General Weaver's Address at the Farmer's Alliance Convention.

TWENTY THOUSAND LISTENERS.

The Late Presidential Candidate Charges the Existing Financial Crisis to Republican and Demogratic Maladministration, and Predicts Relief When Paymers Roll.

Mr. Ghetna, Pa., Aug. 24.-The largest growd since the opening of the national en-campment of the Farmers' Alliance assem-oled at Mt. Gretna park yesterday. Among be prominent arrivals were General James 3. Weaver, of Iowa, late Populist candi-late for president, and Colonel D. P. Duncan, of Columbia, S. C., secretary of the National Farmers' Alliance. Three thousand people, mostly farmers and their wives, assembled in the main auditorium to hear W. M. Benninger, of Walnutport, Pa., advocate the free coinage of allver in the advocate the free coinage of silver in the Pennsylvania Dutch language. He was followed by J. M. Thompson of Indiana county, Pa., state lecturer of the Pennsylvania and the same of Alliance. He was followed by Captain Powers, of Indiana.

"At the close of the late war the people were comparatively free from debt. There was more prosperity then among the farmers of the north, in spite of the loss of those near and dear to them, than there has been ever since. The reason of this prosperity and good feeling was because there was an immense volume of paper currency in circulation. The financial system of the government, which contracted the currency, is responsible for the loss of thousands of homes, innumerable suicides and the corruption of the morals of the people. There is not a parallel in existence to the enormity of the crime which has been perpetrated on the people of this nation by the contraction of the currency. As a result of that crime perpetrated on our people from 1866 to 1873 British capital has come in and got con-trol of our factories, railroads and finances,

"The scarcity of money is what is the matter. The government financial system compels you to go in debt \$90 every time you trade \$100. The growth of population and the reduction of circulation of cur-rency is the cause of the panic. There is no money in the country and no adminis-tration that will give it, but when the farmers come into power they will give you more money. We don't want too much money, but we ought to have \$50 per capita of gold, silver and paper money. We will give you good money—the free coinage of the silver dollar of Jackson, Jefferson and Washington, the silver dol-

lar of 412% grains. "The farmers will make a dollar that will stay at home. They don't want money that will go abroad. That is what is the matter with gold. This country needs an independent financial system, an American system of gold, silver and paper iss by the government and not by the banks. You must reclaim the government and take it from the grasp of the monopolist, under whose control it has become a plutocracy. This republic cannot be saved unless there is virtue enough in the people to come to the rescue."

Fatal Wreck in Delaware. WILMINGTON, Del., Aug. 24.—The Nor-folk express crashed into the end of a freight train at Porter's Station, on the Delaware railroad, yesterday. James A. Grubb, engineer of the express, was badly hurt in the back by being thrown through the cab window. William Wheatley, fireman of the express, was caught in the wreckage and terribly injured. He filed soon after. William E. Curry, brokeman of the freight train, had his foot masked, and he was otherwise bruised.

The Chinese Story Disbelleved. Washington, Aug. 94.—Reports that the Chinese government has sent an ulti-matum to the United States with regard to the Chinese exclusion law are pro-nounced at the state department to be without foundation. In fact the state de-partment has been informed that action by China will be held in abeyance until congress has had a chance to take up the matter for consideration.

Jackson Scema to Land. PHILADELPHIA, Aug. 34.—All signs seem to point to the nomination next week by the Republicans in convention at Harris-burg of ex-State Senator Jackson, of Armstrong county, for state treasurer. Speaker C. C. Thompson, of Warren, who a short time ago was regarded as leading in the race, and as being a sure winner, now appears to have dropped to the rear.

### ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than hey should. Evidence of this fact is grow-ng daily. Waring says: "Disease is not a consequence of life; it is due to unsatural consequence of life; it is due to unnatural conditions of living—neglect, abuse, want." Dr. Stephen Smith, on the same subject, "Man is born to health and long life; discose is unnatural, death, except from old age, is accidental, and both are preventable by human agencies." This is almost invariably true of death resulting from heart discase. Careless over-exertion, intemperate use of tea, coffee, tobacco, alcoholic or other stimulants are generally the causes of this difficulty, and indifference to its progress results in andden death, or long sickness ending in death. By the newspapers it can be seen that many prominent and hundreds of persons in private life die from heart dis-

registation.

There was a scene of the wildest enthusiasm when it was officially announced that Governor Boies had yielded to the importunities of his friends and, despite his prejudice against a third term, would accept a unanimous nomination if tendered. A motion was at once made, seconded by every delegate in the hall, and the present executive was declared the nomines by acclamation.

After Governor Boiles had been renominated by acclamation.

resolutions reported a platform. The platform simply readirens the financial plank of 1802, the silver men uniting with the anti-silver men on this compromise, which has been practically the anti-silver program for some time. The liquor plank of the last two gubernatorial campaigns is also reaffirmed and several new state issues raised, such as non-partisan control of state institutions. of state institutions.

Two candidates were presented for lieutenant governor. They were L. B. Bestow, the present incumbent, and G. B. McFall, of Oskaloosa. McFall developed unex-pected strength, but Bestow was renominated, the vote standing: Bestow, 662; Mc Fall, 449. The nomination of Mr. Bestow was made unanimous.

There had been but little preliminary akirmishing with regard to the nomina-tion for supreme judge. Six candidates were presented, and on the second ballot the votes came to John Cliggitt, of Mason City, so rapidly that he was nominated by the votes came to John Cliggitt, of Mason City, so rapidly that he was nominated by acclamation before the vote was completed. State Superintendent of Education Office—18 South Jardin street, Shenandosh.
