## THIS TIME RENOVU WINS.

The Home Players Had the Game Well in Hand, But as They Cannot Stand Success They Were Obligated to Release Their Hold.

HE rattle-box that hoodooed the home team at Mahanoy City last Saturday morning was carried up to the Trotting park to help them present a game to the Renovos. Somebody held the box until the sixth inning, and when the visitors went to bat he rattled it for all it was worth. It was a rattling inning for the home team. With the game well in hand by a score of 6 to 3 they showed the great crowd how easy it is to turn tables. One of the largest crowds of the season witnessed the slight-of-hand exhibition and left the grounds disgusted.

In the first inning the home team started out like born base ball players. Fulmer started with a hit, Martin followed with another, Ward then added a home run, and before the inning closed Fredericks added another hit and Frank Henry a three-bagger. Why, it was almost like rolling off a log and several people said the Renovos should connect themselves with the Salt river league, especially when they failed to score a run.

The second inning changed the complexion of the game slightly. Shenandoah failed to score. The Renovos had a change of luck. After J. Roach went out on Toman's throw to first base Free! got to first on Frank Henry's error, Good followed with a hit and stole to second and Miles followed with a long drive to right, and when the consequences of Ward's throw to third were figured up it was found that the visitors had three runs to their credit.

Setley has been repeatedly charged with having no head and he has acknowledged it, but in this inning he showed that his anatomy still holds a redeeming spot. The two hits and two errors must have had a sickening effect upon him, and when Poorman reached first base on another error it must have nauseated him, for he gave Moran and Welch their bases on balls. Somebody wanted Bradley put into the box, and immediately after Setley struck out Mike Roach and Martin threw Stout out at first, leaving Poorman and the two men who had secured their bases on balls on third, second and first, respectively. A cheer went up for Setley.

In the third inning the home team by two hits and aided by an error by Poorman and Stout succeeded in scoring another run. After that and until the fifth inning there was no enthusiasm, but when the time came the spectators went wild with delight. Stout and J. Roach each made a hit and Free! got first base on Martin's error. Three men were on bases and faith was beginning to turn her back on Setley, because it looked as if he was weakening very much. Soon after Miss Faith kicked up her skirts and catching the trail in her hand hurried back to the hearts of the Shenandoah cranks. Three men went out on flies in succession—Good to Ward, Miles to Martin, and Poorman to Frank Henry. A the latter caught the ball which destined Stout, Roach and Free! to a sphere of usefulness on first, second and third the great crowd was thrown into hysterical delight.

And here the joyous scene ended. The hour of retribution arrived in the sixth inning and none but the Mahanoy City people and Pottsville allies were heard to murmur satisfaction.

The sixth inning practically ended the game. The home team's doom was sealed with indelible ink and the play that was made by some of the home ballers will not be erased from the minds of the home cranks this season. It has been occasionally stated that some of the home team players wanted to illustrate the manner in which Mahanoy City walloped the home team last Saturday morning. They gave a beautiful illustration. View it as the curtain is drawn: Four first bases on errors—two by Frank Henry, one by Martin and one by Toman. Enough to rattle any pitcher, yet the visitors only got two hits and one base on balls of Setley.

After the sixth there was nothing eventful until the ninth inning when, after Long Bill Henry had gone out at first Messit aroused the enthusiasm by making a long drive to left field. While Pitcher Roach was kicking and claiming a foul Messit reached second and was almost upon the third bag when Poorman fielded the ball to Free! and put him out. This was a big disappointment, as Fulmer was the next batter, but Pitcher Roach gave the Tamaqua man his base on balls in a most lukewarm fashion and Free! retired the side by bagging Martin's fly. Listen to the talk of woe:

The afternoon game between Shenandoah and Mahanoy City, at the latter town on Saturday, resulted in an easy victory for the home team. Although the game to have been a one-sided affair, yet it was exciting throughout. It occupied the points for what they did their work well, using batters at his mercy, three hits and striking out or pitched better ball in his

The manager of City base ball park for the slim attention town. They make the rowdy element are admitted to the park for the sole purpose of making all the noise they know how. If this be true, they are a "howling success" and a "howling nuisance, too, to those who pay their money for the purpose of enjoying the game, and not hoodlums testing the

Shenandoah sent a large delegation over to witness the game, and they all came home with the rosy element of Mahanoy City's locality that portion of it that visits the base ball park. It was an utter impossibility for the crowd to hear the decisions of the umpire. In the last inning the push upon the district officer upon the ground where they were there behind.

We still hold the belief that Umpire Ryan, who officiated at the game, although his day did not materially may, and no doubt in rendering decisions not constitute a good that position credit knowledge of the rules, and this we think is Mr. Ryan's great fault.

The game put up by the home team was one hard to beat. They bunched their hits when they were needed. Martin led in the run getting, having three to his credit. Ward captured a difficult cut in right field, thus cutting off two runs, and Boyle also put up a good game in centre field, having three put outs. His one error was an excusable one. Messit led the batting. Every man in the team, in fact, played winning ball.

Richardson put up a very poor game at third base for Mahanoy City, having four errors to his credit. "Kid" Williams also played the bat. If a good base runner reaches first base, it is an easy matter to steal second on the bat. In this respect he had plenty of company, as the entire team failed to find Setley Johnson gave way to Foy in the sixth inning, the former having been hit quite freely. After that inning the home team failed to score. The attendance was very good, the majority of whom were from the surrounding patches and this town.

## SUCCESSFUL INDUSTRY.

A Good Showing by One of the Hat and Cap Factories.

One of the home industries which is worthy of attention is that owned by the Schenck Hat and Cap Manufacturing Company. This plant has gradually extended its trade until now it gives employment to forty-four men and girls, turns out two hundred dozen hats and caps daily, and pays one thousand dollars per month to the operatives. The industry is a comparatively new one, yet the goods it places on the market have met with so much favor with the general public that the output is behind the demand. The company now has many more orders on hand than it can fill and finds that the plant is too small for the amount of business it has gained. The management says that it is handicapped at present in meeting the rush of orders because a larger building, or a site for one, cannot be secured. Mr. I. Lauterstein has just returned from a trip through the New England states, where he booked a large number of orders for the new company's goods, and Max Levitt, one of the salesmen, returned to town on Friday night from an extended tour through the Western states, where he was equally successful in the company's interests.

Livery stable keepers should always keep Arnica & Oil Liniment in the stable, nothing like it for horses.

## USE DANAN'S SASSAPARILLA, IT'S "THE KIND THAT CURES."

No Appointment.

A report was circulated yesterday that Michael Mellet had been appointed postmaster of this town to succeed Postmaster Boyer, but upon inquiry it was not confirmed. Mr. Mellet said he had received no notification and he was quite sure no appointment had been made. Several local politicians went to Pottsville on Saturday and had a talk with Congressman Kelly. It is said that during the conversation Mr. Kelly said he was responsible for bringing Mr. Mellet into the field as a candidate for the postmastership and the papers were on file at Washington. This part of the conversation was repeated in town and no doubt some who heard it twisted the statement into a report that Mr. Mellet had been appointed.

## Obituary.

Martin Scott, father of Mrs. J. P. Williams, of town, died at his home in St. Clair Saturday night. Mr. Scott was an old and highly respected resident of St. Clair and had a large circle of friends throughout the county. The funeral will take place to-morrow and the remains will be brought to town at noon for interment in the Odd Fellows' cemetery.

Thomas Arthur, the infant son of Thomas H. and Kate Potts, of East Line street, died on Saturday evening. The funeral will take place to-morrow, at 2 p. m.

Thousands walk the earth to-day who would be sleeping in its bosom but for the timely use of Down's Elixir.

## Election of Officers.

At a regular meeting of the Young Women's Christian Temperance Union, held on Saturday evening, 3d inst., the following officers were elected: President, Belle Brown; Vice President at-Large, Mary Pomeroy; Secretary, Hattie Roxby; Treasurer, Hattie Mansell; Superintendent of flower mission, Priscilla Smith; Organist, John Hough; Delegate to state convention, Belle Brown; alternate, Hattie Roxby.

Arnica & Oil Liniment is equally good for man and beast. 25 and 50 cents per bottle.

## New Trials Refused.

At the Pottsville court this morning Judge Bechtel read decisions denying the motions to grant new trials to Sampson Gradwell, of this town, and ex-Constable Zeigler, of Pottsville. The latter was convicted of murdering a man named Kopley last fall. Both the unsuccessful applicants will be called before the court for sentence.

## Labor Day.

Glassville was the only town in the county that made any pretensions looking to the observance of Labor Day. The closing of the banks and a few business places constituted the day's observance in other towns in the county.

## THE GOOD WORK DONE

Written Report to the Local Board of Health.

## HEALTH OFFICER MILES

Makes a Statement Which Shows That He Is Carrying Out the Orders of the Board in all Sections of the Borough—General Cleaning Up.

HEALTH Officer Miles has made a lengthy written report of the sanitary condition of the borough which the citizens will consider very interesting. It reflects credit upon the officer, as it shows strict attention to duty and a vast amount of work accomplished, more work, it may be said, than any of the sanitary committees of the Borough Council have yet accomplished.

Mr. Miles says in his report that upon making a tour of the town he found the people, with few exceptions, ready to give a helping hand in putting their premises in proper condition. The people inclined to be obstinate promised to comply with the officer's orders after being informed of his authority and powers.

The Health Officer suggested that the attention of the Borough Council be called to the gutters on the West side of Jardin street, between Cherry and Poplar, in regard to the grade; also on the north side of Oak street, between Main street and Pear alley, for the same reason. Property owners complain that they are unable to make needed repairs on account of these gutters being out of grade.

The officer specifies the following places in his report: Smiths' tank on South Main street—cellars used for cow stables.

Roads property on East Lloyd street needs cleaning.

Yurks property on North White street—duck pond in the yard.

Mrs. Bradley's East Centre street property—has been cleaned.

J. J. Franey, East Centre street—outhouses in bad condition; yard back of Coal street also needs cleaning.

Jerry Connaughton, East Centre street—outhouses flowing over. Connaughton and Merrick properties could be improved by putting in clean condition.

Academy building—a portion of interior clean.

B. Dillman property, back of Line street—cow stable; manure running over the street. Cleaned up for the present.

Purell property, corner White and Centre streets—store cellar in poor condition. Cleaned up after being notified.

Attention was called to a stagnant pool at Coal and Emerick streets—Borough cleaned it.

John Robbins properties on East and West Centre streets—outhouses and yards in poor condition. Cleaned after being notified.

Slaughter houses greatly improved.

Borough building cellar in poor condition.

Mulberry and Pear alleys have been put in good condition.

Mrs. Cleary's property, corner Cherry street and Market alley—outhouses full. A sewer will be put in.

In conclusion Health Officer Miles says: "I desire to return thanks for the hearty cooperation given me by the citizens generally."

## Piece for Inducements.

People in search of bargains in the boot and shoe line should not fail to call at M. A. Ferry's People's store, 121 North Main street, where great inducements are offered to buyers. POTTS.—On the 2nd inst., at Shenandoah, Pa., Thomas Arthur, son of Thomas H. and Kate Potts, aged 1 year and 17 days.
