FAVORING MRS. SHANN.

Her Testimony Regarding the Mutilation of John's Body.

THE JUDGE EXPRESSES SURPRISE

Answer to the Judge's Query the Prisoner Says She Made No Outery When Strangers Came to Disembowel Her Dead Son-Expert Opinions Differ.

THENTON, Aug. 17.—The evidence of Mrs. Kate F. Stryker, which was taken at her home in Princeton, was read in open court when the Shann murder trial was resumed. Mrs. Stryker is sick abed. She testified that she heard the door bell at Mrs. Bhann's house ring between 1 and 2 o'clock the night that the disemboweling took place. About half an hour later she heard a carriage in the street, but in which direction it was going she could not say. The

carriage did not stop.

Mrs. Shann was then recalled. Her daughter Mabel and her sou Hugh, she said, were in the house with her when John died. He had been low, but the family was not looking for his death at the time. John did not expect to recover, He talked several times about his death. He had a horror of embalming and he about the body, and requested that his body be kept longer than his father's was. He begged his mother to remain in the room with him after his death, and until e should be removed. For that reason he stayed with the body, and her daughshe stayed with the body, and her daughter Mabel stayed with her. She was alone with the boy when he died. It was about 4 o'clock in the morning. John called his mother, and she went to him and put her arms around him. He said, "Mamma, mamma, I'm going home," and he was dead. Mrs. Shann wept softly, and in a moment proceeded with her story.

Mrs. Shann told the story of the three men as follows: She was awakened by the ringing of the front door bell. She slipped on her wranner, put on her slippers, and.

on her wrapper, put on her slippers, and, taking a small lighted lamp in her hand, went down stairs. Three men, when she went down states. Three men, when she opened the front door, stepped inside, and one of them inquired if there was a young man dead there. She told them "Yes," and they wanted to know if they could see him. She said "No," objecting on the grounds that the hour was late and that her daughter was asleep in the room where her dead child laid. The spokesman of the party said they had come to see the dead man and intended to see him. Mrs. flunn said she would call Mr. Vanselons a boarder, but the men said that would not be necessary. The spokesman pushed her twice while the conversation was going on, and the other men passed quickly

She attempted to follow them, but was held back by the man who remained down stairs. She demanded to know what the outrage meant, and the man said: "You'll find out in good time." In a little while the two men who went up stairs came down. They passed out of the front door, and the third man followed them. Witness could not say that the men who went up stairs carried anything in their ha She did not know whether they had any-thing when they came down. She was dazed, and was unable to express on the stand just how she felt when this thing took place. After the departure of the men she went up stairs, and thought she saw a blood stain on the canopy over the corpse, The three men wore storm coats and slouch hats. Mrs. Shann aroused

and slough hats. Mrs. Shann aroused Vansslons, and he went to the corpse and detected what had been done. The witnes then described the waking of her daughter Mabel, and how she told the members of her family of the occur-rence. They passed the hours until day-light in talking, crying and praying. Mrs. Shann did not know what to do about sending for persons. She concluded not beats graveyard robbery. The men who did this will talk of it ong time, how they made the autopsy schout waking up the girl who was sleeping in the same

direct examination, in reply to questions, denied that she had disemboweled her son, or had any knowledge of the deed. was no reason why she should wish the disembowelment of herson. She had given John nothing in his foot or medicine which she wanted to conceal. Under cross-examnight that the three men came to the house, but she did not notice that they were wet or that their feet were muddy.

"No, sir; I did not," said Mrs. Shann.
Later she explained this by saying that
she was so clared, frightened and grief

stricken that she thought she must have ecome partially unconscious. Rev. Albert T. Baker, an Episcopalian elergyman, testified to frequent inter-riews with John during his illness.

The greater part of the afternoon session was taken up with expert medical testi-nony. Dr. David Warman, of Trenton, leclared in his evidence that the autopsy on young Shann's body was improperly performed. Dr. Thomas H. Mackensie, of Frenton, testified that from the symptom of young Shann as described in the testimony it would be impossible for him to say what the cause of death was. The symptoms were characteristic of many lisenses. The person who disemboweled the had to know a good deal about anatomy. Surgical knowledge was not occessary. Dr. W. W. L. Phillips, the oldest practicing physician in Trenton, was of the opinion that young Shaun died of gastro enterins, but what caused this dis-

ease he could not say. The Hawaiian Annexation Question. Washington, Aug. 17.—The arrival of Minister Blount at San Francisco was not a surprise to the state department. Some time in July Mr. Blount informed the president of his intention to leave Hono-Iniu for San Variation on Aug 6. As the Hawaiian simulation's ands at present the settlement of 1 symmetric question will depend math. depend matel ... The trees between the president, Secretary Gresham and Minister Blount.

The Chair Pushers' Strike a Fizzle. CHICAGO, Aug. 17.—The strike of the col-lege bred roll r chair pushers has petered out. The company says they had more men than the need any way and that the strike let then endly out of their difficulty. They will hire about 230 of the 400 men when they prodiaim themselves ready to work for seventy-dive cents a day and 10 per cent. commission. The paid admissions to the fair yesterlay were 110,557.

Again the transports Wins. LOSDON, Aug. 17.—Vesterday's race of the Hoyal Albert Yacut chib resulted in a victory for the Britannia, with Calluna second, Navahos thur than Satanita fourth. The Albert cap roo I for on Monday was awarded to the Satunta, the Britannia, which crossed the line first in Monday's race, being disqualified on a foul.

ACCIDENTAL DEATHS.

Caused by Carelessness. The majority of people die sooner than they should. Evidence of this fact is growing daily. Waring says: "Disease is not a consequence of life; it is due to unnatural conditions of living—neglect, abuse, want." Dr. Stephen Smith, on the same subject, "Man is born to health and long life; disease is most translated and the grown from sold. "Man is born to bealth and long life; disease is unnatural, death, except from old ago, is secidental, and both are preventable by human agencies." This is almost invariably true of death resulting from heart disease. Careless over-exertion, intemperate use of tea, cofice, tobacco, alcoholic or other stimulants are generally the causes of this difficulty, and indifference to its progress results in sudden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart disease every day.

ase every day.

If you have any of the following symp toms: shortness of breath, palpitation, irreg-ular pulse, fainting and smothering spells pain in shoulder, side, or arm, swollen ankles, etc., begin treatment immediately for heart disease. If you delay, the consequences

may be serious.

For over 20 years Dr. Franklin Miles,
the eminent specialist, has made a profound
study of heart disease, its causes and cure,
and many of the leading discoveries in that direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as is proved by thousands of testimonials from gratefu

by thousands of testimonials from grateful persons who have used it.

James A Pain, editor of the Corry, Pa. Leader, states. "After an apparent recovery from the mouths of la grippe, I fell on the street unconscious from board disease. In one month from that time I was unable to walk across my room, and my pulse beat from \$6 to Ho times a minute I then used Dr. Miles' New Heart Cure, and at once became stronger. After using \$8 to 500. Dr. Miles' day, my pulse reniging from \$6 to \$0. Dr. Miles' remedy is not only a preventive but a cure."

Dr. Miles' New Heart Cure is sold by all druggiess on a positive goneance, or by Dr. Miles Medical Co., Eikhart, Ind., on receipt of price. 31 per bottle, six for \$5, express prepaid. It is positively free from opinies or daugerous drugs. Dr. Miles' Pills, 25 cents. Free book at druggists, or by madi.

IN SENATE AND HOUSE.

Amendments to the Bill to Increase National Bank Circulation.

WASHINGTON, Aug. 17.—The senate spent only three hours in session yesterday, but that time was well filled up. Mr. Vest's bill appropriating \$800,000 for a site and building in Washington to be known as the "Hall of Records" was passed. Then the bill to increase the circulation of na-tional banks was taken up and postponer for the reason that several senators had informed Mr. Voorhees that they desired more time to prepare to discuss it. But before it was laid aside an important amendment was proposed to it by Mr. Cockrell-to authorize the redemption (at par and accrued interest) of such 2 per cent, bonds (over \$25,000,000 in all) as may be offered, and to authorize the issue of new treasury legal tender notes in pay-ment therefor. This amendment produced ment therefor. This amendment produced considerable discussion, Mr. Sherman con-demning it as an unbusinesslike proposi-tion and Mr. Cockrell expressing his amazement and mortification that the friend and patron of the national banks the great gold momometallist from Ohio, should object to an amendment that would increase the amount of currency in circulation. Another amendment to the bill was offered later on by Mr. Allen, of Nebraska, for the cessation of interest on the bonds on which the increased national bank circulation should be based. After that there were two speeches delivered one by Mr. Berry in favor of bimetallism

and one by Mr. Gallinger against tariff legislation before 1897. legislation before tau.

The debate in the house was character-ized by the ebb and flow of eloquence and by the presence and absence of interest. It was started by McCall (Mass.) in favor of that perhaps this was the autopsy that the manufactured to have made. At 6 o'clock she sent word to the family physician, and soon everybody concerned knew of the affair. Dr. Bergner, when he came, said to Frank Borden, who brought him the news average to the repeal of the purchasing classe of the Sherman bill and was closed by Mosea (Ga.) in opposition thereto. Sandwiched between these two speeches were remarks by Combs (N.Y.). Bryan (Neb.), and Hendreson (In.) The first named made an adversor (In.) The first named made an adversor (In.) made the speech of the day, and cor-manded the carnest attention of his coleagues throughout. He was one of the apostles of bimetallism and his sympathizer regarded his arguments as unom "

answerable. But the same thing was said
of the speech of Henderson by the opponents of free columns.

BOMBAY'S RIOTERS AGAIN.

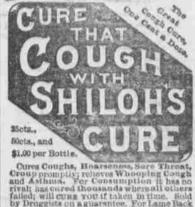

Many Mosques Sacked and Burned and Several Desperate Conflicts Ename.

Bombay, Aug. 17.—The religious race rioting was resumed in this city yesterday, and for several hours the streets were the scenes of desperate conflicts, fighting was of the most sanguinary not They made tracks in the hall, but witness and a large number of persons were killed did not notice them until 530 in the morning. The man who pushed her aside used holiday, the authorities anticipated a reher roughly, but she made no outcry at all.

"What!" exclaimed Judge Abbett, "you an outbreak, but the police and the force of troops in the garrison were inadequals to cover the whole city, and before quie had been restored in one district fresh out breaks would occur in other parts of the city. The regard the mob was directed especially against the mosques, several of which were sacked and burned. All the public buildings are now guarded by troops, and the gunboats in the harbor have been cleased for action and brought into position to cover the native quarters. The local authorities are confident of being able ultimately to quell the rising.

Signed the Scale. PITTEBURG, Aug. 17.—Lindeny & Mc-Cutcheon, iron and steel manufacturers of Allegheny, employing 800 men, have signed the Amalgamated Association wage scale, and work was resumed today The Weather.

If you are going to paint, it will pay you to send to us for a book containing information that may save you many a dollar; it will only cost you a postal card.

JOHN T. LEWIS & BROS. CO.,

Secretary Gresburn Dissulished. WASHINGTON, Aug. 17. — Secretary Gresham is said to be anything but satisled with the findings of the Behring sea ourt, and it is asserted that his dissatisfaction extends to the regulations. It is understood that his views are shared by other cabinet officers. As for the regula-ions, they are that the United States will have entailed on them the cost and worry of patroling Behring sea without benefit to its sealers, while Russia, Japan and perhaps other nations reap a harvest, the regulations being binding only to Great Britain and this country.

How Kineald "Worked" 'Eon. Kansas Cirv, Mo., Aug. 17.—The more the record of Robert Kincaid, the missing banker of Pieasanton. Mound City and three other Kansas points, is looked into the darker it grows. It is now believed ils stealings will aggregate \$500,000. Onehird of the people of Linn county now noid Kincaid notes. These notes were of uch a character as to have conveyed evi-

THE CUP DEFENDERS.

Off Today in the Race for the Astor Cup.

THE PILGRIM IN BETTER FORM.

Each of the Pour Hig Sloops Have Adherents Who Cheerfully Back Their Opinions with Cash-The International Baces Will Probably Begin Sept. 38. NEWPORT, R. L. Aug. 17 .- The cup de-

femters fubilise, Vigilant, Callum and Pligrim started shortly after H o'clock to-day in the race for "ie Aster enp. The course is fifteen miles to windward and return.
The Vigilant is the favorite in the bet-

ting, but each of the other three big yachts have their adherents who cheerfully back

their opinions with each.
The cup defender Vigilant ran into Brenton's Cove yesterday afternoon an hour ahead of the New York Yacht club fleet. She was not racing, nor had she sailed along in company with the other boats, having left New Bedford at 6 o'clock in the morning to jog along under easy canvas as far as Ruenton's Reef. Off the lightship the Vigilant espled the Pilgrim standing towards her, close hauled on the port tack. The fin keel was not out for fun, but seemed on business bent. She stood over toward the reef till almost abeam of the centra board sloop, when she went about, and a sudden shift of wind gave them both some windward threshing

to reach the barbor. Commodore James D. Smith, chairman of the American cup committee, and Mr. A. Cass Canfield were on board the Pilgrim anxiously watching every move of the rival boats. It was the evident intenthe rival boats. It was the wident inten-tion of the Pilgrim to have met the Vigi-lant further off shore and given her battle on the open sea. The Iselen boat had left much sooner than was expected and was consequently too near the harbor to give the Pilgrim a fair chance at her dangeronsly speedy rival. They tacked about each a few times, however, but it was dif-ficult to say which boat showed the better form. There were some decided improve ment in each, for the Vigilant was fettered with a new and larger mainboont. A spar that had been sent down to her by the Herreshoffs, and the working topsail of the Pflgrim was laced tighter down to the

A reporter of the United Press interviewed Commodore Smith after his return to the Pocohontas. "Yes, it is true," he said, "that Commodore Canfleld and I were invited to take a sail upon the new onp defender. She was merely out for practice, and our presence had no official significance. We had sailed on the other big sloops at different times, and gladly accepted this invitation to visit the Pil-What do you think of her as compared

what do you think of her as compared with the other cup defenders," was asked. "That is a question which privately I would be pleased to answer, but my of-ficial position in the American cup committee prevents my expressing any public opinion until after the trial races. I will may, however, that both Mr. Canfield and myself were very much pleased with the Pilgrim's work today. In fact, I think DR. JAMES SPEIN. Americans should be proud of such speci-mens of naval architecture as these four big sloops."
"Will they not be measured before the

"I fear not, though we have expressed our opinion very strongly on the subject and so have the regatta committee. This is in their province, however, and not ours. It will of course be impossible to decide

which is the winner if the races are at all close."
"Has your commander decided whether

"Well, we have made no official an-nonnement of the fact, but after receiv-ing Lord Dunraven's request that they be sailed earlier, if possible, we have made

"Held Up" on His Deathbed. DENVER, Aug. 17.—A "hold up" occurred here which beats the record. P. Cash-man, of Pensacola, Fia, registered at the Wellington hotel, At 2 o'clock in the morning he rang for the clerk and said he was very III and was going to die. The clerk reached the street in a great hurry and meeting a man at the corner saked the way to the nearest physician The stranger replied he was a doctor, and was immediately taken to the sick man's room. He asked for a pitcher of ice water, and while the clerk was after it the al-leged doctor robbed his patient of everthing he had and skipped. When the clerk returned Cashman had died, pre-sumably of fright. The robber was arrested an hour later. He gave his name ns J. E. Stevens.

Georgia's Yellow Fever Patient. BRUNSWICE, Ga., Aug. 17. — Surgeon John Branham, the yellow fever patient, had two attacks of black yount restorday. He is, however, resting easy. Black vom is not a necessarily fatal symptom. Sur geons Dunwoody and Branham, who have been attending the patient, have been iso-lated. Federal authorities have taken entire charge of quarantine and sanitary ar-rangements in the town. Police guard the territory around the house in which the

Advice to the Hungry. NEW YORK, Ang. 17.—About 1,000 of New York's unemployed men marched through several of the principal streets yesterday and congregated in Golden Rulo ball, where speeches were delivered by prominent labor leaders. Resolutions were adopted calling upon hungry workmen not to pay rent, and advising every hungry man, woman and child to assemble in mass meeting and appeal to the public for

New Postmasters. WASHINGTON, Aug. 17.-Fourth class postmasters were appointed in Pennsylvania as follows: Armaugh, J. J. Tinekon; Blythedale, Hanry Rhodes; Finleyville, W. L. Gaston; Helen Furnace, N. H. Thompson; Lajose, Isaac Markle; Rogers ille, James Burroughs; Rouleste, H. E. auscher, Woodland; James Agnew, New Jersey-Iona, T. K. Atkinson; Mahwah

Catholic Benevolent Union Convention. PITTSBURG, Aug. 17.—The twenty-fourth aunual convention of the Irish Catholic Benevolent Union of North America is in sessionhere, Two hundred delegates are in attendance. Mayor McKenna welcomed the delegates in a brief address. Several questions of importance, tociod-ing that of changing the name of the or-ganization, are to be discussed.

Fatal Russway Accident-

FRANKFORT, Ky., Aug. 17.—Mrs. S. F. J. Trabue, wife of Hon. S. F. J. Trabue, a Trabus, wife of Hon. S. F. J. Trabus, a prominent retired lawyer and politician, was instantly killed in a runaway accident near this city. Mrs. Trabus jumped from the carriage, falling upon her head and broaking her neck. Her daughter, Miss Alice, who also jumped, was not seriously injured. Mrs. Trabus was formerly a Miss Berry, a sister of Colonel Robert Berry, of the United States navy, and cough of Congressman Berry, of Nawport. THE KIND
