Velvet, Tapestry

AND Body Brussels.

NEW RAG CARPET!

New Oilcloths

AND Linoleums!

AT KEITER'S.

THE LAYING OF PIPES.

Steam Heat and Sewerage Companies Working.

WITH PLENTY DRAINAGE.

The First Ward should be in the Best Sanitary Condition as it Will Have Two Sewerage Lines of its Own to the Outskirts of the Town.

THE people who have secured rights of way through the streets of town for sewerage and steam heating pipes are losing no time in taking advantage of the license as they want to get all the work done before the frosty season arrives. For that reason we find trenches under way on Centre and West streets, and in a day or two we may expect to find them on Emerick, Coal and Bowers streets.

The West street digging is being done by the sewerage company which put in a large main on Centre street, extending from Pearl alley to the western outskirts of the borough. This company now has rights of way for extending branch sewerage lines on West and Jardin streets and Pearl alley east and west of its main line, which will give about one-third of the thickly populated portion of town a substantial and effective sewerage. It is understood that some people are already growling about the dirt being piled on the streets, but as it is impossible to suspend it in the air while the excavations are being made the majority of the people will no doubt have some patience.

The Shenandoah Heat and Power Company also commenced packing a trench yesterday. Its main started at the intersection of Main and Centre streets and will carry the trench westward to the corner of Jardin street. This work will not, or should not, consume as much time as the digging of sewerage trenches, because the depth required is not by any means near that of the other. Some of the sewerage lines require a depth of thirteen feet to get a proper pitch for the pipes. The steam, on the other hand, is forced through the pipes and the pitch does not require so much care.

It is in the First ward that the sewerage question excites the most interest. Two rights of way have been granted for Coal street from Emerick to Bowers streets and the rights are held by two different companies. Whether these two companies will clash in their operations remains to be seen. The Borough Council will have to be on the alert, for if the two should start together and dig a trench on each side of the street for their respective lines traffic at the east end of Coal street will be entirely suspended for a time.

The Emerick Street Sewerage Company has a right of way for extending its line from the corner of Strawberry alley and Emerick street north and west to the corner of Coal and Bowers streets. The Shenandoah Manufacturing Company has a right of way for a new line from its factory on Emerick street south and west to the corner of Coal and Bowers streets, and south on the latter street. It was thought by many that when the Borough Council would insist upon the factory line being extended to the borough limits the company would consider the expense too great and either abandon the project or make some joint arrangement with the Emerick street company, but it now appears that the company will do neither. Mr. H. W. Titman, a member of the manufacturing company, stated positively yesterday that his company will put in an independent sewerage line from the factory, south on Emerick street to Coal, west on Coal to Bowers, and south on Bowers clear to the creek which the Borough Council has designated for the outlet. Mr. Titman is very indignant and says that he deems the action of Council in refusing to allow connection with the natural underground sewerage at the corner of Bowers and Lloyd streets a discrimination and his company will take its line to the creek, whatever the cost may be. He also stated that the declarations of some that all connections with the underground sewerage mentioned are to be cut off as nuisances will amount to nothing and that he was confident that such connections cannot be cut off if the people who have made them protest.

Regeneration.
To secure a normal and regular tissue change throughout the body use Bradreth's Pills. This tissue metamorphosis consists in constantly proceeding waste of tissue and its regeneration. Bradreth's Pills are the best solvent of the products of disintegration of the tissues and increases their elasticity. They are an alterative and eliminative remedy, which allay irritation and remove obstruction by aiding nature and are of great benefit in cases of temporary and habitual constipation, torpid liver, biliousness, headache, indigestion, rheumatism and diseases arising from an impure state of the blood. Bradreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

Best photographs and crayons at Dabb's.

REPUBLICAN HARMONY.

The Disorganizer at Work Within the Ranks of the Party.

When the Republican county convention convened, after having nominated the strongest ticket possible, and one which will not only command the full party vote, but will also draw largely from the ranks of the Democracy, the organization was in a healthy condition. All factions had apparently united, with a tacit understanding that the success of the party was paramount to either personal gain or factional victory.

But what promised to be a clean and earnest campaign on the part of some of the leaders has been endangered by the recent actions of certain men, who care nothing for party success so long as a certain faction controls the organization. It is an acknowledged fact that unless there is unity within our ranks success is beyond all question. Even with the party leaders working harmoniously, it will require herculean efforts to reach the goal to which the clean and strong Republican ticket is justly entitled.

It is within the power of the party candidates only to counteract the work of these disorganizers, and to call them down. If this is not done immediately there will be bad blood all through the campaign and only half-hearted work. Now is the time to act. Party success demands it.

On Saturday the Republican Executive Committee held a meeting at Potsville and, among other things, fixed the assessments of the candidates. Chairman Whitehouse was not present, being confined to his home through illness. Thomas Toeh, whom there is no more earnest and hard working Republican in the county, with Theodore Harris, of Mahanoy City, represented the First district. For some time previous to this meeting a quiet movement has been going on by the oft-defeated faction of the party to gain control of the organization, and with this object in view proposed to pack the Executive Committee by the addition of three more members, one each from Shenandoah, Mahanoy City and Girardville. They have found that the committee, as it previously stood, was not favorable to their notions.

When the printed slips containing the names of the different committees were distributed among the members three new names were found among them. The Shenandoah member is Thomas J. James, recommended by Squire T. T. Williams. In reference to Mr. James we have nothing but praise to offer. He has always been a consistent member of the party, a hard worker, and is the last man any faction would count on to carry out any scheme that would cause disaffection within the ranks. We do not believe Mr. James is a party to the scheme.

The rank and file of the party demands harmony. With this object in view Major Finney and his friends took no part in the fight, but the same cannot be said of a number of other Shenandoah Republicans, whose object seems to be to rule or ruin. The cry against the Finney Boyer element is only a blind to hoodwink the party, and thus carry out the little scheme of the man who voted the Democratic ticket because they could not rule in the Republican ranks. What promised to be peace and unity in Shenandoah, as elsewhere, is destined to pass into "iniquitous desecration."

The rules governing the Republican party in this county provide that the chairman shall appoint two members from each of the First, Second and Third Districts, and six from the Fourth. An additional member was named from the Third District because it extended over a large territory. This action on the part of the chairman was satisfactory, but it did not justify him in naming three additional members. The demands of the campaign do not warrant it, and the sole object in view was, as we have stated, the control of the party organization, to which these men have so unsuccessfully aspired for a number of years.

Chairman Whitehouse should have acted in the interest of the party as a whole, and not for an insignificant minority element, if he honestly expressed his sentiments when he assumed the duties of his present position. It was earnestly hoped at that time that past differences had been cast aside, but recent events prove the contrary. The masked hand of the gallant, the Honorable Major Loch is seen in this little scheme. Having helped to elect Governor Pattison and defeat Hon. G. N. Brumm, he should have remained in the background in the interest of party harmony, thus emulating the example of Major Finney and his friends, who have always been true to the party.

We have been appealed to by a number of

prominent Republicans to call attention to this matter at the present time, so that the candidates may have an opportunity to relegate these disorganizers to the rear. If action is delayed until later in the campaign, the party will face an enemy both without and within its ranks. Immediate action is, therefore, necessary for ultimate success.

PERSONAL.

Miss May Holman returned home to-day. Charles Burchill is home again from Chicago.

Miss Irene Shupe is reported as being seriously ill. Editor Wilson, of Mt. Carmel, paid the Herald a visit yesterday.

J. F. Finney, R. J. Yost, O. A. Keim and H. C. Boyer left this afternoon for Reading to attend the meeting of the Republican League Clubs.

Mrs. John F. Finney, son and daughter, of town; Mrs. Thos. Rich, Misses Blanche Rich and Cora Christian, of Ashland, left town to-day to attend the wedding of Miss Maggie Wren, of Hanleton, and John Hirs, of Allentown. The ceremony will take place at Hanleton.

POINTS.

The Columbia county fair commences at Bloomsburg October 10th.

If you intend visiting the World's Fair don't delay much longer. It will close on the 30th of October.

Davenport's aggregation played to a small audience here on Saturday. The show was a fake of the first water.

The Lottie Forrest theatrical troupe, which played at Lansford on Saturday evening, returned to town yesterday.

The Presbyterians of town will meet this evening and will probably tender a call to Rev. Charles H. Whitaker to become their pastor.

A large delegation of Shenandoah citizens, not members of the Grand Army, will accompany Watkin Waters Post to Allentown next week.

The county convention of the W. C. T. U. is being held at Mahanoy City to-day. Mrs. S. G. M. Hollopeter is president of the convention and presided at the meeting. Among other matters considered was the election of delegates to the state convention.

Evans Davis, James Hullivan and John Conners, who were injured in the Gilberton riot on August 21st, have been discharged from the Miners' Hospital. It is said that the ball that struck Conners in the heel is the same that passed through Parfitt's body.

The Show.

A musical farce comedy, entitled "Later On," was produced at Ferguson's theatre last night to a rather small audience. The show was well billed and advertised, but it was impossible to draw the people in the face of the high rates of admission charged. The company that will command a good attendance at 75 cents for a reserved seat in Ferguson's theatre must be of the first water, have a play of like character. "Later On" is an excuse for bringing specialists upon the stage and that is all the management claims for it. It is full of nonsensical oddities and there are ample opportunities for the introduction of local gags, all of which the company accepts. Last night our home base ball club was a source for many puns. Of the specialists Charles E. Grapwin's was the best. His feats on the aerial ring were very clever.

Not Identified.

It was expected that the thief who broke into the Cookley Bros. store on East Centre street Sunday afternoon would be under bail or committed to jail this morning, but the expectations were not realized on account of a failure of identification. Last night upon a description furnished him by the Cookleys, Chief of Police O'Hara arrested a young man named Doelling, who was standing in front of the theatre. Doelling was kept in the lockup until after the entertainment, when the storekeepers visited the cell and failed to identify the prisoner, who was thereupon discharged.

Demand Attention.

Parties having occasion to travel the road leading from this town to Gilberton complain that the Reading Company should be compelled to place safety gates at the railroad crossing just this side of the Cambridge colliery. The crossing is so situated that it is utterly impossible to see a train approach until the driver is nearly upon the track. It is certainly miraculous that more accidents are not reported from this crossing. There should be safety gates placed at this point.

Grand Army Day.

Allentown will be in gala attire Thursday, October 5th, the occasion being Grand Army Day in this district. The Grand Army men who will participate in this annual parade and reunion will have a taste of Allentown's genuine hospitality, and the indications point to a very large attendance. Our local Post will attend in strong numbers and the members who intend to go with the Post are requested to be at the meeting on Friday evening of this week when full particulars of the excursion will be made known.

Livery stable keepers should always keep Arnica & Oil Liniment in the stable, nothing like it for horses.

No Tax to Taxpayers.

Notice is hereby given that the sixty-day period will expire on October 21st, 1893, and any one wishing to secure the benefit of the five per cent. must make payment before that date.

M. J. SCANLAN, Receiver of Taxes.

Shenandoah, Pa., Sept. 22, 1893. 9 22 141

BEFORE THE JUSTICES.

Tribulations of Some of Our Town People.

AN ELOPEMENT RECORDED

Mrs. Gilbert and Robert Miller Have Disappeared, and the Woman's Husband Says They Have Eloped—Arabians and Poles Have a Battle.

THE First ward was the scene of a small sized race war yesterday between Poles and Arabians, and according to the facts gleaned at the hearing before Justice Toomey Poland received the worst of it.

Ellis Darrish, an Arabian piddler, was walking along Centre street with a sack upon his back when Peter Burke, a Pole, who had been putting in a shift unloading schooners, stopped him and said he had no right to walk upon the pavement, as he did not pay taxes. Burke used some very forcible language and called Darrish an Italian. Darrish had a small piece of rope in his hand and holding it up he explained that he carried the rope so that it would be handy to hang Poles. Then the fight started. Burke made a grab for the rope and the Arabian gave him an upper cut with his foot. Joe Stulefski and William Adick hurried to the assistance of Burke and a number of Arabians hastened to assist their countryman. Both sides fought until they were tired and then proceeded to Justice Toomey's office and made counter charges of assault and battery. All concerned are under bail for trial at court.

MRS. GILBERT ELOPES.

Her Husband Says She Has Gone With Robert Miller.

A tall, gaunt man with a stubby growth of whiskers upon his well-browned face walked into Justice Toomey's office to-day and asked for a warrant for Robert Miller. The man said he was Henry Gilbert and that up to a few days ago he lived with his wife, Kate, on North Jardin street. Miller, he said, had stolen his wife and he wanted him arrested. A warrant was issued for Miller on a charge of adultery. Constable Giblin searched the town to-day for both Miller and Mrs. Gilbert, but could not find them. He was informed that the pair had gone to Dark water.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

Glandular Troubles.

The Board of Trustees of the Grand Estate will arrive at Girardville this evening, and will commence their annual tour of inspection tomorrow. They will visit Packer colliery No. 2, 3, 4 and 5, Kohley Run colliery and the big Last Creek reservoir. During the afternoon they will inspect the Raven Run reservoir and North Ashland and Centralia collieries, returning to Girardville in the evening. On Thursday they will visit Win. Pann colliery, the collieries in the neighborhood of Gilberton and Ashland, and will wind up the day with a visit to the Miners' Hospital at Fountain Springs. On Friday they will make an inspection of the farms in Catawissa valley and Girard Manor, from which place they will take the train for Philadelphia.

Rheumatism, the king of all diseases, is quickly conquered by the celebrated imported "Anchor Pain Expeller." Try it and be convinced. 25 and 50 cents a bottle, at C. H. Hagenbuch, P. P. D. Kirkin, J. M. Hillan and other druggists.

Early Morning Call.

At two o'clock this morning Justice Toomey was aroused from his slumbers to give John Wokawicz a hearing. Felix Englinski said he was walking home from a wedding with two violins under his arm when Wokawicz attacked him, tore his clothing and jumped upon the violins until they were splintered into pieces the size of matches. Policemen Casey and Dougherty heard the racket and caught Wokawicz after a lively chase. The accused was put under \$300 bail for the assault and \$300 on a charge of disturbing the peace preferred by Casey.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

A Nuisance.

Mary Rice, of the First ward, was before Justice Shoemaker to-day, charged on oath of John Doonan with being a nuisance and being guilty of public immorality. Mary is a woman of tidy appearance, but upon her own confession of guilt she was held in \$300 bail for trial.

USE WELLS' LAUNDRY BLUE, the best

Blueing for laundry use. Each package makes two quarts. 15c. Sold by Cookley Bros.

25 CENTS per yard for Oilcloth that sells on sight. Others for 35c, 45c, and upwards. All grades of pretty Carpets. Call for bargains C. D. Fricke's Carpet Store, 10 South Jardin Street.
