HON, D. NEWLIN FELL. Candidate for Judge of the Supreme Court []

COL. S. M. JACKSON. Condidute for State Treasurer.

This Republican party proposes, by the mani-nation of these two excellent candidates, to reprove the solidier building policy of the Gene-land Administration. Both were gui ant soli-ters during the war, and certainly deserve the maniment support of all their comrades, what ever their party affiliation may have previously

> party knew that Thursday's work was of Congress as favoring not only cheating at the polls but disfranchisement of large masses of voters whose rights were guaranteed by the aloresaid amondments, For this is what the Tucker bill will virtually do if it is passed by the Senate and signed by the President. Yet these Northern men made no open protest. They were as weak under the whip and spur of the Southerners as so many of their predecessors had been in the Congress of 1860. The unacimity with which this Tucker bill passed the House presages what we may expect in the future from the Democratic party. What was gained by the war is fast disappearing under the leadership of the Confederates of the South and the silent acquiescence of those whom Mr. Boutelle denominates the "doughfaces" of the

North.

Sincteen Were Drowned, GEORGETOWN, Del. Oct. 16.-Terrible devastation and death was wrought by the hurricane in and around this city and on the adjacent scalalands. The entire water front of Georgetown was flooded, and much damage was done to merchandise stored in warehouses. At Magnolia beach almost every home was washed away, and thirteen white and six colored people were drowned. A number escaped a watery grave by taking refuge in trees.

The Reading Raises the Wind. PHILADELPHIA, Oct. 16 .- The receivers of the Reading railroad are reported to have concluded negotiations with the Finance Company of Pennsylvania which will release certain collaterals held by the latter. This, it is believed, will enable the receivers of the Reading company to rear-range the Speyer & Co. loan of \$2,500,000 and prevent the sale by auction of the col-laterals advertised to take place this week.

Smallpox in Herr Most's Family. NEW York, Oct. 16.-A woman who gave her name as Mrs. Lizzle Most, was taken from 256 Williams street, where she was ill with smallpox, and sent to North Brothers Island. The woman has for the past six years lived with Herr Johann Most, the anarchist, as his wife. Three other cases of smallpox were discovered in the tenenient quarter yesterday by the week health officials.

Mr. McCreary Says There Is No Doubl of the Passage of the Bill-The Law to Regulate Bank Louns to Their Own Employes.

THE Democrats of the House of Representatives, by passing the Tucker Elections bill, did what they could to multify the fourteenth and fifteenth amendments to the Constitution, by repealing the statutes which made those amendments effective. At heart many of the Northern members of that furthcoming compromise, for if it is not acceptable to the aliver Republicans and a bad piece of business, that it will Populists they can, and probably will, put many obstacles in the way of its snart eventually hurt the party by formally ment into a law. A vote will be reached by unanimous consent of the house at 3 o'clock this after nom upon Mr. McCreary's bill to amend and modify the Goary Chinese restriction and registration act. Several amendment will be offered to the bill as reported from the committee on foreign affairs, which may be agreed to by the house, but they will not materially after the measure. Another emendment be proposes, requir-ing that photographis be attached to the certificates issued to the Chinese, is said to be provided for in the law as at present on the statute bocks. Mr. McCreary says there is no doubt of the passage of the bill.
