LOOKING TO CONGRESS.

The Business of the Nation Needs Legislative Relief.

THE NEEDLESS CURRENCY FAMINE.

It Is Caused by the Unpatriotic Attitude of Those Who Have Withdrawn Millions from the Banks for the Purposs of Hourding It.

NEW YORK, Aug. 19.-R. G. Dun & Co.'s Rew York, Aug. 12.—R. C. Dun & Co. a meekly review of trade says: The long de-stred meeting of congress, a president's message which fully answered expecta-tions, and the arrival of \$18,280,000 gold. from Europe, with \$10,000,000 more on the way, have not brought the improvement many anticipated. Stocks are stronger, but fallures continue, and the closing of industrial establishments; itle hands multiply and silent shops, and the disorgan-ization of domestic exchanges is even greater than a week ago. Yet there is a more hopeful spirit, though the nation looks to Washington with some impatience then the senate seems disposed to rival

the mills in working short time.

While statesman consider, merchants and bankers and unemployed thousands anxiously walt, knowing that the wrecks of each passing week make the task of recovery more difficult. There has been no startling crash, but the formal failures of banks, including one in this city and several in Nashvills, number 34, while refusals to pay, except through a clearing house or with limitations, are becoming more cornton. The commercial disasters, 3% in number, include such names as R. H. Coleman, the "Iron King;" J. H. Walker & Co., of Chicago, in dry goods, and H. L. Hotchiches, in stocks. Whatever called converges has been as to the convergence of the conv

rellef congress has power to give may be less fruitful for good if long deferred.

The machinery of exchanges has almost stopped. When \$50 per \$1,000 is paid for New York exchanges at Chicago, and \$15 or \$20 at other western cities, settlements between the east and the west, which or-dinarily amount to \$3,200,000,000 in a year, become extremely difficult. Even the New York Central could not get currency here on checks of the Boston and Albany, and was obliged to send to Boston for the

oney.

The rost of the trouble is that according to reports of July 12 to the comparel-lar \$131,000,000 of deposits have been with-frawn in two months from part of the national banks, and probably \$177,000,000 from all, besides unknown sums from savings, state and private banks, and the withdrawal and hoarding must have been relatively even greater. The gov-ornment is printing \$1,250,000 bank notes daily, the clearing house has issued \$5,000,-200 more certificates and the hope is that confidence may be revived and hoardings inlocked.

The arrest of industry goes so far that a

hird of the iron production ceased in the month of July, and the consumption of rou in manufacture diminished 46 per cent from May I to July I. Not even this shrinkage stimulates demand enough to support prices, which remain the lowest on record.

If only confidence in the future could be restored the monetary troubles might soon be relieved. But at present want of mash, it is said, accounts for the retarded movement of wheat from farms to western markets, and exports have not met exper

sations of late, so that prices of grain have somewhat declined.

Fallures during the week number 304 in the United States against 160 fast year. and 25 in Canada, against 100 that year, and 25 in Canada, against 20 for the same week last year. The number for the past week shows a decrease from the previous week of 40. The west still contributes the largest number, 191, for the past week, against 257 for the previous week. In the east there were 140, and the south 54.

Launch of the Minneapolis. PHILADELPHIA, Aug. 12.—The launch of the new commerce destroyer Minneapolis at Cramp's shippard today was an affair ome ceremony. A special train brought distinguished party from Washington to witness the launch. It included Vice President Stevenson, Secretary Herbert, emater and Mrs. Mandetsen, Senater and irs. Cockrell, Senator and Mrs. Stockdisk, Courteil, Senator and arts, Stock-pridge, Chief Naval Constructor Philip Hichborn, Congressmen McAleer, Bruck-laridge, Livingston, Meyer and Cogges-well and Senator and Mrs. Washburn, whose daughter christened the vessel.

Wreek on the Reading Road. CARLISLE, Pa., Aug. 12.—A freight wreck occurred on the Philadelphia and Reading callroad at Barnitz station. A work train ran into the rear of a west bound freight, and a moment later a passenger train ran into the rear of a work train. A number of the cars of the work train were broken to pieces. John Ray, conductor of the treight train, and several other employes were injured.

Suit for False Imprisonment. Easten, Pa., Aug. 12.—A few days ago A. F. Riiey, of Telford, Bucks county, was arrested at Tatamy, this county, on suspicion of being one C. B. Curtis, a horse thief, wanted in New York state. He spent a day and night in Easten fall, and was then released, his identity being established. He has brought suit for damages against those concerned in his arrest.

Verment Mills Closing Down. Nonth Adams, Mass., Aug. 12.—The Arnold print works and the Beaver and Eclipse mills, of this town, the Williams town manufacturing company, in Will-iamstown, and the North Pownal manu-facturing company at North Pownal, Vt., will shut down indefinitely tonight. More than 2,000 employes are affected.

Voorbree' New Position. PHILADELPHIA, Aug. 12.-Mr. Theodore N. Voorhees has been appointed acting general manager of the Lehigh Valley Bailroad company. Mr. Voorhees is now vice president of the Reading railroad company, which position he will continue Carlinic Shoemakers on Strike.

CARLIELE, Pa., Aug. 12.—About fifty nen connected with the Carlisle shoe factory, owing to a reduction of 10 per cenges, refused to work under the new scale and left the works. Car Shops Closed Indefinitely.

Tons River, N. J., Ang. 12 - The New Jersey Southern railroad car and machine hops at Manchester, employing from 200

Iron Mines Close Down Belleroste, Pa., Aug. 12.—The Valen-tine from company closed down all their mines for an indefinite period. This action throws over 300 men out of employment.

Referred to Him. It was an awfully mean thing for her to say, but nevertheless when Chollie had observed that he wondered how it felt to be a donkey she replied:
"Why, Mr. Sappy, can't you define your sensations?"—Harper's Basar.

Must Be So. Annie-Do you know, Mabel, I had two offers of surriage last week? Maud-My darling Anniel I am so delighted? Then it is really true that your uncle left you all his money.—Buffalo Ex- B. B. Severs, F. E. Magarg

The Cause and Its Lesson. Why did he commit suicide? Oh! for on the verge of the same sin, or in immediate danger of insanity, paralysis, idiocy, or some other equally unfortunate result of any nervous affection. He knew he was affliced with a nervous disorder, but we careless, apparently indifferent to the occume; or he may have lessened his chance for recovery by treating with physicians who had little or no knowledge of such affections, or by deluging himself with worth-less so-called remedies. His case was a said one, but no worse than that of any other nervous sufferer, who has nervous or sick specialist, has studied nervous discusses over 20 years, and has discovered the only re-liable remedy for them. Thousands of vol. fog bank at one time, but suddenly homed

NEWPORT, R. I., Aug. 12 -The four great nervous sufferer, who has nervous or sick headache, biliousness, dizinces, irritability, melancholy, failing memory, hot flashes, fainting, sleeplessness, nervous dyspepsia, saxual debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of these advance symptoms of an awful end. Do not hesiture in getting rid of them by intelligent treatment. Dr. Franklin Miles, the celebrated specialist, has studied nervous disenses over minutes shead of the Jubiles.

ingsway her club topsail yard, just before the start. She struggled bravely on under a working topsail, still she did not show that speed in light sirs that her disciples believed she would.

In the early morning it seemed as though Was Poved to Death.

THENTON, Aug. 12.—The fourth day of the Shann murder trial opened with Professor Wormley, the Philadelphia toxicologist, again on the stand. He was cross available craft was utilized for excursion locked down to the river from, and every available craft was utilized for excursion purposes. At 10 o' clock the flagship May got under way and steamed down to her position north of liveston's reef lighthality. At 11:25 she fired the preparatory gun and hoisted the him perer. Ten minutes later another gon started the shoops. The Junifes was the first to go over, close harded in the port tack. She was followed by the Vigitant and by the Colonia on the same then disemboweled in ten minutes. The witness was required to answer many apportetical questions, and his evidence substantially was that Shann had been dosed to death by mercurial poison.

Dr. Cantwell said that Mrs. Shann did not object to the post mortem examination, but wanted it made in her house. Whoever had mutilated the body of John Shann did it very much as a surgeon world bear down to the river from, and every available craft was utilized for excursion purposes. At 10 o' clock the flagship May gut under way and steamed down to her position north of liverton's reef lightening. At 11:25 she fired the preparatory gun and hoisted the blue perer. Ten minutes later another gon started the shoops. The Junifes was the first to go over, close harded in the port tack. She was followed by the Vigitant and by the Colonia on the same tack, and then came the literan, Pfigrim, Lasca, Ariel, Volunteer, Emeraid, Marguerite, Mayflower, Constellation, Dagmar, Alease and Loyal.

The first leg was an eighteen mile thresh to windward, and the Pfigrim went on the port tack shortly after the start, placing the four big sloops in line in the port tack
