKUK, July 29.—The Siamese government continues making every effort to maintain peace with France, and is encouraged by the events of the last twenty-four hours to believe that an understanding will be reached shortly. The French flag has been hoisted on the Kon-Si-Chang, immediately the last difference remaining between her and France by accepting the ultimatum, pure and simple. Siam has not received the slightest official support from Great Britain throughout the difficulty."

**HEAVY STORM IN COLORADO.**  
PUEBLO, Colo., July 29.—A series of frightful storms has succeeded a prolonged drought in this valley. A tremendous rain swept around to the south of this city last evening, from which reports of damage are expected. There has been no loss of life by the storm excepting an engineer and fireman whose train fell through a bridge on the Union Pacific railway.

**THE ENGLISH OAT MINERS STRIKE.**  
LONDON, July 29.—In accordance with the decision of the Miners' Federation the great strike of the English oat miners was inaugurated at a majority of the pits. No disorder of any kind has been reported from anywhere. Something like 850,000 men are directly affected by the strike, which grew out of a proposal of the mine owners to reduce wages 25 per cent.

**ANOTHER SOUTHERN LYNCHING.**  
BIRMINGHAM, Ala., July 29.—A negro named T. Harper was lynched by a mob held Calera at noon for attempting a criminal assault on Section Foreman Ed. Moore, of Shelton county, and strung up to the nearest limb.

**SHIPPING ARMS TO HAWAII.**  
SAN FRANCISCO, July 29.—The Call says that the last month arms have been shipped to Hawaii, and the belief is that an attempt is being made to place the natives in a position to effect a successful counter revolution against the provisional government.

## THE ELECTRIC RAILWAY.

Girardville People Smart Under the Company's New Schedule.

The people of Girardville, especially the business men, complain bitterly of the present regulations of the Schuylkill Traction Company, and say that it will not be long before the management will see that it has made a serious error. One prominent gentleman stated yesterday that at about 8:30 o'clock last Wednesday night over forty passengers from Mahanoy City had to wait nearly an hour and a half for a car to take them to Shenandoah, on account of the orders that certain cars must be in the power house by 8 p. m.

Last Sunday evening a number of passengers arrived at the power house from Ashland and under the 8 o'clock rule the car was run into the house. The passengers were obliged to wait until another car was run down to the Richards street terminus and back before they could continue their journey to Shenandoah.

A more serious charge, based upon the irregular running of the cars, is that one morning this week fifteen miners, who depended upon the road to get to their work, arrived too late, and they were then obliged to return home with the loss of a day. This has had a bad effect on the company, and now many miners who had become patrons of the road travel over the Lehigh Valley. This is especially true in regard to the miners residing at Ashland.

To give publicity to all complaints the people of Girardville have made would fill many columns. They say that the affairs are in such an unsatisfactory condition that some of the people in chief authority must be ignorant of the true state. No hotel man in the town can inform a customer when a car will leave for or arrive from any point east or west. The cars sometimes run as late as 1 a. m. and sometimes the last car passes through the town as early as 10:30 p. m.

Those people also claim that no town through which the line passes has been more liberal to the Traction Company than Girardville has (with the exception of one time when there was a misunderstanding among the Councilmen), and yet that place seems to be a victim of discrimination. They feel that they are victims because people must pay ten cents to travel from Girardville to Gilberton and Mahanoy City. In their opinion Girardville should be the dividing line between Mahanoy City and Ashland, and fare east and west from that line should be five cents.

One prominent Girardville gentleman has propounded this question, "Why is it necessary to have a bus traveling up and down on a 'disky' car, and under what theory of reason does the company uphold the re-instatement of a man who has been discharged by a boss as an incompetent workman?"

It is claimed that the fifteen hour shifts are beginning to tell on the motor men and conductors and it will be only a question of a short time when they will break down under the strain. Some men hardly get four or five hours sleep out of twenty four.

Apprise of the wage workers, in a recent issue of the HERALD it was stated, complaint had been made that in its recent policy of re-employment the Schuylkill Traction Company had allowed construction gangs to remain overworked with bosses, while a great reduction had been made in the force of motor men and conductors, to the inconvenience of the traveling public, and that seven bosses had charge of a gang of twenty men.

Mr. Amour, who is one of the construction foremen, said the report was without foundation. He says the Traction Company has only five foremen, all told. Amour has charge of the Shenandoah and Girardville branches, and Lally, Muller, Sweeney and Weldon are on the Gilberton side. Amour has sixteen men under him, eleven on the road and five running a construction car; while each of the other bosses have from five to six men under them.

## A TIMELY CAPTURE.

Illegal Car Riding Recalls a Burglary.

## ARREST AFTER MONTHS.

Patrick Dugan, Who Robbed L. A. Reilly and Company's Store in Centralia Last Spring, Falls Unexpectedly Into the Hands of the Police.

**OLICEMEN** Geiger and Bolen, of the Coal & Iron force, made an important capture at the Lehigh Valley depot yesterday afternoon. As an east-bound freight train drew up to the station Geiger pulled a boy off one of the cars and Bolen went hopping over to the roof of the other cars to almost the rear end, when he laid his hands on a second illegal rider.

The first one arrested was a boy about 15 years of age, and said his name was Daniel Boran, and that he resided at 301 South Jardin street, this town, with his father, Peter Boran.

The other prisoner did not make any statement, save that he was anxious to go to the Pottsville jail. It was subsequently discovered that his anxiety was due to a fear of the Centralia authorities. The prisoner was identified as Patrick Dugan, aged 22 years, and residing at Centralia. He was wanted at that place for burglary.

About four months ago the general store of L. A. Reilly & Co., at Centralia, was robbed one night of a large quantity of boots and shoes. The robbery was traced to Dugan and a small boy he had used as a tool. The boy was arrested and sent to jail, but Dugan was allowed to keep on hiding until yesterday.

Geiger and Bolen turned Boran over to C. & I. Policeman Krieger, who started on the next passenger train for Centralia with Dugan.

When before Justice Monaghan yesterday afternoon Boran was charged with illegal car riding. He said he jumped upon the train in the southern part of town upon invitation of Dugan, whom he had known at Centralia about four years ago. Dugan told Boran he had been to Centralia and was "bumbling" his way to Philadelphia. Boran said he intended to get off the train at the Lehigh depot and did not intend to accompany Dugan to Philadelphia, nor had he been in any way connected with him in any of his doings.

Justice Monaghan committed Boran to the Pottsville jail for ten days in default of five dollars fine and costs.

**Farwell Party.**  
On Wednesday evening the many young friends of Miss Dora Willman tendered that young lady a farewell party at the residence of her sister, Mrs. Henry Stansel, on South Jardin street. Miss Willman will shortly leave for Philadelphia. A very enjoyable time was had by those present, among whom were the following: Misses Maggie Miller, Maggie Williams, Carrie Frost, Mary Milchapp, Hannah Davis, Lizzie Siddall, Helen Price, Annie Pratt, Emily James, of town; Mary Millington, Port Carbon; Mary Havies, Ashland; Maess, Jesse Thomas, Oscar Bolich, Edward Reese, Elmer Hooks, Robert Lockie, Harry Smith, Harry Catlers, William James, Samuel Swartz, Benjamin Marshall, Thomas Mitchell, John Hildenbrand.

A mistep will often make a cripple for life. A bottle of Henry & Johnson's Arnica and Oil Liniment at hand, will prevent the mishap, but used immediately it will save being a cripple. In

**Services Not Needed.**  
The fire department was called out last evening by an alarm sounded from box 16, located at the corner of Bowers and Centre streets. A lamp in John Rogers' grocery, on the latter street, had fallen to the floor by reason of the piece of rope which held it suspended from the ceiling catching fire, there being no protector above the blaze of the lamp. The services of the department were not required.
