Reports of Victims.

John Goodrich, who was injured at the mines in Williams town several days ago and was brought to town on Thursday evening, is at the home of his parents on West Cherry street and improving. He was injured by being squeezed between the top of a car and a piece of timber in a gangway.

Richard Amour, the riot victim, was reported in a favorable condition to-day.

No Service.
There will be no service in the First Presbyterian church to-morrow. A prayer and praise service will be held in the evening, under the direction of the Christian Endeavor Society of the church.

Pennsylvania Banks All Right.
HARRISBURG, Aug. 26.—State Treasurer Morrison reports finances in a satisfactory condition. He has been personally investigating the condition of the banks in this state and finds that almost all of them have been preparing for months past for the present stringency, and that they have a cash reserve far in advance of the requirements of the national government.

Must Wait for a Century.
HARRISBURG, Aug. 26.—A mysterious document is on file at the state treasury which cannot be opened until July 4, 2001. It gives notice of a certain sum deposited with the Girard Trust company, of Philadelphia, to the credit of the state by a peculiar testator, who stipulated that the letter should not be opened until 2000.

Actor Curtis Acquitted.
SAN FRANCISCO, Aug. 26.—The jury in the case of M. B. Curtis ("Sam" of "Foster"), for the murder of Policeman Grant, returned a verdict of acquittal. The jury on the first ballot stood 9 to 3 for acquittal. This was the third trial of Curtis. The jury in the first two trials disagreed.

Woodstock Mills May Resume.
NORRISTOWN, Pa., Aug. 26.—Notices were posted on the doors of the Woodstock mills here to the effect that operations would be resumed on Wednesday next, providing the employees were willing to accept a reduction in their wages of 20 per cent. It is believed the men will accept.

Close of the Alliance Convention.
MT. GUERTNA, Pa., Aug. 26.—The national encampment of the Farmers' Alliance came to a successful termination last evening. About 10,000 people were present at the encampment yesterday, while the total attendance for the week will reach nearly 75,000.

LET THE BABIES LIVE!

The Ignorance of Mothers Causes a Fearful Number of Deaths.

The fearful number of infant deaths this month, especially from cholera infantum, is due to the ignorance of well-meaning mothers. Improper food is the cause of nine-tenths of all the infant mortality.

Mother's milk, when healthy and sufficient, is the ideal infant food, and it will never be surpassed.

But when in the first year of the baby's life recourse must be had to other food, or when the time comes for weaning the child, lactated food should be given in preference to anything else. It has saved the lives of hundreds of babies. There is no mother in the land but can read the following letter with profit. It is from Mrs. C. M. Childs of Elkton, Md., the mother of the three children whose pictures appear above. It is written to the manufacturers of lactated food in Burlington, Vt.:

"This is a photograph of my three little ones, who are all subjects of the use of lactated food."

"Lactated food was recommended to me by Dr. George Gillespie, of Conowingo, Md., six years ago, when the eldest was a baby. My present baby was born May 10, 1892. At the end of six weeks my physician advised me to use sterilized milk. I did so for a few weeks, but she did not seem to thrive."

"She continued to grow thin and became very much emaciated. At the end of six months she weighed the same as at her birth, which was eight pounds. The doctor thought it doubtful if she survived. Without consulting him further, I resorted to the use of lactated food, as I had done before with the others, procuring it from H. H. Mitchell, of this town."

"In one week the improvement was very perceptible. At the end of two months the

doctor, neighbors and friends were amazed at the great change in her condition.

"The doctor said: 'What has caused this change?'"

"My reply was: 'Lactated food.'"

"He remarked: 'It is evidently the right food,' although he had at times recommended another, not being familiar with this one. As you see her in the picture, I attribute her healthy appearance to the use of lactated food."

Mothers who have used lactated food agree that it best supplies the materials for baby's rapid growth and development.

Lactated food is prepared with a regard for purity, cleanliness, and freedom from possibility of contagion that merits all the praise that has been so lavishly bestowed upon it by physicians and grateful mothers.

The nutritious parts of barley, wheat and oats are so prepared as to be easily assimilated; to these are added sugar of milk and the salts which are the basis of mother's milk. These constituents are thoroughly cooked at high steam heat, and make a pre-digested, palatable, nutritious food, a perfect substitute for mother's milk, fit for meeting every demand of the rapidly growing child.

Lactated food has tided thousands of babies this summer through the sickly hot days. It should be in the hands of every parent. As one of the greatest specialists on children's diseases has well said:

"It is worse than thoughtless for mothers who think and read to neglect lactated food, when so many mothers eagerly tell of their own accord how it has saved their babies' lives and made them strong, healthy, plump, and full of life."

Lactated food can be had of any druggist. It is always pure, "keeps" perfectly, and is not affected by age or temperature.

USE DANA'S SASSAPARILLA, ITS "THE KIND THAT CURES."

PERSONAL.

John Reeves, of South Jardin street, is seriously ill. Drs. Callen and Bentschler were in consultation on the case to-day.

Justice William Amour, of Mt. Carmel, spent yesterday in town, and was in attendance upon his brother, Richard Amour.

Rev. Wm. Powick and family, Miss Maggie Shaffer, Mrs. T. J. Broughall and Mrs. Charles Hooks returned yesterday from Joanna Heights encampment, which closed on Thursday night.

Rev. J. Prindle will leave next week to attend the general Primitive Methodist conference at Mineral Point, Wisconsin, as a delegate. On his way back he will spend a few days at the World's Fair.

Points.

The Scranton electric railway company has decided to extend its lines to all the cemeteries in the vicinity of the city, to run cars to the cemeteries at any hour in the morning or afternoon, provide special cars for funerals, and charge \$3 per car.

The Lehigh Valley Railroad Company is improving the road that runs at the rear of the passenger depot and also re-building the culverts and drains in the vicinity of the grounds.

The freight platform at the Lehigh Valley depot is being extended to its old size to give an additional room for the increased business there by reason of all the Lehigh freight business being taken from the P. & R. depot under the dissolution of the combined system.

The stonemasons have completed their work on the Emrick street factory of the Shenandoah Manufacturing Company and carpenters started work yesterday.

Carpenters are pushing work on the new West street school building as fast as possible, but the structure will not be ready for occupancy before next October.

The pipes of the West Centre Street sewerage company are now laid from the western limits of the borough to Jardin street. At the latter point the pipe is twelve feet below the surface.

The Primitive Methodists will hold a camp-meeting in the Bird field at the north end of Main Street to-morrow morning and afternoon.

There is alarming mortality among the infant children in town. The first ward alone has had nearly a dozen such deaths this week.

The motto of the proprietors of Dr. Henry Baxter's Mandrake Bitters is, "the greatest good to the greatest number," and so sell a large bottle of a valuable remedy for the small price of 25 cents, and warrant every bottle to give satisfaction or money refunded 1m

Base Ball.
The next game here will be between the home team and the Bellefontes, two strong clubs.

Mahanoy City won the game yesterday by a score of 10 to 4. Although the Shenandoah people who witnessed the game admit that their team did not play with their usual snap and vim, they claim that the players were discouraged from the first by the extreme partiality Umpire Ryan showed for the opposing team.

In the game to-day at Pottsville Bradley will pitch for the Shenandoahs.

W. Henry pitched for the home team at Mahanoy City yesterday and was hit pretty freely.

A Party.
Last evening a party was held at the residence of F. L. Shollenberger, on East Coal street, in honor of Clayton and Robt Swank, of Bluefield, West Virginia, who are visiting friends in town. A delightful evening was spent by the ladies and gentlemen who were present, among whom were Misses Lizzie and Mattie Bee, Phoebe Hesser, the Misses Grosser, of Philadelphia, Miss Annie Troutman, Robert Lawson, Charles Bienneman and Edward Daaks.

Will Pay on Monday.
The employees of the P. & R. C. & I. Co. in this district to-day received the checks for the pay due them for the last two weeks of July and they will positively be cashed at the colliery offices on Monday. The mine employes at Maple Hill were paid to-day.

To-day's Game.
The Sunday News to-morrow will contain a full and complete account of the Pottsville-Shenandoah ball game. 8-26-11

Grand Display of FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps
We find the most stylish and the prevailing mode to be the Cape, in some of its variations. Some are plain, others very highly decorated, with fancy inlaid braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
