## BAD POLICY.

The Republican party of this county started this year on the right course and everything seemed to be in its favor. All dissensions of the past seemed buried and a new leaf was turned over, resulting in the nomination of an exceptionally strong ticket with a backing which seemed to insure the election of the major portion of the candidates with good chance for a sweeping victory. The schemers and mad-dog criers were taken in on probation, they promising to behave themselves. Harmony was the cry on every side, and one and all declared that the hard times and threatened attack on the tariff laws had rekindled the love for the principles of the grand old party and they were ready to battle against the false promises of the Democratic hosts. Everything looked bright, the lions and the lambs were in the same fold, and to many the only question unsolved was the majority by which the whole Republican county ticket would be elected next November. But a change has come. When the organizers thought everything was serene and they had effectually covered themselves with the sheep's clothing, they crawled from their lairs and prepared themselves to steal a march on the loyal members of the party. The result is a breach, and unless steps are taken in the right direction at once that breach will widen to such an extent that the whole Republican county ticket will be engulfed by defeat. This is a warning that should be heeded. The exposure of the Pattison-Reilly Republicans and their little plot should open the eyes of the true Republicans and they should see who the true friends of the party are. There should be no factions in the party this year, and there would have been none had the old conspirators kept quiet and redeemed their promises of good behavior by working for and preparing to vote for the whole Republican ticket. By digging a pit for a part of it they make a chasm for the whole.

One of the gravest mistakes Chairman Whitehouse could have made was the alteration of the Executive Committee. His action was absolutely unnecessary, and it has insulted the members of the First, Second and Third districts. The first fruits of the mistake is the resignation from the committee of Thomas Tosh, of the First district. It is clear that the conspirators have overreached the mark. They blundered when they recommended the gentleman from Shenandoah as an additional member of the committee; they must have known that a member of the Executive Committee must also be a member of the county committee.

To-day the convention of Republican clubs of this state meet at Reading. It will be a notable gathering, at which many of the leaders, both state and national, will be present and make addresses. This meeting will sound the first gun of the campaign that will last until the Republicans again control the country. We have every reason to believe that the meeting will be both a noted and harmonious one.

In assailing the honest safeguards of federal elections, in the House at just this critical moment, Democracy does much to encourage and stimulate Republicans in the Senate to fight on for the administration's financial policy and entrenchment. What a politic brood of tacticians and diplomats the Confederate Congressmen are!

## FATAL RIOT IN HAMBURG

### Inhabitants Object to Cleanliness as a Preventive of Cholera.

### HEALTH OFFICERS BADLY BEATEN.

In Attempting to Introduce Sanitary Measures They Are Set Upon by an Angry Mob and a Policeman Is Trampled to Death.

HAMBURG, Sept. 27.—The awful mortality caused by cholera in this city and its suburbs last year did not have the effect of teaching the poorer classes the benefit of having everything in a good sanitary condition, and the efforts of the authorities to fight the disease this year have not met with the support of the classes referred to. Yesterday a regular riot was caused in St. Pauli, a suburb of the city, by the attempts of the authorities there to enforce the sanitary ordinance, and during the fighting a policeman was killed.

It appears that the people in one of the poorer districts of St. Pauli have long complained to one another of what they claimed to be the interference of the authorities with their way of living, and when the health officials further interfered to enforce cleanliness, there was trouble at once. The health officers were accompanied by several policemen, but the latter were powerless to prevent the crowd that had quickly gathered from attempting to drive the party out of the street. Stones were thrown, and some of the officials were severely injured.

During the mobous of the rioters was arrested, whereupon the mob turned their entire attention to the police, and attempted to rescue the prisoner. The crowd made a determined rush upon the officer who had hold of the prisoner, knocked him down, and then trampled upon and kicked him with their heavy wooden shoes. The situation of the official party was critical, and work was hastily sent for military aid. In the meantime the police and health officials were fighting for their lives.

A detachment of soldiers were sent on the run to the scene, and they soon dispersed the mob. They were told to disperse, to save the policeman who had been trampled upon. When the crowd dispersed he was lifted up dead and carried to the police station. His face was unrecognizable and his body was a mass of bruises.

Many of the rioters have been arrested on the charges of murder. The man first arrested was rescued by the mob, but he, too, is known.

**Pennsylvania's Republican League.**  
READING, Pa., Sept. 27.—The feature of the state convention of Republican league clubs, which met in this city at 10 o'clock this forenoon, is the large number of Philadelphia clubs. The visitors were welcomed by Henry A. Mullenberg, Esq., on behalf of the Northeastern Republican league and citizens of Reading. The delegates are seated according to counties. The Philadelphia people occupy the center, with Allegheny on the right, Delaware and Chester on the left, and Lancaster and York on the far left, and the western and rural sections of the state are arranged in the background. Ex-Speaker Reed will positively not be present. Congressman Robinson's boom for lieutenant governor is here in full force, and his friends are doing considerable missionary work among the delegates.

**Woodward Pleads Not Guilty.**  
BUFFALO, Sept. 27.—George Woodward, the mythical Marion Reed, of Niagara Falls, Ont., who swindled a large number of people throughout the United States by means of matrimonial advertisements, was arraigned before United States Commissioner Fairchild. He pleaded not guilty, and was held for examination next Tuesday. There is a doubt whether Woodward can be convicted here, as he received all his mail in Canada, and probably mailed all his letters there.

**Spanish Anarchists Fleeing.**  
MADRID, Sept. 27.—The police continue the search for anarchists. Yesterday afternoon they found an infernal machine and two pieces of pipe loaded with dynamite in the lodgings of a workman named Gen. Jero. They went directly from his room to the factory in which he worked and arrested him. Many men suspected of being anarchists have left the city to escape arrest.

**Chinamen Driven Out.**  
LA GRANGE, Ore., Sept. 27.—The anti-Chinese agitation in this city for the last two weeks culminated in a riot. A crowd of 200 men met outside the city at midnight, marched to the Chinese quarter, and after looting the houses conducted the Chinamen to the edge of the city and ordered them to leave. Officers who tried to prevent the explosion were overpowered.

**The Arrangements Completed.**  
NEW YORK, Sept. 27.—Lew Browne met the executive committee of the New York Yacht club yesterday afternoon. The hour for the new, and other details were carefully gone over, and after two hours discussion were amicably arranged. For some reason the committee decided it would be injudicious to make them public at present.

**Religious Clergymen Expelled.**  
SEBASTON, Va., Sept. 27.—The Laekawanna presbytery, in session at Durango yesterday, summarily expelled from the ministry O. L. Weisswasser, who was recently pastor of the German Presbyterian church in this city. Weisswasser's offense was his elopement with Mrs. Charles Schier. The missing couple have not yet been found.

**Pool Sellers Must Stand Trial.**  
NEW YORK, Sept. 27.—John Nugent and George H. Brennan, who were arrested on a charge of selling pools on the Guttenberg race track, were tried by Judge Justice Martin, who fixed the bonds at \$1,000 each. The trial is to be a test case for the constitutionality of the lives pool law.

**A Big Market for Our Corn.**  
BERLIN, Sept. 27.—The German minister of war has ordered the military authorities to use Indian corn mixed with oats to making up the rations for the army horses. This will lead to heavy importations of American corn.

**Brigands Demanded Heavy Ransom.**  
ROME, Sept. 27.—Brigands near Catania, Sicily, have kidnaped Cuccolo and Giuseppe Patriziotti, brothers, from their farm, and refuse to release them except for 100,000 lire ransom.

## IN SENATE AND HOUSE.

### Argument on the Federal Elections Law

WASHINGTON, Sept. 27.—The Populist senator from Kansas met somewhat of a cold yesterday in having a resolution of his laid on the table by a vote of 27 to 19. It was a call on the treasury department for information as to the anticipation of interest on United States bonds since 1861—information which Mr. Sherman said the senator could obtain for himself in any public library. Mr. Peffer intimated that the treasury department was trying to withhold information to which the people were entitled, but Mr. Sherman's view of the case was adopted by the senate. A resolution intended to have an important bearing on the repeal bill was offered by Mr. Debs, proposing that no legislation relating to the federal elections law, tariff, or finance should be considered until January, 1904, when the vacant seats in the states of Washington, Montana and Wyoming may be filled. The resolution went over. After the repeal bill was taken up, Mr. Purkinson moved against it, in which he declared himself a sincere believer in the use and coinage of both gold and silver. The remainder of the day's session was occupied by Mr. Stewart, in continuation of his remarks begun on the previous day. The session was closed by a personal explanation by Mr. Morgan denying the imputation of unfriendliness between the president and himself, and a short speech by Mr. Voorhees eulogistic of the president and explanatory of why the Democratic side of the chamber had not answered Mr. Stewart's attacks during his two days' speech. The debate upon the federal elections repeal bill in the house was not as exciting as was expected. Mr. Tucker, of Virginia, delivered a carefully prepared and well considered speech upon the question, devoting himself principally to the constitutional points involved, although he took occasion to make some reference to John L. Davenport and his methods. Mr. Brodus, of Pennsylvania, replied, defending the election laws.

**Alleged Chicken Thieves Arrested.**  
VINLAND, N. J., Sept. 27.—There was a sensation in this place yesterday when two women, Mrs. Sarah Mitchell and her daughter, Mrs. Noga, were arrested on the charge of being chicken thieves. A number of cases of chicken stealing have occurred in the last few days. Mrs. McCue's house was searched yesterday, and it is alleged that a large number of fowls were taken, and that the property of various parties. Mrs. McCue was held in ball for court, and her daughter was discharged.

**Bismarck's Condition Critical.**  
BRILL, Sept. 27.—Herr Allers, an artist, who is a close friend of the Bismarck family, arrived here from Kissingen last evening. He gives an unexpectedly discouraging report of the prince's condition. The most formidable of Bismarck's maladies, he says, has been acute pneumonia. The disease has not disappeared, and the prognosis is not hopeful. Bismarck's condition has become critical. The princess is strongly opposed to removing him to Friedrichsruhe. He, however, is anxious to go home.

**The Alvo's Lifeboat Found.**  
NEW YORK, Sept. 27.—Messrs. Pinn, Forwood & Co., of New York agents of the Atlas line of steamers, have received a cablegram from Kingston, Jam., stating that the steamer Jason picked up a lifeboat marked Alvo, and landed it at Montego bay. While the finding of the Alvo is not a sure indication that the lifeboat was not discovered, it certainly gives some ground for hope that the vessel is still afloat.

**Pennsylvania War Claims.**  
WASHINGTON, Sept. 27.—The house committee on war claims yesterday ordered Mr. Dehaene to report favorably his bill appropriating \$1,000,000 for the payment of damages sustained by citizens of Pennsylvania from Union and Confederate troops during the late war. The losses occurred in the counties of Adams, Bedford, Cumberland, Franklin, Fulton, Perry, Somerset and York.

**Pennsylvania's Murder Mystery.**  
DOYLESTOWN, Pa., Sept. 27.—The Bucks county commissioners have offered a reward of \$500 for the apprehension of the murderer of Mr. and Mrs. Hightly. At present the circumstances appear to point Wallace Burt, a half-breed Cherokee Indian. Last night a warrant was issued for his arrest, but he got wind of the action and fled. His early arrest is expected, however.

**Illnesses, Dependence, Suicide.**  
NEWARK, N. J., Sept. 27.—Alexander Whylocke, a Pole, who has been an inmate of St. Michael's hospital for about six weeks, and who had entirely recovered from his illness, threw himself from the fourth story balcony of the hospital and sustained injuries which resulted in his death. He was out of work and dependent.

**Lew Brown's Murderess Indicted.**  
NEWARK, N. J., Sept. 27.—The grand jury has brought in an indictment against Emma Woods for the murder of Lew Brown. Brown was shot by Emma Woods, who was indicted for the same offense. Woods is charged with the murder of Brown, but she has denied it, claiming that he had committed suicide.

**A New Investigation Bill.**  
WASHINGTON, Sept. 27.—Mr. Curtis, of Kansas, introduced in the house a bill to further regulate immigration. It establishes additional requirements, and provides that an unscrupulous male immigrant must possess \$500, a single woman \$100 and the head of a family \$500, or they shall not be entitled to land.

## Tried to Wreck a Train.

GREENCASTLE, Ind., Sept. 27.—At 8 o'clock in the morning an attempt was made to wreck the Cincinnati express on the Vanalia line near Skamlin, in Clay county. A rail had been removed and placed so as to throw the entire train down a ten foot embankment. The engine did not jump, but all the cars except the sleeper left the track. No one was seriously hurt.

**A Successful Family.**  
GREENVILLE, Ill., Sept. 27.—Joseph Myatt, a prominent farmer of Lamotte, committed suicide by hanging yesterday. This makes a quadruple hanging in the four generations of his family. His father, grandfather, and great-grandfather all committed suicide in the same way.

**NUGGETS OF NEWS.**  
The Prussian parliamentary elections will be held Nov. 7.  
The paid admissions at the World's fair yesterday were 194,983.
