ITS INFLUENCE.

At last the business world has something definite. The House which was elected to enact free coinage of silver has voted to stop silver purchases.

It is probable the effect of this measure will be much exaggerated in public estimation. Already it is deemed by many a sufficient reason for buying stocks and products.

That country, then, whose institutions have exercised the most powerful and greatest influence upon the minds of the people of New England, New York and Pennsylvania have left the deepest imprint upon American institutions.

Other addresses were made by J. H. Stuberbach, of Pella, Ia., on "The Obligations of the United States to the Hollanders"; D. T. Bolker, of Amsterdam, on "Our young queen and what we think of her in Holland."

CHICAGO, Sept. 1.—Judge Coughlin denied the motion to dissolve the injunction restraining the World's fair commission from closing Jackson park on Sunday.

PHILADELPHIA, Sept. 1.—The statement of the Philadelphia and Reading Railroad company for July, shows the gross receipts to have been \$1,807,778.50, and gross expenses \$1,084,098.05, leaving a profit in operating of \$723,680.45.

WASHINGTON, Sept. 1.—Commissioner Lochner of the pension bureau, has issued an order modifying the practice of the office as to suspensions of pensions.

It is not safe to count too largely on the sentimental influence of any measure. In business matters popular impression shifts with almost incredible rapidity.

PHILADELPHIA, Sept. 1.—By capturing steam in the cellar of Shermans Bros. establishment, on Eighth street, Engineer Thomas Service was scalded to death.

YORK, Pa., Sept. 1.—Michael Snull, the well known banker, died here yesterday. Death resulted from the accidental discharge of a gun while he was hunting.

Activities in Honor of Queen Wilhelmina of Holland.

MUSIC AND GLOWING ADDRESSES

Thousands Gather to Celebrate the Thirtieth Birthday Anniversary of the Young Lady who Guides the Destiny of Old Holland.

CHICAGO, Sept. 1.—Thousands of persons entering the gates of the exposition yesterday were upon their breasts a yellow siltken badge with the inscription in black across it face "Netherlands Day."

The Netherlands anthem, "Wien Neerlands Bloeds," was then sung by the chorus and audience, after which the Rev. J. Van Houtte, of Holland, Mich., delivered a great address in Dutch upon the topic "The Day we Celebrate."

The historian who looks upon America simply a transplanted England, does not understand the spirit of our institutions; neither does historical research confirm the theory of the over zealous American who looks upon our institutions as the original and spontaneous outgrowth of the mighty genius of the pilgrim fathers.

Opposing Speeches by Messrs. Wolcott and Caffery.

WASHINGTON, Sept. 1.—The speech of Mr. Wolcott, of Colorado, against the bill to repeal the purchasing clause of the Sherman act was delivered yesterday in the presence of almost all the senators and of a large audience in the gallery.

The next speaker was Mr. Caffery, of the opposite side of the question, and was made by Mr. Caffery, the success of Mr. Gibson, of Louisiana. It was his first appearance in the senate as a speaker, but the speech was remarkably good.

The "breathing over old at P" was announced when the house adjourned yesterday. The rules of the fifty-third congress were relegated to the background and the rules of the fifty-fourth congress came in for the chief part of the discussion.
