Luxurious Traveling. The climar of comfortable and luxurious traveling is apparently reached by the Chicago, Milwaukos and St. Paul Railway. Ease and comfort go with the traveler making a trip from Chicago to St. Paul, Minneapolis, Omaha or Sloux City over this road. Their saperb electric-lighted vostibuiled trains leaving Chiengo for these points early every evening are great favorites, nothing being left undone by the officials or employes to ensure a most enjoyable trip. Excellent dining service is maintained and buffet library cars are attached to the train, where current periodicals may be perused while smoking a clgar with all the pleasure of one's own "den" at home. Electric lights placed in every berth enables the food until their children are old enough t traveler to spend his wakeful hours, after retiring, over his favorite novel or other reading matter. Private compariment cars are run between Chicago, St. Pant and Min neapolis. In fact, everything that goes to ensure comfort and security is provided. Grand Display of

FINE DRESS GOODS

RESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete-china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps the prevailing mode to be the We find the most stylish and Cape, in some of its variations, single, double or triple capes. Some are plain, others very highly decorated, with fancy indescent braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say costs are equally fashionable and stylish, many of these having capes also attached-sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
