

AT MEAL-TIMES

Do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your Tea, Coffee, sugar, Butter, Eggs, Spices and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it certainly does not pay to buy the worst, even on the false ground of supposed economy.

The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at

MAHANOVY PLANE.

The conduct of the youngsters on our streets at night is getting to be something unbearable and certainly should not be tolerated in any civilized community. Not infrequently are people insulted by the gang that is accustomed to congregate about the corners every evening and who make use of language which is anything but refined. Something ought to be done to abate this nuisance.

The attempt to erect a steam heating apparatus under the school building of the East ward has resulted in failure, owing to the unfavorable condition of the ground, which will admit of no solid foundation. The experiment will now be tried here where the elements are supposed to be more favorable. Considering the present height under the building, an excavation several feet deep will be necessary.

Mr. and Mrs. Brennan left for Shamokin Sunday, where they intend to make their future home.

Miss Agnes Powers, who has been sojourning among friends here for the past few weeks, returned to her home in Philadelphia on Tuesday. She was accompanied by Misses Mary Brophy and Nora McGrath.

The funeral of Matthew Sheeran, whose lifeless body was found in the sulphur creek Sunday morning, took place Tuesday. Mr. Sheeran had been absent from his home since Friday evening. On Saturday a search was instituted as to his whereabouts, but to no avail. Sunday, while John Catlow was taking his morning walk, he espied the body in the creek a short distance below the spot where Casey's old house used to stand. The news spread rapidly and soon a large crowd gathered round. Deputy Coroner Esterline was notified immediately and, after holding a post-mortem examination, impelled a jury which was to meet Wednesday but for some reason the meeting was postponed. Deceased leaves a wife and three children. His remains were taken in the electric cars to Ashland, where interment was made.

MAIZEVILLE.

Thomas McLaughlin, who is confined to the hospital with a very sore foot, is not yet able to get around.

Considerable excitement prevailed here on Tuesday morning last owing to the reported disappearance of Grandmother McLaughlin. The old lady is very eccentric on account of old age and has a mania for roaming through the woods in search of berries or whatever is in season. At noon on Monday she left to pick berries on the Frackville mountain. When she did not return at night her people became alarmed and instituted a search for her. All night they looked, but in vain. The next morning the report spread and the searching party was increased. At noon she was found near New Castle completely fagged out. She was endeavoring to get home. It was afterward learned that she became tired in the woods and concluded to call on her son at Frackville. When there she inquired for his home. She was shown by some boys to the home of another McLaughlin at the farther end of town. She refused further assistance and started out herself. Instead of coming home she strayed in the direction of New Castle, with the result above stated. She has not yet fully recovered from the effects of her exhausting jaunt.

Mrs. Wm. Middleton has returned home after spending a few days with Branchdale friends.

Miss Bridget Coyns, of Ashland, is visiting her parents here.

Mr. Kane, a bright young man of Pittston, was the guest of the McKeou family Thursday.

The Gibbons Misfortunes.

The infant son of Mr. and Mrs. Charles T. Gibbons, of Plum alley, died yesterday and was buried this afternoon at Port Carbon. Last Monday they buried their four-year-old daughter.

To Call a Pastor.

The members of the First Presbyterian church and congregation of town are cordially invited to attend the congregational meeting to be held in the audience room of the church to-morrow, Tuesday, evening, at 8 o'clock, for the purpose of voting on giving Rev. Charles H. Whitaker a call to the pastorate of this church. A full attendance is especially desired.

Two Unfortunates.

Constable Giblin-to-day took Thomas Kane, of the First ward, to the almshouse. Kane is slightly demented and his friends say his condition is due to an injury he sustained on his head some years ago. Andrew Ennis, of the Fifth ward, was also taken to the almshouse to-day. He was in custody of Justice Cardin. Ennis lost his wife by death a few months ago and his mind became affected by sorrow over the loss. His friends believe that he will return cured in a month or two.

HARVEST HOME.

Impressive Services in the Trinity Reformed Church.

In accordance with an old custom the congregation of the Trinity Reformed church on West Lloyd street yesterday held harvest home services. The church presented a beautiful appearance. A tree immediately in front of the pulpit was loaded with apples, pears, grapes and other fruits raised in the adjacent farming districts, and banded against and about the altar were more fruits and vegetables of various kinds. Beautiful flowers ornamented the chancel and shelves of wheat and stalks of corn were grouped here and there. Rev. Robert O'Boyle, the latter on a text from St. John 4:25-30. Both services were well attended and in the evening the church was crowded. Cellophane flowers were taken up for home missions.

A Fine Road to Travel.

In this great Columbian year, when all eyes are turned towards Chicago and the great exposition, it is comforting to know that the railroads leading thither are prepared to handle the immense traffic and carry it expeditiously to its destination. One of the roads that is winning golden economies by the excellence of its service is the Nickel Plate. The line is through a fine section of country, a great distance of it in view of Lake Erie, and passing numerous cities and towns. Its new passenger service is superb. The dining cars cannot be spoken of too highly, while the sleeping and day coaches are models in their way. Quick time is made going and returning and the service is in all respects first class. What more can be asked—cheap rates, courteous attention, luxurious sleepers, magnificent day coaches, faultless road bed, unexcelled dining cars. Can anything be added to make the Nickel Plate Road more popular? It runs three trains daily in each direction. Its station in Chicago is central and easily accessible from all directions. If you are going anywhere at any time, don't let the fact slip your memory that a magnificent new passenger service has been established on the Nickel Plate Road. You who have not yet done the World's Fair, try the Nickel Plate and know what it is to enjoy the luxury of first class travel.—Clipped from *Allentown, Pa., Chronicle, August, 22*. Puget Sound Points.

If so, commencing October 1st, 1893, a through line of first-class sleeping cars will be established between Chicago and Seattle via the Chicago, Milwaukee and St. Paul Railway and the Great Northern Railway. Train will leave Chicago daily at 10:30 p. m. For rates of fare, maps, time tables, etc., apply to any coupon ticket agent, or address John B. Felt, district passenger agent, Williamsport, Pa.

Family Excursion.

A family excursion to the World's Fair will be run via the L. V. R. R. Monday, October 2. Train will leave Shenandoah at 7:20 a. m. and arrive at Niagara Falls at 7:30 p. m., where excursionists will remain overnight, affording an opportunity to see the Falls. Leaving Niagara at 10 a. m., the train will reach Detroit at 6 p. m., leaving the latter place at 9 p. m. and arriving at Chicago at 6 a. m. Sleepers can be had from Detroit to Chicago at the cost of \$1.00 a berth. Passengers can return via B. & O. R. R., thus affording them an opportunity to visit Washington, D. C., where Congress is now in session. Fare for the round trip is \$27.80. Tickets good until Nov. 15, 1893. C. P. Heller, traveling passenger agent of the L. V. R. R., will accompany the excursionists to Chicago, and see that the wants of the party are attended to while en route.

Another game with Pottsville, and still the life ambition of "Buck" McGettigan has not been realized.

Notwithstanding his bad judgment in one part of the game Martin is entitled to credit for his left field work and Mesitt also.

Setley's ability as a pitcher is unquestioned now and Palmer is considered as fine as silk, both as a catcher and captain.

There was a delay in the game to give Ward time to change his knickerbockers. He vented them in making a slide. He looked like a pum pudding in a pair the Renova team loaned him.

CHICAGO, Sept. 25.—Lord Mayor James Shanks, of Dublin, arrived here last night. He is accompanied by the lady mayors, Town Councillor Mayne and Mrs. Florence O'Driscoll, M. P.; Arthur O'Connor, M. P., and George Barrington.

The Irish party comes to America at the invitation of the mayor and municipality of Chicago, to visit the fair and the city, and to take part in the ceremonies of celebrating the Irish day next Saturday. The lord mayor is a fine looking, kindly gentleman of about 35 years of age. He has been in this country twice before—in 1886 and 1887. Mr. Shanks says he expects to stay in this country three weeks.

Anti-Russian Riot in Paris.

PARIS, Sept. 25.—A meeting was held in the Faubourg du Temple yesterday afternoon for the purpose of making arrangements for a pro-Russian fete in that quarter on the occasion of the approaching visit of the Russian fleet. The proceedings were constantly interrupted by groups of Italians and Germans present, who kept shouting "Long live the triple alliance." The result was a free fight, during which twelve persons were injured, three being seriously hurt. Ten persons were arrested.

Dynamite in a Sprinkling Cart.

OHIO CITY, Pa., Sept. 25.—The police are endeavoring to discover who performed the act of putting into the sprinkling cart of Barnhart Bros. two dynamite cartridges eight inches long and an inch and a half in thickness, to which was attached about eight feet of waterproof fuse, one end of which was charred, showing that it had been lighted and failed to do its work. The cart was standing where considerable damage would unavoidably have been caused had the stuff exploded.
