THE WEEK IN CONGRESS!

Senator Voorhees Will Force the Senate to Act.

THU TARIFF BULL IN PREPARATION

Representative Barter, of Ohlo, Expresses

and gradually, but firmly, the pressure will be brought to bear upon the silver men who hold out in the fight against re-peal. If they are disposed to talk from this out they will be allowed to do so, but whenever there is an i termission Senator Voorbees will probably be found persuasively suggesting a vote on some amendment, and all he time seeking to bring the question to a final vote, the favorable issue of which he does not appear to doubt.

Formal announcement of speeches to be made have been given by Senators Cul-lum, Stewart and Mills, the first holding the floor today. Mr. Stewart will speak tomorrow and Mr. Mills on Wednesday. It is probable also that Senator Mitchell, of Oregon, will address the senate on the silver question before the week expires.

The house, instead of adopting the code

of rules recommended by the committee on rules, in one session, as it was expected of rules recommended by the committee on rules, in one session, as it was expected and are hereby saked to embody in their would be done, spent the whole of last week, after Monday, in debate upon the committee renort, without coming to any favoring the supption of unequivocal sufcommitte's report, without coming to any conclusion thereon. Much of the opposi-Even if they only toon to the rules was purely fictitious, and was aroused with the belief that while was aroused with the belief that while thus engaged the house would at least be saved from doing any damage or saveling which it or the country might recret. Smith & Co., bankers, of Columbia, were which it or the country might regret.

As there was nothing immediately de-

manding attention it was felt that the the full and free, if not discursive, discussion of the propositions of the committee and the amendments offered by others the full and free, if not discursive, discussion of the propositions of the committee and the amendments offered by others was not antagonized. But a week having been thus spent the leaders of the house of E. K. Smith & Co., and that they knew they were insolvent. The accused gave \$13,000 bail. Additional suits are to be brought against them. has been granted in the way of debate that is necessary or desirable, and will make an effort to secure final action on the report on Wednesday, the day to which the house has adjourned. Should they be successful in this, the intention is to Thursday to the introduction of bills, and adjourn from that date until Monday of next week. In case of failure to carry out this program there are no plans for the week, but the progress of events will de-pend upon the developments from day to day, which no man can foreses.

The committee on ways and means to-day began the series of hearings it has onsented to conduct preparatory to its work of preparing a tariff bill. The first person heard was Representative M. D. Harter, of Ohio, and his purpose in taking advantage of the opportunity offered by the committee is entirely consistent with the collision. by the committee is entirely consistent with his well known and frequently expressed views upon the subject. "I am going to talk to the committee," he said, "about two articles, agricultural implements and flour, which I think ought to be placed on the free list or at least, included within the reciprocity treaties that we make. There is no more reason," continued Mr. Harter, "why there should be tinned Mr. Harter, "why there should be a duty on those things than there should be one on wheat." And then recollecting himself, "But we have one on wheat." Leaving the reporter to fill in the blank made by the withdrawal of the cereal from his sentence.

The committee on elections will take up the Belknap-Richardson case from Michigan at its meeting Friday. This case presents unusual features, and will require, or it is supposed receive, unusual treatcate of election from the canvassing board, but later the supreme court of the state directed that a certificate issue to Mr. Belknap. Both claimants thus had a prima facis right to the seat, and the usual for-malities preliminary to a contest before the committee were omitted. Mr. Rich-ardson's name was placed on the roll, and Mr. Belknap trusted to the efficacy of his certificate, backed by the decision of the supreme court. When the committee meets Friday it is expected that Mr. Belknap will be given permission to institute a contest and prosecute it as if it had been initiated in accordance with the law governing such matters.

An Iron Mill Burned. PITTSBURG, Sept. 4.—A fire of mysterious origin broke out in Clark's iron mills. The 9-inch mill was totally destroyed and the 10-inch mill badly damaged. Several freight cars and 100 feet of tresile on which the cars were standing were also burned. Over 300 tons of finished iron was damaged. About a hundred men are

thrown out of employment. A Beseuer Drowned.

PHILADELPHIA, Sept. 4.—Brave Henry L. Scholes, aged 27 years, after being mainly instrumental in saving two lives from being lost on the Delaware river Saturday night, was himself drowned within an easy stone's throw of the scene of his heroic deed. His body has not yet been

Broke the Bank at Monte Carlo. VIENNA, Sept. 4.—Trieste newspapers assert that a Miss Leaf, a young Scotch woman, who has recently been playing at the Monte Cario gaming tables, had remarkable tack for several days, which culminated in the breaking of the bank. She is said to have won \$500,000 in one Ehe is said to have won \$500,000 in one
