Do you ever consider the quality of the food you are eating? It may be good, it may be better, purer, fresher and more wholesome. It is not worth while to make sure that your coffee, sugar, butter, eggs, spices and innumerable other groceries are of the best quality? There is a telling difference in the prices of the best and the worst that is certainly does not pay to buy the worst, even on the false ground of supposed economy.

The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at

There is something pathetic about the announcement that people will be admitted at regular rates to see the destruction of the World's Fair buildings. It is like an invitation to be in at the death of the White City, which has had such a glorious summer of life.

## VAN ALLEN CONFIRMED.

### The Rhode Island Millionaire to Represent Us in Italy.

#### TWENTY-TWO VOTES AGAINST HIM.

A Motion to Reappoint the Nominations Promptly Tabled—Mr. Voorhees Introduces a Closure Bill and Mr. Peffer an Amendment to the Silver Bill.

WASHINGTON, Oct. 21.—The senate went into executive session yesterday within half an hour after its assembling, upon the motion of Mr. Voorhees, and remained behind closed doors for four hours. A great deal of work was done, and the calendar, which had been lumbered up with numerous nominations, was very materially lightened. The interest in the session centered around the debate on the nomination of Mr. Van Allen to Italian ambassador. The other nominations went through

JAMES J. VAN ALLEN.

without a word of protest, the most important from a political standpoint, being that of Mr. Kilbreth to be collector of customs at New York, a nomination which, when it was made, Aug. 23, attracted much attention among the politicians of New York state, and against which there was much opposition set up for several weeks.

The nomination of Van Allen was called up by Mr. Gray, of the foreign relations committee, and a debate was precipitated. The discussion was good natured throughout, but there was a great deal said about "George's" "imagination" and such things. Mr. George was the only Democrat who voiced his opposition, although the roll call shows he was not alone among Democrats in his opposition to confirmation.

Mr. Hill said nothing, contenting himself with a simple vote in the negative. Mr. Gorham, it is understood, defended the administration from the criticisms cast upon the nomination by the Republicans. Speeches criticizing the wisdom of the selection of the executive were also made by Senators Lodge and Teller, while other senators, especially those from the silver states, supported the views expressed more at length by the senator from Colorado.

A motion was made to recommit the nomination to the committee on foreign relations, but it was promptly tabled. Subsequently the vote on confirmation was taken, resulting in 30 yeas and 22 nays.

Yeas—Aldrich, Bate, Berry, Blackburn, Brist, Butler, Caffrey, Camden, Cameron, Coker, Gray, Dixon, Fallisner, Frye, Gilman, Gorham, Davis, Hingham, Jones (Ark.), Jones (Calif.), McKinley, McPherson, Mills, Morgan, Murphy, Palmer, Paaco, Quay, Van Vorhees, Waldhall, White (La.), White (S.), Wood, Allen, Carey, Clifton, Dolph, Doloh, Gallinger, George, Hansborough, Hawley, Hill, Ivey, Kyle, Lodge, Manderson, Martin, Peffer, Pettigrew, Kinsman, Stockbridge, Teller, Vance, Washington.

Paired—Cordwell with Allison, Call with Proctor, Gordon with Hale, Harris with Morrill, Hutton with Platt, Pugh with Howr, White (Calif.) with Shoup, Mitchell (Ore.) with Vest.

### IN SENATE AND HOUSE.

Senator Voorhees Introduces a Resolution Providing for Closure.

WASHINGTON, Oct. 21.—During the brief period that the doors of the senate were open and the public admitted to the galleries a few important events occurred. Chief among them was the introduction of a closure rule by Mr. Voorhees, practically the same as that fathered by Mr. Hill. It provides that when any bill or resolution which occupies the advantageous position of "unfinished business" has been debated for thirty days, any senator, at any time, may make a motion fixing the time when the final vote shall be taken, that that motion shall be put immediately, and that during its pendency, or when the time fixed for the final vote arrives, no debate or amendment shall be permitted. The original motion, however, must have the affirmative vote of a majority of all the senators entitled to seats. The resolution may come up for action this afternoon. An amendment to the silver purchase bill was offered by Mr. Peffer, and occupies the position of being the first amendment that must be voted on. It is a free coinage amendment, but it specifically revives and puts in force the free coinage act of 1837.

Although the house transacted more than the usual amount of business, its proceedings were almost entirely devoid of interest. The only incident out of the ordinary was the charge by Representative Simpson that Mr. Curtis, also of Kansas, was the agent or attorney of railroads running through the Cherokee strip, which the latter vigorously denied.

Weeks Will Doubtless Escape.

WASHINGTON, Oct. 21.—State department officials have come to the conclusion that a very slim chance remains for the extradition of Francis H. Weeks, the defaulter, from San Jose, Costa Rica. They are inclined to attribute this anticipated failure to the belief that the defaulter has plenty of money, which he is using lavishly in his defense.

Warned by Whitecaps.

BUESA VISTA, O., Oct. 21.—Her. Mr. Harrison, a young and energetic minister, received a notice of warning in the shape of a whitecap letter. Local opinion recently carried here, since which time a "club" with liquid attachments has prospered, and Mr. Harrison has fought this club.

Refused to Desert the Union.

PITTSBURGH, Oct. 21.—The 130 puddlers at the Wayne Iron works of Brown & Co., South Tenth street, quit work rather than sign an irrevocable agreement that they would no longer resign or become connected with any labor organization.

Coming Events.

Nov. 14.—Annual supper of English Baptist church in Robbins' opera house.

Nov. 30.—Thanksgiving tea party, under the auspices of the Primitive Methodist church in the basement of the church.

## THE RUSSIANS IN PARIS.

### Gay Young Officers Oblige the Ladies with Salutatory Greetings.

PARIS, Oct. 21.—The Russian naval visitors were taken on a drive through the city yesterday. They passed ten hours in making their tour of the town, and drove more than forty miles. Chattering groups impeded their progress in every street, flowers and the crowd into the carriages and before the horses, and men and women struggled for opportunities to grasp the hands of the visitors. During a brief stop the crowd grew frantic with enthusiasm, and got entirely beyond the control of the police. Handbills broke through the lines and rained upon the wheels and steps of the carriages.

Men embraced the officers or grasped their hands. Elegantly dressed women turned their cheeks to be kissed, and the younger Russians accepted these offers with undignified gusto. At the Buttes Chaumont the trees were laden with bouquets, and the crowd broke the police lines repeatedly. In the poorest districts ragged children and mothers with babies climbed to the steps of the carriages. The Russians kissed children, babies and women, and the throng cheered without ceasing. Before the tour was half over most of the officers had exhausted their voices in answering salutes, and were unable to speak above a whisper.

Sent to Siberia.

ST. PETERSBURG, Oct. 21.—The students Elmsky and Solodovnikov, after a secret trial, were condemned to twenty years hard labor in Siberia. The two companions were members of a secret society of nihilist terrorists. A number of the society was suspected of betraying its secrets to the police. Several months ago he was taken into the woods and murdered, and the body mutilated and half stripped. The students were arrested on suspicion of having committed the deed.

The Company Responsible.

JACKSON, Mich., Oct. 21.—After being out seven hours the coroner's jury, which has been investigating the Michigan Central wreck that occurred here on Friday of last week, returned a verdict at midnight. It finds the Michigan Central Railroad company guilty of gross negligence in not complying with the city ordinances relating to the running of trains. Employees are held guilty for violating the company's rules.

They Can't Fight in Indiana.

INDIANAPOLIS, Oct. 21.—The supreme court granted a supersedeas removing the receiver of the Roby Athletic club and returning it to the possession of the club's officers. Governor Matthews believes he sees in this the first step toward having the Corbett-Mitchell fight at Roby, and declares that that fight shall not come off in Indiana soil if it takes every man in the state militia to prevent it.

Possibility of Compromise.

WASHINGTON, Oct. 21.—It is assumed on good authority that, as a result of an interview between several Democratic senators and Mr. Carlisle, the repeal bill will be passed next week, to take effect not later than Oct. 1 next, with a provision authorizing the secretary of the treasury to issue bonds not exceeding \$500,000,000 and coin the same into gold.

To Dissolve the Reichstag.

VIENNA, Oct. 21.—The Germans of the United Liberal Left have finally decided to oppose the enforcement of the deputies of the state of siege in Prague. Count Taaffe, who has already expressed his intention to make coercion in Bohemia a cabinet question, will issue tomorrow a decree dissolving the reichstag.

The Matabele Daily Defeated.

CATE TOWN, Oct. 21.—The engagement between the British force and the Matabele last Monday is now reported to have been fought at this town, sixty miles from Bulawayo. Natal runners tend to show that heavy battles have been fought since, and that the Matabele were defeated in all of them.

To Exterminate Brigandage.

ROME, Oct. 21.—The government is taking steps to declare martial law over all Italy and extirpate brigandage on the island. The work will be done by 12,000 troops from the regular army. The campaign is to be pushed with all energy.

Probably Fatal Duet Over a Woman.

BROOKLYN, Oct. 21.—Louis Martin, 25 years old, of this city, thought an impromptu duet over a young woman. As a result Martin is in the City hospital at the point of death, and Erickson is in jail.

Sir Andrew Clark Stricken.

LONDON, Oct. 21.—Sir Andrew Clark, the celebrated physician, was stricken with paralysis yesterday at his residence. He was talking with a patient, when he suddenly fell to the floor insensible. Later in the day he partially recovered.

## WORK, WORK, WORK.

### Tedious Weariness of Modern Housekeeping.

#### The Nervous Strain It Costs Many a Woman to Run a Home.

#### Evangelist Chase and His Wife Both Invalids for Years.

Work, work, work, till the brain begins to swim; Work, work, work, till the eyelids are heavy and dim.

The pressure of housekeeping grows greater every year. Running a home, once a pleasure, is now the cause of nervous ailments and final breakdown.

Many a wife, no matter how numerous her servants, holds the home on her own shoulders. Her cheery smile grows less frequent; tired nerves make her fretful, and nervous prostration at last exacts the full wages of excessive housekeeping.

Paine's celery compound makes sick, dependent men and women well and full of the love of living.

The nervous demand prompts repair than

the other times; the charges that go on are more rapid than in other parts of the body; nervous exhaustion is a cry for food appropriate for rebuilding nervous tissue. The blood also has demands peculiar to its complex organization.

With the most advanced scientific knowledge concerning waste and repair in blood and nerve tissue, Paine's celery compound was first prepared. It has made thousands of people well. It has meant life and hope to many a household. Read what Rev. John K. Chase, the evangelist, says, writing from Amherst, Mass.

"Both myself and wife have been benefited by the use of Paine's celery compound. I esteem it no less than my duty to say a word in favor of this popular medicine. Both myself and wife have been invalids for a number of years, I being broken in health by long years of arduous work in the ministry, my wife being troubled with nervous prostration, insomnia, etc. For these conditions of weakness and debility we have found Paine's celery compound excellent as a tonic and strength-giver, calming the nerves and producing sleep, sharpening the appetite, relieving the tired feelings incident to this condition, and imparting vigor and vitality to the entire system. We hear the remedy spoken very highly of by others, and take pleasure always in recommending it to our friends and acquaintances."

Rev. J. K. Chase, whose lifelong efforts have been devoted to the cause of Christianity, and whose earnest, untiring activity in the evangelist field has been fruitful and far-reaching in its effects, is 71 years old. In his lifetime he has preached "something like 4000 sermons," as he expresses it.

### EMPLOYEES CELEBRATE.

A Ball in the Shenandoah Manufacturing Company's Building.

One of the most enjoyable events of the season took place last night, the occasion being the celebration of the removal of the Shenandoah Manufacturing Company from its old quarters to its new and more commodious three-story building corner of Coal and Emerick streets. Much credit is due the firm's enterprising manager for the success of the affair. No expense was spared to make it a rich treat and all present enjoyed themselves immensely. An orchestra from abroad rendered delightful music to which the merry dancers kept light step until a very late hour. The following social lights of Shenandoah and vicinity enjoyed the "mad rush of fun": Misses Lizzie and Mattie Llewellyn, Lizzie and Mattie Beas, Lizzie and Katie Seaman, Saeie, Annie and Katie Troutman, Alta and Annie Kolb, Lizzie Prentiss, Annie and Katie Kelley, Mary Jones, Lizzie and Annie Jenkins, Mame Tracy, Hannah Hensley, Bridget and Mary Gill, Mary and Bridget Galvin, Fay and Susie Hesser, Maggie Levine, Susie Snyder, Sarah Brown, Laura Powell, Lizzie Seaman, Bernice Albert, Bertie Jones, Mamma J. S. Housenick, Heber Hooks, Moses Goldstein, F. L. Sless, Thomas Graham, Adam Kossack, W. J. Welch, W. H. Brown, J. W. Longley, W. J. Major, W. J. Seaman, W. F. Oswald and E. S. Housenick.

Lane's Family Medicine Moves the Bowels Each day. Most people need to use it.

The Theatre.

The production of the fascinating comic opera, "The Little Tycoon" in Ferguson's theatre last night was very pleasing. The singing, scenic effects and costuming seemed to meet the expectations of the good-sized audience and the applause was liberal. Elyria Frenchell, Alice Galliard, Will S. Rising, Lucius B. Jackson, Herbert Helcoms, J. F. McGovern and Charles E. Graham are members of the company and they do well. The second act of the opera is very pleasing and abounds in comical local hits in the Japanese sense. The chorus is a good one.

The Change in Fares.

The raising of the fares on the electric road is a necessity according to the statements of the Company. Fifteen cents from Mahanoy City to Leont Dale is not too much; neither is five cents too much from Leont Dale to Girardville, from Girardville to Gilberton, or from Gilberton to Mahanoy City. These fares are fair, and people at that point should be satisfied, but the present raising is unfair to the residents of 3 points.

In his death his bereaved wife and family have lost a kind husband and devoted father.

Evil Remedied.

The old adage that some good comes from every evil has been exemplified in the difficulty existing between the Traction Company and the borough of Gilberton. When the company had their tracks laid through the borough the streets over which they ran were left in an unsatisfactory and dangerous condition. In most places drivers could not drive along the track or over it without being in constant danger of accident, and the road was very narrow at many points. One of the first acts of the new management was to remedy this, and for the past few weeks a force of men have been employed making the necessary repairs, leaving everything in a very satisfactory manner. This is a commendable action on the part of the company.
