The Democratic party, in Congress, is getting plenty of rope. The job will soon be over.

Gov. McKinley is going it in Ohio like a house on fire, but where is Larry Neal and what is he doing that the campaign should be so one-sided?

It is villainy incomparable, this thing of wrecking trains, as in Alabama, when they are wrecking themselves at such a fearful rate through the blunders or carelessness of those in charge of them.

It is one of the weaknesses of human nature that we never really appreciate anything until we have lost it. The people did not realize how good an administration the Republican party was giving the country until they tried the Democrats.

The Valkyrie is in at last, a little battered, but soon to be ready for the race after the American cup. It seems a pity that so gallant a little boat should come all the way from New York for nothing except to be beaten, for as to the cup, the motto remains, America for Americans.

In spite of the formal hearings given by the Ways and Means Committee, it is doubtful whether the Wilson Tariff bill, when reported, will be much of an improvement upon the Dark Lantern measure with which the name of Roger Q. Mills will be forever associated.

The detectives at work on the Kendallville train robbery have heard of a woman who is supposed to have had a letter from one of the robbers, but as she cannot be found the detectives can only report progress, and mighty little of it.

No such revolution of popular feeling and sentiment as that which is now agitating the people in favor of the Republican party and Republican principles was ever before manifested in so short a time after a defeat at the polls.

We have had great luck, in the matter of the cholera this year, but it is a question if typhoid fever is not taking off as many as would have fallen before the cholera. A scarcity of water, and such as there is, bad, accounts for the prevalence of the fever.

Two people of the Cherokee strip are having a tough time of it, what with their sand storms and prairie fires which have burned up a lot of them, but just what a little and that strip will blossom like the rose and ask for admission to the Union as a state. The Lord loves those whom He chastens.

Not a single workman, farmer, or producer of any kind, has appeared before the Ways and Means Committee to argue for a reduction of the tariff. A hired attorney from Baltimore, a New York importer, and an Austrian manufacturer visiting the World's Fair, are about all who asked the committee to reduce the tariff. Nearly the whole time during the fifteen days of the hearing was occupied in listening to the protests of farmers, workmen, and manufacturers against tariff reduction.

The Democratic party having declared in its platform that prosperity is unconstitutional, and having entered upon the road that leads to destruction, the New York Sun is laughing the Democratic lizards unparagoning with whips of irony and sarcasm to follow out

that policy to its logical conclusion. Mr. Dana is evidently determined that the Democracy shall become sick enough of its folly to prevent any further foolishness of that kind hereafter, for he doesn't believe in it even a little bit himself. "You have elected to go to the devil," he declares, in effect, "now go it, you blamed fools, or I'll tan your hides for you."

The United States is today in the predicament of the well man who took a big dose of medicine prescribed by an ignorant quack, in order to obtain greater strength and activity. The result in both cases was a thorough physical and consequent debility. The trouble is aggravated in the present instance by the fact that the quack has got the patient down and is forcing a continuation of the drastic treatment.

If President Cleveland cannot restrain the bitter partisanship of the Democratic majority in Congress, then let President Cleveland pass his silver bill with Democratic votes—if he can. The scheme to put New York elections under complete Tammany control, and to abolish Federal supervision of Federal elections so that the South may be made absolutely solid for the Democracy, no matter how many Republican votes are cast, must be defeated at all hazards.

Democrats remind us that the repeal of the Election laws was a part of the programme they submitted to the country last fall, and that the country gave them a majority in both branches of Congress and the Presidency also, wherewith to carry out this programme and that Republican resistance to it will not be tolerated. So was the repeal of the Sherman act a part of that programme, the first plank in their platform. Is the country to understand that the majority it gave them is to be used to pass what they please, and only what they please, of their many pledges? They are very lordly in their talk about smashing the Republican resistance to one part of their platform, while begging Republican aid to secure another.

## A NEW JERSEY "RIPPER."

The Revolting Murder of Mrs. Fahy by Her Brutal Husband.

PHILADELPHIA, Sept. 26.—A horrible case of mutilation, in which "Jack the Ripper" is outdone, occurred in this city on Friday night, and a woman now lies dead from the effects of the brutal deed. Michael Fahy, who committed the crime, is a powerful man and employed in E. W. White & Sons' iron foundry, while his wife, who is the victim, was frail and sickly, weighing less than 100 pounds. Mrs. Fahy was chopping wood in her yard when a neighbor who took pity on her weakened condition, and did the chopping for her. When Fahy returned from work in the evening his wife informed him of the neighbor's kindness. Fahy flew into a rage, charged her with infidelity and threatened vengeance.

After supper Fahy seized several saloons and imbibed considerable beer. He returned home somewhere near 11 o'clock and retired. His wife, who was in great fear, waited until she supposed he was asleep and then she crept upon her with his bare hands, tearing and mutilating her in a brutal, sickening manner. The agonizing shrieks of the victim alarmed the neighbors, and upon their approach Fahy fled.

Dr. Brace was summoned, and upon examination discovered that the woman was badly torn, and that internal portions of flesh were missing. The woman after telling some of the details of the crime, lapsed into unconsciousness, in which state she remained until Sunday, when she was relieved of her sufferings by death.

Fahy was captured and taken to the recorder's office, where he admitted his guilt. He was immediately hustled off to the county jail at New Brunswick. Had Fahy been in the city when the facts became known nothing would have saved him from the wrath of the angry citizens. The couple had been married five years, and Mrs. Fahy had given birth to three children, two of whom are dead. She has always borne an excellent reputation, while Fahy has always treated her in a cruel and inhuman manner.

Killed by Pallas' Bomb. BARCELONA, Sept. 25.—Both the chief of police and military commander have interviewed Pallas, the anarchist who threw two bombs at Captain General Martinez de Campos during the parade of troops. Pallas insisted that he had no confederates and stood in no way related to other Spanish anarchists. He said that he made the two bombs himself, and conceived alone the plot for the assassination of Cantos. The captain general is making satisfactory progress towards recovery. A civilian who was struck by a flying piece of shell at the time of the explosion, died yesterday afternoon.

Life Imprisonment for Thieves. HUNTSVILLE, Ala., Sept. 25.—J. Wesley Edmonds was held last March in 200 to keep the peace. George M. Washburn, prominent citizen, complained that Edmonds made threats against him. The only friends Edmonds has are very poor and cannot give the bond. According to law Edmonds cannot get out of jail until the bond is furnished as required. A similar case occurred in Winston, Ga., a few years ago. Edmonds' term should be full two years or equivalent at Huntsville. The Federal court presided by his release only on condition that he leave the country.

## LITTLE DIXON AGAIN.

The Colored Pugilist Adds One More Victim to His List.

### SMITH DOWNED IN SEVEN ROUNDS

The California Lad Was No Match for the Clever Featherweight—Eight Thousand Spectators Present—Smith Afterward Arrested for Fighting at Boby, Ind.

New York, Sept. 25.—George Dixon, the champion featherweight pugilist of the world, met and defeated Solly Smith, of California, at the Coney Island Athletic Club last night, winning a purse of \$8,000 and retaining the title of champion of the world. The fight ended in the seventh round, Smith being knocked out. Smith, the loser, gets \$1,000. It is estimated that 8,000 witnessed the fight. Among the prominent persons present were Charley Johnston, Sullivan's backers, Assistant District Attorney Clark, "Boss" McLaughlin, of Brooklyn; District

GEORGE DIXON.

Attorney Ridgeway, of Kings county; Joe Ullmann, of Chicago, and many well known Boston and Philadelphia people.

At 9 1/2 o'clock the men shook hands, and Smith, going in the right hand swings on Dixon's neck. He jumped under Dixon, swung and clinched him. Dixon landed a left swing, and Smith clinched again. Dixon caught Smith with a left hand swing and felled him neatly. They were sparring when the bell rang.

Second Round—Dixon missed a left hand swing and Smith was on him like a flash, rushing him to the ropes and landing both right and left. Dixon landed a right swing on Smith's neck, when Smith slipped to his knees and took full time to rise. Just as the bell rang Smith reached Dixon's stomach with the right.

Third Round—Dixon followed up the advantage of the previous round and went right in and forced the fighting. He knocked Smith down three times in rapid succession, and had him almost out. The fighting was of the most rapid character. Dixon kept swinging his left in the stomach until he had Smith very much exhausted.

Fourth Round—Good condition and handling sent Smith to the center looking fresher. Dixon led on the chest and clinched. Then there was a sharp rally and hard fighting, of which Dixon had all the best. Smith appeared worried, while Dixon was smiling. Dixon lands his left twice in succession.

Fifth Round—Smith came up strong in this round. Dixon forced the fighting and Smith met him with good straight left hands blows, and succeeded in making the blood flow very freely from Dixon's face. Smith grew stronger and landed some good stiff punches. Dixon was still doing the majority of the landing, but not fighting quite so rapidly.

Sixth Round—Both responded quickly. Dixon tries and fails, but repeats with better success. Smith puts his left hand on Dixon's nose and draws blood, which runs freely. Dixon tries his left and is countered hard by Solly. Dixon tries with right and left, but was gamely by Smith. The bell rings on what appeared to be the most evenly contested round of the battle.

Seventh Round—Smith plants right and left on Dixon's body, and gets away without a reply. Smith keeps away and clinches when he is cornered. Dixon misses his left, but plants his right on Smith's face. Smith lands a right hander and slips when he is getting away. Dixon floors Smith with a straight right. Smith staggers to his feet and is hoarse again. Again he rises, just as the going ended, but he is too weak to keep his feet. He falls again and is carried out. His eyes were unsteady and he could not continue. The referee waves him back to his corner, and Dixon is declared the winner in the seventh round.

The time of the last round was 2 min. 42 sec. and the time of the fight 25 min. 42 sec. Although Smith had the sympathy of the crowd, Dixon was heartily cheered when the battle ended.

Jan Bury, "The Iron Man," and Fred Meyer, "Madison Cyclone," furnished the preliminary bout, which was for a purse of \$500—\$250 to the winner. Morris was declared the winner at the end of the tenth round.

Just as the participants of the contest were donning their citizens' clothes after the fight Smith was put under arrest by a deputy sheriff of Boby, Ind., for being a participant in a prize fight recently with Johnny Griffin, which took place before the defeated Columbus club. The official who made the arrest is not known. The officer, who is an elderly gentleman, refused to give his name when asked. The sheriff also had papers for Griffin, who was present at the fight, but the latter got the tip and evaded arrest.

Brutally Tortured by a Mob. NEW ORLEANS, Sept. 25.—A negro who was arrested on suspicion that he was the murderer of John W. White, and foot and then tortured by having fire applied to his feet. Persons who knew Julien denied that the prisoner was he. Then the mob decided to torture him, with the intention of forcing information from him regarding Julien's whereabouts. He could give none. His feet were horribly burned and swollen.

More Anarchist Arrests Announced. WYOMING, Sept. 25.—Yesterday seven more anarchists were taken into custody, and the proof against all the persons arrested is said to be overwhelming. The arrests reveal the existence of a widespread anarchist plot. The police got on tracking of the existence of the conspiracy through a brawl between anarchists and socialists.
