THIRD EDITION

A Mahanoy Opinion.
To-day's Philadelphia Press contained the following account of the game from its Mahanoy City correspondent: "The game here today between the home team and Shenandoah was unfair from the start. The umpire, said to be a fakir and pugilist of this city, was very remarkable for the number of rick decisions, particularly when the home team got to the bat, in calling strikes balls and vice versa when Shenandoah was there. In the beginning of the eighth inning Bradley, of the visiting team, wrenched his knee and was thus compelled to leave the box. Setley, another good pitcher, took his place. Johnson, the first man of the home team to the bat, had five balls pitched to him, one a foul, the other four called balls. A number of enthusiasts standing behind the catcher said at least three of them were strikes. The next man to the bat was Hunsinger. The umpire called three strikes balls, when Setley objected to the decision. At this the umpire pulled out his watch, saying, 'I allow you five minutes,' but actually did not allow one minute to pass when he threw his hands over his head waving the home team to come in off the field and gave the game to Mahanoy City.

"It was then that the mob rushed in on the diamond, when a free fight took place, Setley was the principal target and it was only for the assistance of five prominent men, three of Mahanoy and two from Shenandoah, that he escaped from the park alive. The visitors were finally hustled into a large bus in waiting and driven home. For 300 yards an angry mob followed the team and hurled stones, sticks and other missiles at them. How some of them escaped serious injury is, indeed, miraculous."

Funerals.
The funeral of the late John Jenkins, who died at No. 4 on Sunday, took place this morning. The remains were brought to town and transferred to the Pennsylvania train for St. Clair, where interment was made. Many friends accompanied the remains to their last resting place. Deceased was a member of Plank Ridge Lodge, No. 515, L. O. O. F. of town.

This afternoon the remains of Samuel Roger's infant son were brought to town from Mr. Carmel. Interment was made in the Odd Fellows' cemetery.

W. C. T. U. Convention.
The county convention of the Women's Christian Temperance Union will be held at Mahanoy City on Tuesday, 29th inst. The day will be devoted to routine business and in the evening Mrs. Anna Hammer, the State President, will deliver a lecture. Misses Bella Brown, Mabel Marshall, Hattie Rixby, Mary Hooks, Hattie Mansell and Maggie Jacoby will represent the local organization. Mrs. S. G. M. Hopper, the County President, will also be there.

BABY'S THREE NEEDS.

Cleanliness, Sound Sleep, and Proper Food.

No Pains Should be Spared to Secure the Infant's Health.

Upon the Little One's Diet Depends Its Life and Happiness.

An infant has but three big needs—food, sleep, and cleanliness. During the important first few years, when the child is rapidly developing, no pains should be spared to secure food of absolute purity and sufficient nourishing for every need of healthy growth.

Breast milk is at first baby's ideal food; but there are circumstances under which artificial feeding becomes absolutely necessary. The proportion of mothers in our large towns

KATHLEEN SHEPHERD GRAFF.

who are able to fully discharge the maternal duty of nursing during the whole of the natural period are few.

Until within recent years infants deprived of mother's milk have been reared in a haphazard and unscientific manner, with the usual result that the enormous mortality during the first five years of life has been a reproach to medical men.

But all this is now changed. Practical scientific men of the highest standing have devoted themselves exclusively to these problems of infant feeding. Many results have come, but the greatest and most practical is the preparation of lactated food—next to mother's milk, the most nourishing, strengthening, readily digested, and palatable food that can be given a baby.

Very many babies that could not be reared, that pined and wasted on other food, have grown fat, plump, and strong when fed on lactated food.

Just now when the death reports show a fearful prevalence of diarrhoea and cholera infantum, lactated food is doing its best work.

It is saving the lives of babies in nearly every city and town in the Union. Every day most touching letters come from mothers whose babies have escaped or safely gone through dangerous complaints by the help of lactated food.

Mr. and Mrs. Edward Graff, of Cornelius, Oregon, writes:

"Our baby was born in October. After trying milk and several kinds of infant foods we began using lactated food. On this she thrived and grew well and strong. We regard lactated food as all that is claimed for it."

"Buffalo Bill."
Visitors to the World's Fair will not find complete satisfaction until they take in Buffalo Bill's Wild West Show, which is exhibited just outside the fair grounds on 63rd street. It is an opportunity of a life time and should not be missed by any visitor. Mr. Cody (Buffalo Bill) has an aggregation of one hundred Indians (Sioux, Comanche, Pawnee and Blackfeet); 75 Cowboys, 50 Mexican Vaqueros, 25 South American Ganchos, 25 Rio Grande Caballeros and 25 Mexican Rurales. Mounted battalions, representing the five great armies of the world; troops of the 6th Cavalry, U. S. A.; 12th Lancers, from England; 1st Guards Uhlan Regiment, French; Cuirassiers, Russian Cossacks. The massacre of General Custer and his command and the ambush are almost realistic enough to cause one to leave the audience and go to the assistance of the one who personates the brave general. No one visiting Chicago should miss this great show. It is alone worth a trip from any part of the country. Hon. William F. Cody (Buffalo Bill) is as handsome and popular as old and sends greetings to his many old friends in Schuylkill county to visit his great show.

The Columbia County Fair.
The 30th annual exhibition of this association will be held on their grounds in Bloomsburg from October 10 to 14 inclusive. Many improvements have been made this year to the buildings, which are now supplied with as capacious and comfortable stalls for horses and cattle as they are accustomed to occupy at home. A building has been fitted up in a convenient location for the storage of baggage, the association checking and taking charge of same for a small fee. Prof. Tolbert's combination of running, hurdle and Roman chariot races will be the attraction. The purses aggregate \$2,500 which are offered for eleven races, including 2:19 and free for all classes. The track has been kept in first class condition during the whole season. Many of the other premiums have also been increased, and the classes rearranged to fully meet the demands of exhibitors. The cyclorama of the Battle of Gettysburg will be on exhibition. An additional outlet gate has been built on Fifth street for the accommodation of vehicles. The secretary has already received many entries. 9-19-14

OBE'S OBSERVATIONS.

What He Sees and Hears During His Travels.

"Man wants but little here below—You've heard the tale before—No matter what he gets, you know, He wants a little more."

I think these few lines might be very properly applied to the theatre-goers of this town. They seem to try to force the actors to earn their salary three times over. It amuses me to see these people repeatedly exclaim every little trifling affair that comes along, but I always have a little sympathy or even pity for the actresses, who fairly have to dance their feet off and sing themselves hoarse in order to please. Oh, people, won't you stop it?

Wonder whether our people will try for a city charter next year? Pottsville will make the effort and probably succeed, as it ought. And, why not Shenandoah?

If there is one thing in this world that pleases me more than another, it is to listen to a good performer on a good instrument, be it piano or organ or what-not. But Padrowski himself could not bring music out of some of the rattle-traps that are palmed off on us nowadays for pianos. And I saw this fact forcibly illustrated one evening last week at a private residence in town. Had I not previously known of the high standing of the musician, I should have come away from that party with a very poor opinion of the player. But as it was I understood the difficulty he was trying to get music out of the most beautiful piano ever I saw (the frame was beautiful, I mean) but the piano itself was wretched. And I cannot see for the life of me, why people will put their money into such pianos! Why not buy a PIANO once in awhile, and not a frame? A good piano will last a life time.

Pay checks are bad enough, but they might have been worse. As it is, they have given to the younger members of the community a taste of the beautiful condition of affairs that existed in the halcyon days of "wild cat" banking. "Pay checks" and "wild cat" banks seem to be Democratic specialties.

Well, girls, if you all didn't have pretty shoes this fall, it most certainly is not the fault of our enterprising shoe men. The styles were never before as pretty as they are this season. Take Ball's, on South Main street, for instance, and see what a display he is making. He is introducing a novelty in the way of shoes for evening wear, and when once you've seen them you will taboo the satin covered shoes and slippers. This novelty they call the glass, soft as silk, and comes in every possible hue and tint. Ferry's—justly termed the "People's Shoe Store"—is also displaying a shoe known as the "Lady Cleveland," a common sense, low heeled shoe, with something entirely new in the way of indentations through the leather, giving it a very striking appearance. A shoe of beauty is more than a joy forever.

There is a peculiarity about the tastes of some men. In the majority of cases you will find that the majority of the male sex prefer light work to a hard job. There are exceptions to this rule as in all others, they would rather hold a 150 pound girl than a 15 pound baby.

A silver dollar is like a great many women—it goes for its face value, but is worth a great deal less.

It doesn't surprise me a particle to learn that the Pottsville Republican has a very small number of readers in this town. Whenever the opportunity presents itself it maligns some of the most influential and leading citizens of the county—who pride themselves upon being residents of this town—by calling them Hungarians and Poles, men who are so far above the "adulterated editor" in morality and otherwise, that comparison is odious. The above sheet is feeling the effects of the "Polish City's" indignation by a greatly decreased circulation in this town. There is not a Hungarian or Polish resident of the town but has more manhood and gratitude than the "adulterated" liar of the Pottsville sheet.

SOME SOLID FACTS.
People Who Intend Going to the Fair Should Read This.

A gentleman who recently returned from Chicago paid the following tribute to the Pennsylvania Railroad and its officials: "You who have not visited the World's Fair and are debating on the best route to read this: There are a number of excellent routes, but none better than the popular and reliable Pennsylvania. This cannot be contradicted. It is the best equipped, has the most obliging and careful conductors and attendants, and makes the quickest and surest time. The Pennsylvania Company operates its own line to Chicago and all its patrons are made to feel as safe as if they were in their own homes. For a trifle in addition to the ordinary rates tickets can be secured for a quicker train, with less stops and extra accommodations. There is nothing you want and cannot get on the celebrated "Limited" or "Columbian Express." Twenty-four hours from the time you leave home you are at Chicago as refreshed as if you had just left your bed and stepped outside the door of your own home. The berths and meals are first class. What do a few dollars extra amount to when you can be made happy and contented. Cheap excursions are sometimes more costly than a first class trip. What you save by a cheap excursion you lose by loss of time, miserable accommodations and poor attendance. This has been the experience of many. The Pennsylvania is a regular "all wool and a yard wide" railroad and there is nothing cheap about it. The General Passenger Agent, J. R. Wood, and Assistant, George W. Boyd, are two of the most experienced and gentlemanly railroad officials in the country and hence their road is a good one. This is the testimony of all who have done business with these gentlemen."

Bradley Disabled.
Bradley, one of the pitchers of the Shenandoah base ball team, is disabled on account of the spraining of his knee in the game at Mahanoy City yesterday, and will not be able to play in Friday's game. The sprain has revived an old affliction of the knee and unless the player is very careful he will not be able to play again this season.
