Closed factories and thriving pawnshops are the measures of Democratic capacity to govern. THE WANT OF CONFIDENCE everywhere remarked is not want of confidence in the country, in our institutions, or in our circulating medium, it is simply want of confidence in the Democratic party.

In common decency, the pawnbrokers and 5 to 10 per cent. a month money sharks ought to inscribe this legend over the entrances to their places of business: "God bless Grover Cleveland and the Democratic party." It may be remarked, without fear of successful contradiction, that the majority have no moral right to "kick" at the condition they find themselves in as the result of inactivity and industrial paralysis. They voted for just what they have got; not intentionally, perhaps, but in spite of earnest warnings, nevertheless.

There were more strikes under Republican rule than in these Democratic days, 'tis said. Very true. Labor was well employed. There was a possibility of getting more wages or less hours of work by striking then. How different now. Men out of work have nothing to strike for. Men who have work are glad to keep it, and rarely dispute the terms.

It is said the boy orator who seconded the nomination of Judge Fell is from Beaver county and is the son of a widow whom he supports by working as a substitute letter carrier. He is a protegee of Senator Quay and is only 19 years old. He recently won the \$250 Carnegie prize in the oratorical contest in Pittsburg, his subject being "James G. Blaine." He will enter Yale College this fall and become a lawyer. He will be again heard from later, we predict.

There are indications that the merchants in this county, whose standing as a whole is of the highest, have viewed the business situation too apprehensively, so far as trade is concerned, and have treated it with excessive conservatism. There are many out of employment, it is true, and the buying of goods is necessarily restricted; but it does not yet appear that an active market for goods may not be created in view of the low prices at which goods are offered. A large proportion of those out of work have money laid by in the banks, or in their stockings, a large proportion of which is accessible. Millions of dollars have been withdrawn from the banks and being institutions in the past three months, and many thousands more from other depositories. It is probable that thousands of dollars are being hoarded in this county by individuals, and if the amount were only half the money supposed drawn from the banks, etc., it would seem to be the part of business wisdom to spare no efforts to tempt it from its hiding places. The holders of this money have lost their fears of things going to eternal smash and are on the lookout for bargains, in merchandise, securities, and real estate. Now, of all times, is the time to advertise. An examination of the Buffalo, Cincinnati, Pittsburg, Detroit, and Western papers, shows that the merchants and other dealers in these cities believe just what is said above. They are advertising freely; as much or more than is usual at this season; while our county papers have never in twenty years contained so little advertising as now.

THE RUSH FOR HOMES.

Great Suffering Among the Would-be Cherokee Strip Settlers.

AN APPEAL TO SECRETARY SMITH.

Newspaper Men Unite in Urging a Larger Force of Clerks—Several Dead Bodies Have Been Taken from the Lines of Applicants.

ARKANSAS CITY, Ark., Sept. 14.—The mercury in Arkansas City yesterday afternoon indicated a temperature of 110 degrees, the hottest day of the season in this part of the country. Many persons overcame by the heat were carried from the lines of home seekers. Some of them died yesterday, but others will die. Six men died yesterday.

There is great discontent among the home seekers because the forces at the booths are not large enough to register more than one-half of the people who wish certificates of registration. Great pressure is being brought to bear upon the authorities at Washington to induce them to move the booths to Arkansas City or to discontinue all registration and to permit every one to enter the strip and locate a claim.

Lieutenant Caldwell yesterday afternoon sent a telegram through his superior officer, Colonel Parker, to Secretary Hoke Smith advising him of the conditions existing at the booths and suggesting that as the registration has proven almost a complete failure that it be discontinued. All of the newspaper men representing metropolitan papers last evening united in the following dispatch to Secretary Smith:

"In the name of the papers we respectfully request that you take immediate steps to alleviate the condition of the home seekers who are seeking registration at both 9 near this city. The booth is situated on a dusty road four miles away from water and shelter. The weather is extremely hot and hot winds are blowing a gale. The suffering is great. A large number of home seekers have been stricken down and some have died. Registration is progressing so slowly that hundreds of men are compelled to stand in line for days, exposed to the sun, dust and thirst. Cannot you cause the booth to be removed to this city and put on a larger force of clerks or abandon registration at once? For the honor and welfare of the administration we beg you to take immediate action. Humanity demands it."

"So bitter is the feeling against the registration system that when Friday night arrives, and it is apparent that the thousands in waiting will be unable to have their names placed on the list, a riot will be precipitated. Practically the same condition exists at Orlando, Stillwater, Hunnewell and Caldwell. It will be impossible to enforce the order issued by Secretary Smith on Monday, forbidding any one to board the trains carrying the strip at noon, who are not armed with registration certificates. Trains loaded to their fullest capacity arrived here today, and this influx will be kept up constantly until Saturday noon.

At Hunnewell last evening a hoarder was killed in his wagon and robbed of all his money. The murderer was captured and quickly removed from town to prevent his being lynched. Several attempts at murder and robbery were made at the booths near this city, but the vigilance of the soldiers prevented any fatalities.

Rebel Vessels in Control.
LONDON, Sept. 14.—Private telegrams from Rio de Janeiro state that the official statement that the Brazilian rebel ships are unable to leave Rio harbor. On the contrary, it is declared that they control the harbor and its entrance. A state of siege has been declared and business is at a standstill. Admiral Mellor, commanding the rebel Brazilian fleet, has informed the representatives of foreign nations in Rio de Janeiro of his intention to bombard the forts in the bay of Rio Janeiro.

TO AMEND THE CHINESE LAW.

Mr. Geary Favors an Extension of the Registration Period.

WASHINGTON, Sept. 14.—Yesterday the house committee on foreign affairs referred the Everett bill to amend and modify the Geary Chinese registration law to a sub-committee for revision. Chairman McCrery heads the sub-committee, the other members being Messrs. Geary, Everett, Hitt and Harmer.

In the course of the discussion there seemed to be a unanimous sentiment favoring the extension of the registration period for six months from the date of passage of the act, and there will be all probability be the terms fixed in the bill reported from the committee. The Everett bill, proposes a period of a year, but this is believed to be longer than is necessary. Mr. Geary himself, a member of the committee, is in favor of the extension if he can secure it with certain amendments which will make the measure acceptable to his party at home.

The bill now before the sub-committee, although having Mr. Everett as its putative author, is said not to be his work. It is understood that the measure was drawn by Assistant Secretary Quincy, after consultation with the President.

Three Dead in a Burning Steamer.
LEAMINGTON, Ont., Sept. 14.—The harbor tugboat and freight steamer Byron, having on board the water's edge at 10 o'clock in the morning. Three men were lost, and two persons were so badly burned they may not recover. The fire was caused first by the explosion of a lamp and then of a barrel of oil. The vessel had run into this port for shelter, and there were no passengers aboard. The dead are: George Shaw, fireman of the tugboat; John Cronk, of Dresden, deck hand; Joseph Hines, cook. Captain L. F. McInnes and Purser Jackson were badly injured.

Twenty-eight Indictments Reported.
ATLANTIC CITY, Sept. 14.—After being in session two days at May's Landing the Atlantic county grand jury adjourned until next Monday. Twenty-eight indictments out of sixty-eight bills were reported. The matter of the wholesale forger of names in obtaining liquor licenses in Atlantic City was considered, but nothing will be made public until Monday.
