Superintendent Whitaker said that no change could be made in the regular text books of the schools this year, as the books now in use bad only been adopted two years igo and under the law changes can be made alyevery three years. He thought some book on civil government teaching local govrnment should be adopted.

Among the teachers who took part in the iscuration were James R. Lewis, Mary A. Connelly, Elia A. Clauser, Carrie Smith, Jane T. Lambert, Michael H. Britt, Amelia C. Schoener, Nellie Baird, J. W. Burke, Corinne Tempest and M. F. Conry.

The committee on Text Books and Supplies held a meeting in the superintendent's office, on the above date, and decided upon the following recommendations to the Board First. In view of the fact that the new Free Text Book Law makes it the duty of the secretaries of School Beards to take charge of and account for all text beaks and supplies used in their districts, we recognize the necessity of providing for the large amount of additional labor which is entailed upon our secretary. After giving the matter our careful consideration we find no other or better plan than that of having our secretary give his entire time and attention to his duties as 8 Secretary and Librarian.
