JOY FOR THE LITTLE ONES.

How to Secure a Clean Bill of Health for Baby.

Cholera Infantum Picking Out Badly Nourished Infants.

Five Thousand Little Graves Are Dug Annually in Philadelphia.

"Five thousand little graves are dug each year in Philadelphia, for little babies," says that excellent journal, *Health and Home*, "and 500 little headstones are yearly set up over their graves, all due to deaths traceable to diseases which spring from wrong feeding."

High temperature with improper feeding brings cholera infantum, diarrhoea, and convulsions. But with the use of proper food, and there is nothing so absolutely good as lactated food, this danger may be avoided. Statistics show that babies thrive best upon lactated food. It is worth more as a preventative of cholera infantum than all the medicines ever made.

The superlative importance of pure, nutritious infant food, and the long study by some of the most prominent physicians in the country of infant disorders from mistakes in diet, led to the preparation of lactated food. Next to pure mother's milk it is the most nourishing, strengthening, readily digested, and palatable food that can be given a baby. It more closely resembles mother's milk than any other food known. Its basis is sugar of milk, which is the basis of mother's milk. With it is combined the nutritive elements of wheat, barley, and oats, in such proportions as best meets the requirements of the growing child.

In recommending the use of this food at this season, one of Shenandoah's best physicians said to a *HEALTH* reporter yesterday: "This food should be in the hands of every mother. For in all cases of defective lactation the infant's health is best protected either by weaning and using lactated food altogether, or in any event by supplementing the natural aliment of the child with lactated food. The wonderful preservative influence of lactated food is too well known to require any further statement. It is the purest and most nourishing thing that we can find to recommend to mothers."

HAPPY BABY MORINE.

The thousands of testimonials from the mothers of children whose lives have been saved by lactated food, are equally as convincing as the statements of the physicians. Here is what is said by the mother of a healthy baby as can be. Mrs. George Morine, of West Lynn, Mass., writes: "I send one of my baby's pictures to prove that lactated food is the best food for babies. I have used it since he was two weeks old and it agrees with him in every respect. He has never had one sick day since he was born, and I shall always think I owe this to lactated food. He was born November 7, 1892, and was nine months old when the picture was taken."

Victim of Elephantiasis.
A case of elephantiasis is now being treated at St. Luke's hospital, Bethlehem. The sufferer is John Erwin, the town clerk of St. Clair, Schuylkill county. He is a man about 45 years of age. For the past year he has been helpless, his legs from the knees down and his feet having swollen to an enormous size. The flesh is soft and flabby, and both feet are turned inward. He is entirely unable to stand upon them and spends all his time, sleeping and waking, on a rolling chair. The slightest movement gives him the utmost pain. One of the legs was amputated last week and the other will be taken off as soon as the patient is strong enough to undergo the operation. Amputation was the only means by which the unfortunate man could have any relief.

Use DANA'S SASSAPARILLA, ITS "THE KIND THAT CURES!"

Of Interest to Athletes.
James Robinson, the athletic trainer at Princeton College, Princeton, N. J., says: "I have found it imperative to have sure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in ALLOOCK'S POROUS PLASTERS. I tried other plasters, but found them too harsh and irritating. ALLOOCK'S POROUS PLASTERS give almost instantaneous relief, and their strengthening power is remarkable. In case of weak back put two plasters on the small of the back and in a short time you will be capable of quite severe exercise. In "sprint" and "distance" races and jumping, the muscles or tendons in the legs and feet some times weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected."

A common cold should not be neglected. Down's Elixir will cure it. 1m

CHRISTIANITY IN CHINA.

Effect of the Exclusion Law Upon Religious Work in the Empire.
NEW YORK, Aug. 31.—The Presbyterian board of foreign missions has just received a copy of the report of a committee, appointed by the recent synod of China to draft resolutions concerning the effect of the Chinese exclusion law upon the cause of Christianity in the empire. This report is the first official action taken by any religious body in China upon that subject since the act was declared constitutional. The document proceeds: "The synod of China, representing immediately five presbyteries, with nearly 6,000 native Christians scattered from Peking to Canton, and indirectly the whole Christian church in China, desires to record its dissatisfaction with the act of congress in regard to the Chinese in America."

"If the American people desired to restrict immigration of the Chinese we believe they could have readily effected their purpose by diplomatic negotiations and mutual concessions, without disturbing or antagonizing the harmonious relations which for many years existed, and should ever exist, between the United States and China."

Now, as the result of this unhappy legislation, we have grave reasons to fear, not only that the Chinese in America may be snuffed against the religion of the land, but that missionaries will be greatly embarrassed in the propagation of their faith in China. We, therefore, ask the Christian people of America, of our own and all other churches that our voice may reach, to exert themselves to reverse ill considered and unfriendly legislation.

Southern Railroaders Strike.

MEMPHIS, Aug. 31.—The Memphis and Charleston railroad ordered a reduction of salaries to take effect on Sept. 1, and for some time the employees have been discussing the subject. The men made a proposition to lend the company 10 per cent. of their wages until such time as the amount could be paid. This was declined and last night the machinists decided to go on a strike. It is given out by the employees that the strike will extend all along the line.

LOUISVILLE, Aug. 31.—Nine hundred men employed by the Louisville and Nashville railroad in this struck yesterday afternoon. The strike was caused by the 15 per cent. reduction in wages.

Olympic Club's President Shot.

NEW ORLEANS, Aug. 31.—Bernard Klotz, the large cracker manufacturer, and his son Bernard Klotz, Jr., last night went down to the Olympic club, and meeting A. Scholl, president of the club, opened fire on him, seriously wounding him. Scholl was sent to the hospital and both the Klotz locked up. The shooting was the culmination of a long standing quarrel over business matters.

Victorious Zimmerman.

CLEVELAND, Aug. 31.—The Cleveland Wheel club held its annual racing yesterday afternoon, and the finals were raced in the evening. The track was illuminated with electric lights, and the illumination was more of a success than had been hoped for by the wheelmen. Zimmerman had no difficulty winning all the events in which he was entered.

Philadelphia Traction Employees Strike.

PHILADELPHIA, Aug. 31.—Two hundred workmen in the cable power houses of the Philadelphia Traction company quit work last night because of a 10 per cent. reduction in their wages. The officials say they can secure men to take the strikers' places, but the latter declare that green hands cannot do the work.

Fifty Per Cent. for Depositors.

SOMERVILLE, N. J., Aug. 31.—W. Y. Johnson, who was appointed receiver of the Somerset County bank, has just made his report to the chancellor. In it he says that he is prepared to declare a dividend of 50 per cent. to the depositors as soon as he is ordered by the court to do so.

After Canadian Gold Mines.

NEW YORK, Aug. 31.—It was reported here that a syndicate headed by B. F. Hurdin, John Maroney and Senator Jones, of Nevada, has about concluded arrangements for the purchase of all the gold mines and interests in the Beauce mining district in the province of Quebec.

Pension Statistics.

WASHINGTON, Aug. 31.—A statement prepared at the pension office shows that between March 4, 1890, and Aug. 30, 1893, the total number of pensions of all classes granted under the general law was 28,439, and under the act of June 27, 1890, the total was 24,541.

His Creditors Are Anxious.

ALLEGHTON, Pa., Aug. 31.—David Hensinger, a prominent politician and business man of Allegheny, had an execution entered against him on Monday for \$5,775. Other executions are coming in fast. Monday night he disappeared and whereabouts are unknown.

An Indian Leader Killed.

DEFENSON, Tex., Aug. 31.—At Caddo, I. T., United States Marshal Polson shot and killed Captain Key Durant, leader of the Indian militia. Whisky was the cause. More trouble is likely to follow.

LEFT BY LATHAM.

A Suit Arises Out of His Handling of Roots.
Judge Weidman granted a rule yesterday to the Serial Building Association, of Mahanoy City, to show cause why the judgment entered against Mrs. Mary Derrick should not be opened. Mrs. Derrick claims that certain credits were not allowed her by the association. Her property, the Derrick House, is advertised to be sold September 9. John A. Latham, Secretary of the Association, who disappeared several months ago, it is alleged, collected the rents of the Derrick House which were to be applied to the payment of stock, premiums and interest. Hon. C. F. King, a co-in-law of Mrs. Derrick, was present and signed the papers.

Base Ball Notes.

The Bloomsburgs shut out the Bellefontes on Tuesday by a score of 4 to 0. Bloomsburg had four hits off Hedson, and Bellefontes got but two off Burrell.

Setley, the base ball player, arrived in town yesterday with Mrs. Setley, wife Alice Dillon, of Girardville.

Bloomsburg people think so much of their ball players that they allow a festival to be held in the Presbyterian church for their benefit. This looks like a movement to bring the pulpit in harmony with the diamond.

—*Nanticoke News.*
If Pottsville defeated Shenandoah by 4 to 2 and Lansford defeated Pottsville 3 to 2, is it not safe to predict that Shenandoah would not be in it with Lansford. Manager Bradigan is wise in keeping his team out of Lansford's reach.—*Lansford Record.* It is hoped Manager Bradigan will not let a challenge like this go by unnoticed. And, by the way, the Lansford and Shenandoah teams have not had a game this season.

Setley will wear a Shenandoah uniform again. Manager Bradigan resigned his last night. Setley says that now he has married and settled down he intends to play ball for a living. He will play in the field in the game here to-morrow and will pitch the morning game at Mahanoy City on Saturday.
