GEN. DANA'S SALSAPARILLA, THE "KIND THAT CURES."

Mr. Ryan, the Umpire.

There would undoubtedly be a different ending to the game yesterday had the umpire understood the rules.—Pottsville Chronicle.

Mr. Ryan, of Mahanoy City, was the umpire. This is the same gentleman who caused the delay of the Shenandoah-Pottsville game, by his persistent efforts to officiate. Even the Pottsville people, who lauded him to the skies when it was in their favor, are finding out that he knows nothing about the game, and that Shenandoah's refusal to play with him officiating was justifiable. Continuing the same paper says: "We have nothing but kind words for Mr. Ryan, of Mahanoy City, but we are compelled to say most emphatically that he does not understand the rules. His friends cannot hide him under the veil of 'he tries to do what is right.' That don't go. An umpire must be one that can umpire. If he is ignorant of the rules he can't umpire, and that settles it. Mr. Ryan wanted to umpire another game. He had better left good enough alone."

USE WELLS' LAUNDRY BLUE, the best thing for laundry use. Each package makes 440 quarts. 15c. Sold by Coakley Bros.

Evangelical at Lakeside.

Quite a number of people, outside of the members of the Evangelical Sunday school, accompanied the latter to Lakeside park yesterday. All those who were in attendance had an enjoyable time. The main feature of amusement was the game of base ball between the married and single men. The former won by the score of 17 to 21. George W. Beddall and Frank Eisenhower were the battery for the former and Jonas Gillilan and Richard Snyder occupied the points for the latter. Beddall's great pitching was the feature, striking out nine men.

McElhenny's saloon and restaurant, corner White and Centre streets. Best of everything.

BABIES ARE SICK.

Unprecedented Number of Deaths.

Prevalence of Diarrhoea and Cholera Infantum.

Ignorance of Mothers the First Cause.

Physicians Advise the Use of Lactated Food.

Infants Thrive Best Upon it and it is Easy to Get.

There was never a time for mothers to be more careful than now.

Nearly a third of the deaths in Chicago for a month past have been deaths of babies! Chicago is not an exception. Diarrhoea and cholera infantum are now more prevalent in every city in the country than ever before at this season.

The cause of this state of affairs is improper feeding.

Half the deaths in July, August and September every year are of children under five years old. Yet it was never intended; and the investigation of health societies everywhere has shown that there is no reason but the ignorance and carelessness of mothers, for such an abnormal loss of life in early years.

Mothers whose breast-milk is faulty should understand that lactated food is the food that is nearer mothers' milk than any other. And they should never fail to use it in preference to any other. It has been shown in every investigation that babies fed upon lactated food live longer and thrive better than those brought up on other diet. Lactated food makes vigorous, well-nourished, active babies when other foods fail. It contains the very elements for easy, perfect nutrition. Long trial has shown it to be perfectly adapted to the age of growth, while the digestive organs are making enormous demands to meet the needs of growth and development.

"For upwards of eight years, I have been familiar with lactated food," says the well-known Boston physician, Dr. C. P. Thayer, "and my immediate professional friends and myself have it always at hand." One cause of the high esteem of the food among physicians lies in the known cleanliness and scrupulous care used in its preparation.

In lactated food the combination of the necessary elements of pure, healthy mother's milk is accomplished. Using pure milk sugar as a basis, there is combined with it the richest elements of barley, wheat, and oats which by long subjection to high steam heat under pressure have been perfectly cooked. Combined with the other elements of the food, the result is a homogeneous product that is easily assimilated by the feeblest stomach.

Infants thrive upon it; they grow plump, strong, bright-eyed, and clear skinned.

The child who is puny, pale, and sallow is likely to become an adult of inferior mental and physical powers. The child that is brought up on lactated food starts life with everything in favor of health. Physicians of all schools recommend lactated food; thousands of mothers who have used it praise it; babies like it; it is within the reach of simple homes.

PERSONAL.

J. K. P. Schieffly spent to-day at Pottsville.

R. D. R. Hagenbuch spent to-day at Mahanoy City.

Mrs. T. T. Williams left for Tremont this morning to visit friends.

George W. Hassler, of North Jordan street, left this morning for the World's Fair.

David Owens, after spending several days at Atlantic City, returned home yesterday.

John B. Schuching has returned home from a week's visit to Philadelphia and Atlantic City.

Charles Kirin left town to-day to take up a course of study at the Ursinus college, at Col. legeville, Pa.

Chris. Feltz left for his new home in Philadelphia today after a pleasant visit to friends in town.

Mr. and Mrs. John F. Finney arrived home last evening after a visit to the World's Fair and a trip through the lakes.

Hugh O'Donnell, who recently spent some time here as the guest of Hon. M. C. Watson, will address the workmen of Chicago to-day.

Michael T. and Martin P. Parcell, John T. Stanton, Carl Coogan and policeman Flaherty formed a party that left town this morning for Pottsville.

An Accident at Gordon.

Yesterday afternoon Edward Berrigan, a workman on the P. & R. railroad, met with a frightful accident at Gordon. While assisting in making a flying switch he fell between two cars, two of which passed over his body. He was removed to the Mincers' hospital, where his right arm was amputated at the shoulder, his right leg at the hip and his left leg above the ankle. The unfortunate man resides at Ashland. The physicians at the hospital say he cannot recover.

Orwigsburg Fair.

The 22d exhibition of the Schuylkill County Agricultural Society will be held at Orwigsburg, September 5, 6, 7 and 8. The sporting program arranged is excellent and the exhibits will be large. Special attractions. Balloon ascensions and parachute leaps daily by a lady acrobat. Plenty of races. Don't fail to attend.

ONE'S OBSERVATIONS.

What He Sees and Hears During His Travels.

The pleasures of life are often marred by circumstances. I am drawn to this conclusion by the following statement of facts and live in a very quiet town, devoted almost exclusively to its inhabitants; no noisy shops, no ordinary industries, no bustle. A neighbor of mine is occupied at his absence from bed to equalize things and nature with its "sweet" he is privileged to remain longer in the morning than his neighbors, who retire earlier and who by the necessities of their vocations rise early in the morning.

Among the neighbors who after sending her daily toil, enjoys herself with the neighboring women of the square. However, her wife and model woman in performing neighborly duties that is at least a cross, as between the Robinsons and the succeeding morning the usual program of the day.

Thursday we had a month which, in point of importance, has had an almost unparalleled stagnation in business, terrible disaster, fire and water. But let us hope that with the opening of the autumn season we have had a relief from all such dreary calamities.

As far as the element of fire is concerned, we have had heretofore a man control, but in matters of finance and trade, the man is the controlling agent, and it is with pleasure we are able to point to brightening prospects. Business is reviving, confidence is being restored, suspended banks are resuming more rapidly than they suspended, currency is becoming more plentiful, and the banked-up prices of factories and furnaces are being uncovered, and the wheels are again set in motion.

When the clouds roll by, as they are rapidly doing, we shall have a return of the prosperous days of not long ago, especially if the Senate, instead of warring the country with speeches, will act promptly on the financial management of the Schuylkill Traction Company, noted in the HERALD yesterday, and express their views upon the action of the retiring officials. Last evening I heard a prominent gentleman say that it was a scheme on the part of the riot and the consequent damage. This, I think, is an unjust accusation against the company, and any one at all versed in its affairs know very well that the change in management has been under contemplation for some time. Furthermore, it is a disputed question whether the recent change in management would relieve the company of suits of the day.

To-day is Labor Day, and, moreover, a general half holiday, it was largely observed. Another reason for a more than usual unemployment of workers than ever before, since Labor Day was inaugurated, and business being dull, employers as a rule did not object to putting up the shutters and joining in the observance of the day.

Considerable of the fruit in the valley was blown from the trees by the recent hurricane, while a large portion of the corn lies flat on the ground, most of it with the roots out of the ground.

Oysters are now in season.

Rev. John Lynn will conduct a praise and prayer service on Wednesday evening in the Presbyterian church.

The Union Coal Company will resume operations at its Scott's shaft, Mt. Carmel, in a few days. Only one shaft will be put on for the present.

William Kinokus has been held at Mt. Carmel for killing Matthew Zehreits by striking him on the head with a beer glass.

September opened chilly.

The Lehigh Valley Railroad Company has reduced its floating indebtedness about \$500,000 since its separation from the Reading, and such of the company's notes as have fallen due during that period and have not been paid off have been renewed upon very favorable terms.

The next holiday will be Thanksgiving Day.

John Gedding and Miss Caroline Umloff, both of Raven Run, were on Thursday united in matrimony.

Will Push the Work.

Capt. J. F. Bailey, who recently resigned as President of the Traction Company, but still retains that position in the Lakeside Electric Railway Company, is now at Ashland in the interests of the latter company. The object of his visit is to push the work on the road between this town and Mahanoy City to a speedy completion. He visited Mahanoy City yesterday.

Dead.
