**THIRD EDITION**

IN SENATE AND HOUSE.

**The Federal Elections Repeal Bill Held Back by Republican Filibustering.**  
WASHINGTON, Sept. 16.—For two hours in the house yesterday the skirmish fight over the federal elections bill continued. Mr. Tucker, of Virginia, marshaling the Democratic majority and Mr. Burrows, of Michigan, taking charge of the Republican forces. Not during this session has Mr. Reed appeared to be so anxious for a fight as he was yesterday, and had it not been for continual roll calls the house would have had a very lively session. The time up to 2 o'clock was monopolized by the reading clerks, who monotonously called the roll of members, knowing that their task was merely a perfunctory one. At 2 o'clock the house paid tribute of respect to the memory of the late J. Logan Chipman, of Michigan, and at 3:30 adjourned.

The debate in the senate on the repeal bill was altogether on the affirmative side of the question. Two speeches were made in favor of the bill, the first by a Democratic senator, Mr. Lindsay (Kan.), and the second by a Republican, Mr. Higgins (Del.). Both were uncompromising and unconditionally for the repeal of the silver act. Mr. Lindsay eulogized President Cleveland's course as being exactly in conformity with the party platform and with the popular will, and he promised, for him, that whatever further silver legislation congress may enact in conformity with the platform will receive executive approval. He also defended Secretary Carlisle from the charge conveyed in Mr. Teller's speech, that he had been a party to the supposed conspiracy of New York bankers to produce a financial panic with the object of having the Sherman law repealed.

**TRAIN ROBBERS' BIG HAUL.**

**They Secure Seventy-five Thousand Dollars on a Michigan Railway.**  
CALUMET, Mich., Sept. 16.—A passenger train on the Mineral Range railroad coming to Calumet was held up by four highwaymen about half way between Calumet and Hancock. The engineer and fireman were covered by revolvers by two of the robbers, while the other two ordered the express messenger to put the contents of his safe in a bag which one of the robbers carried. The messenger immediately complied, and handed out some \$75,000 consigned to the Calumet and Hecla mine, and which was part of the money to be paid by the mine on its pay roll.

After securing the booty the robbers fired a shot and ordered the engineer to go ahead "damned quick," which he did. It is thought that the robbers had horses conveniently near and a boat ready at the lake, from which place they would make for northern Canada.

**Freeing Out the Amalgamated.**  
PITTSBURGH, Sept. 16.—Out of sixty-four iron and steel mills in the Pittsburgh district thirty or more are being operated on a non-union basis. Five years ago more than a majority of the mills were working under the Amalgamated Association rules and rates. The first division of the Pittsburgh district contains thirty-five mills, of which thirteen are outside of the Amalgamated Association. In the second division of the Pittsburgh division there are twenty-nine mills, fifteen of which are not governed by Amalgamated rates. It is quite likely that several more mills will be added to the non-union list.

**Fatally Burned in an Oil Tank.**  
CANTON, O., Sept. 16.—Henry Mielke, foreman at the wrought iron bridge works shop, entered an empty sixty barrel oil tank, carrying a lantern in his hand. The tank was full of gas and an explosion resulted. Edward C. Miller and Mielke were frightfully burned, the latter probably fatally. Four boys were badly burned, but will recover. Mielke has a wife and six children.

**Officials Charged with Embezzlement.**  
HOY SPRINGS, Ark., Sept. 16.—The prosecuting attorney of Garland county has filed proceedings against ex-Mayor John Longfield, ex-City Clerk W. F. Shannon and ex-City Treasurer H. D. Rapley, who are charged with embezzlement. The shortage is \$22,375. Suit was also filed against their bondsmen.

**A Ten Per Cent Reduction.**  
SEBASTIAN, Pa., Sept. 16.—The officials of the Lackawanna Iron and Steel company posted up notices in their mills and blast furnaces in this city that a reduction of 10 per cent in the wages of all employees will go into effect at once. Nearly 8,000 men and boys are affected.

**Lynchers Dispensed with a Third Trial.**  
RICHMOND, Sept. 16.—Jesse Mitchell, colored, was lynched at Amelia Court House. He had been convicted twice of rape upon a white child 12 years of age some two years ago, but had gotten new trials on technicalities. The third trial was to have taken place yesterday.

**Sailing a Close Race.**  
LONDON, Sept. 16.—Latest reports from the Britannia and Navahoe are to the effect that the vessels are sailing a very close race. The wind, however, is very light, and the contest will probably not be finished until late tonight.

**LET THE MOTHERS READ**

Nature's Remedy for Sickly, Ailing Infants  
Is Lactated Food.

"Let me have the mothers on my side, and I don't care what others think," said a great observer, speaking of his reputation.

On nothing are the mothers of Shenandoah so united as on the excellence of lactated food for babies.

The praise of physicians and mother, and stronger testimony yet, the thousands of homes all over the land, radiant with plump, healthy children, who have been brought up on this purest and most nourishing of all infant diets, make lactated food one of the most famous products of modern care and diligence.

In these days of late summer and early fall when cholera infantum and diarrhea bring even strong, healthy children in two or three days to the verge of the grave, the physicians order lactated food, not only because it is the most nourishing, strengthening, readily digestible food for the baby, but also because it is absolutely pure.

There is no secret whatever about it. It is simply a food.

It is the most perfect substitute there is for pure mother's milk. Its basis is sugar of milk, and with it are combined the nutritive qualities of the three great cereals, wheat, barley and oats, thoroughly cooked at a high steam heat, and made a "pre-digested," palatable, nutritious food. Babies take it with relish. It is retained in the stomach when other foods are rejected. It restores sickly, ailing, fretful little ones to health and strength.

It has the qualities that nature intended for the infant's diet.

The twin babies of Mrs. T. H. Hickens, of Atlantic Highlands, N. J., whose pictures are given above, were brought up entirely upon lactated food which has saved the lives of thousands of little ones whose mothers have been unable to nurse them at the breast.

At this season of the year an infant's stomach, when the little one has been fed upon cow's milk or has been imperfectly nourished at the breast, or has been fed upon some inferior food, is often weak and incapable of converting such food into nourishment sufficient to keep up strength. Lactated food should at once be given, and the history of these cases as told by physicians, where a change to lactated food is made, invariably shows a rapid renewal of flesh, and a return of sound digestion, health, and happiness. Try lactated food. It is nature's remedy for the ills of childhood. It is the best possible food.

**IN THE CAPITOL.**

**Returned Rates of Fare to Washington via Pennsylvania Railroad.**

The hundredth anniversary of the laying of the corner-stone of the United States Capitol will be celebrated at Washington on Monday, September 18th, with ceremonies appropriate for an occasion so nationally momentous.

Patriotic and historic orations will be delivered by well-known speakers and statesmen, and it is intended to have other fitting tributes paid to this national commemoration.

That people from other cities and towns may attend the celebration, the Pennsylvania Railroad Company will sell excursion tickets from all points on its system east of Pittsburgh and Erie, except the Downingtown and Lancaster branch, at one and a third fares, which is a considerable reduction. The tickets will be sold by the company's agents on September 16th, 17th, and 18th, good going only on those dates and return passage until the 21st of the month, which will permit of quite a little visit in the nation's capital.

**Believed at Last.**

**EDITOR HERALD:**—About eight years ago I was attacked by rheumatism and after that I received treatment from many physicians in Europe, not only in the small towns, but also in the capital of Poland (Warsaw). None of the treatments were successful, and when I came to this country I took advice from physicians in New York and Shenandoah, but met with no success. I met Dr. Albert N. Mehrenlander, of Shenandoah. He prescribed for me and I was cured. I thought at the time that the disease would appear, but three months have passed and I have not been troubled again. Before Dr. Mehrenlander treated me I could not stand straight on account of pain, but now I am a new man. I am so grateful that I decided to cause my testimony to be published in the Polish paper in Chicago and the Lithuanian paper and your HERALD in this town. The relief Dr. Mehrenlander gave me was so great I feel I cannot do too much to show my gratitude.

**A Famous Dancer.**

The Gilbert Opera Company, headed as it is by Chas. A. Gilbert and Addie Corn Reed, makes a strong bid for popularity, yet these well-known artists do not stand alone as important members of the organization, as the roster includes Flurette, probably the best and most charming of the various fancy dancers that have of late become famous. Young and pretty, her pleasing personality alone becomes a magnet. Her charming stage presence and the grace of her movements captivate and call forth unbounded applause. She will make a specially attractive feature of the production of the "Black Hussar" Thursday evening and one that promises to create more than a passing impression.

**Telegraph Office in a Blaze.**

The telegraph office at Pottsville caught fire last night during the storm. The fire originated in the cellar, but was gotten under control before much damage was done. It is supposed that the fire was caused by an electric light or telephone wire coming in contact with the telegraph wires leading into the cellar and burning off one of the insulated cables.

**Cheap-Rate Excursions to the World's Fair via the Pennsylvania Railroad.**

As the period of the existence of the World's Columbian Exposition draws to a close the demand grows stronger for the economical and satisfactory means of reaching Chicago provided heretofore by the Pennsylvania Railroad Company. Recognizing the urgency of this popular need, that company has fixed a few additional dates on which excursions of the same character as the previous ones will be run. September 19th, 23d, 25th, October 3d, 11th, 17th, and 21st are days selected from New York, Philadelphia, and points east of Pittsburg and Erie and north of York.

The special trains will be composed of the standard coaches for which the Pennsylvania Railroad Company is noted, and the arrival in Chicago at an early hour the following afternoon obviously gives ample opportunity for securing accommodations at that place.

The trains will leave New York 9:00 a. m., Jersey City 9:15, Newark 9:25, Elizabeth 9:32, New Brunswick 9:53, Trenton 10:23, Philadelphia 11:30, Frazer 12:09 p. m., Downingtown 12:22, Parkersburg 12:41, Gettysburg 1:02, Lancaster 1:25, Conowingo 1:57, Harrisburg 3:00 p. m., Lewistown Junction 4:30, Tyrone 6:00, Altoona 7:00, and Pittsburg 10:40 p. m. The excursion rate, good only on the special train and valid for return within ten days, is \$20 from New York, \$18.25 from Philadelphia, and proportionately low from other stations. Return portions of tickets are good for ten days.

These trains will run on schedule, and will be provided with all modern conveniences with the exception of Pullman cars.

Many expressions of complete satisfaction have been made by people who have availed themselves of this excellent opportunity of visiting the greatest and grandest exhibition the world has ever seen.

**Ferris Wheel Memento.**

The Ferris Wheel Company, which owns and operates the immense revolving wheel that enables visitors to the World's Fair at Chicago to make exciting trips and obtain an excellent view of the fair grounds and surrounding country, has issued an artistic piece of typographical work embracing an interesting story entitled, "Car No. 1; a Romance of the Ferris Wheel." The little work also contains an excellent portrait of Mr. Ferris, the inventor of the wheel, and many excellent sketches of World's Fair and European scenes. Copies of the work may be had free upon application.
