Do you ever consider the quality of the food you are eating? It may be good. It may be better, purer, fresher and more wholesome. Is it not worth while to make sure that your tea, coffee, sugar, butter, eggs, meats and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it certainly does not pay to buy the worst, even on the false ground of supposed economy.

The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at

#### "AN AMERICAN BEAUTY."

Our Thanksgiving Gift to Every One of Our Readers.

By special arrangement with the publishers, we are enabled to make every one of our readers a present of an exquisite oil painting, 20 inches high, entitled "An American Beauty," which has been admired by all who have seen it. This superb picture is from the brush of the same artist who painted the "Yard of Paines" and "Yard of Ross." The reproduction is equal in every respect to the original, from which it cannot be distinguished, and accompanying it are full directions for framing at home at a cost of a few cents, thus forming a beautiful ornament for the high, narrow wall-space for which it is so difficult to obtain pictures of the proper shape. It is a superb Thanksgiving gift. Send your name and address to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, with three cents (either in stamps or pennies) to pay for the packing, mailing, etc., and mention that you are a reader of THE HERALD and you will receive by return mail one of these valuable works of art.

Your children are liable to Croup, Croup, Cold, Sore Throat, Croup and Whooping Cough which often results seriously. Prompt treatment saves many innocent little sufferers. Try Pan Tins Cough and Consumption Cure. It is pleasant, safe and sure. Sold at P. P. E. Kirtin's drug store.

#### Foot Ball Flashes.

EDITOR HERALD: I read with amusement the statement made in your issue of last evening by the National Club's foot ball team. I was a member of the committee which called at the National Club's rooms and did our best to get a game with their foot ball team, allowing them to name the date. Their manager, however, said he could not get the team together again. Last Sunday afternoon they claimed they had come up to play us and we immediately invited them to line up on the field. The National Club has not a single foot ball in its possession, and not over two or three of the members ever saw a Rugby foot ball until they saw ours. The man who wrote the article in last evening's HERALD is evidently not a soft member on whom the club is springing a joke. We will play the National foot ball team at any time and in any place they mention.

#### A SHENANDOAH MEMBER.

Nov. 14, 1893.  
[Both sides have had their say in relation to the above affair, and it is timely to give in this column that all correspondence relating to foot ball must be made as brief as possible. The latitude given base ball cannot be given foot ball, for the reason that the Shenandoah public has not yet evinced the same interest in the sport.—ED.]

#### A Mean Practice.

Business men, who depend on the people of this town for trade, should be the last persons to send out of town for printing, because they may, perhaps, save a few cents. Don't they know that people can purchase all kinds of goods out of town cheaper than here, and if they followed the example of these short-sighted men there would be little business done in Shenandoah.

#### Don't Tobacco Spit or Smoke your Life Away

Is the gradual starting life of a little book that tells all about No-tobacco, the wonderful, harmless, guaranteed tobacco-habit cure. The cost is trifling and the man who wants to quit and can't run in physical or financial risk in using "No-tobacco." Sold by all druggists. Book at drug stores or by mail free. Address: The Sterling Remedy Co., Indiana Mineral Springs, Ind. W-3-93

#### "The Dazzler."

A large audience was dazzled and pleased by "The Dazzler" at the Stone opera house last evening. The comedy has been changed somewhat for the better since its last production in this city and the company which appeared in it last evening is the best that has played there comedy in this city this season.—Binghampton, (N. Y.) Republican. At Ferguson's theatre on Monday, Nov. 20th.

#### Child scalded.

A four-year-old child named Anthony Morelli was severely scalded at the home of its parents, on North White street. While the child was asleep on the floor beside the kitchen stove another child of the family knocked over a pot of boiling coffee, which fell upon Anthony and the child scalded his legs very badly. Dr. Hamilton has charge of the case.

When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

#### Dupont Barn Burners Again Busy.

WILMINGTON, Del., Nov. 15.—A large barn on a farm occupied by Edward Bolzer and owned by the Dupont family was destroyed by fire, causing a loss of \$14,000. The conflagration is supposed to have been of incendiary origin. In 1890 a conspiracy to burn property belonging to the Messers, Dupont was discovered, and four persons were sentenced to long terms for the crime.

## MAKING OVER OLD DRESSES

PRACTICAL INFORMATION THAT IS HELPFUL TO WOMEN.

A Fashion Paper's Talk About Household Economies—Seasonable Hints on Gowns and Cloaks—Dowdy Garments Transformed to Pretty Stylishness.

One result of the hard times is the extra space the ladies' and fashion papers are giving to articles devoted to household economies.

Columns upon columns have been written, showing how with little money a woman can be well dressed. The secret of this is to allow nothing to go into the rag bag until entirely worn out. Shabby and faded gowns should be taken apart, washed, and dyed some fashionable color with diamond dyes, and they can be made up to look like new.

The ease with which diamond dyes are used is actually wonderful, many of the colors requiring no more work than it would to rinse a piece of cloth. There are nearly fifty colors, capable of making any shade, and every one especially prepared for home use.

The only caution needed to users of diamond dyes, says the *Ladies' Journal*, is this: "be sure to get a cotton-dye for cotton goods, and a wool dye for woolen goods. On every package is plainly printed what kind of goods it is for, and full directions for use are also given, so that even a child can use diamond dyes successfully."

Dresses, cloaks, ribbons, scarfs, stockings, fasteners, in fact, almost anything can be colored with diamond dyes to look like new. One who has never tried them will be surprised to find how many dollars they will save during the year.

It is well to remember that diamond dyes are never sold by agents or peddlers. Only inferior dyes, that allow the agent a large profit, are sold in that way, but the unfortunate ones never tries them a second time for their colors crack and fade or are not true to name.

Those who are obliged to be economical will find many ways of saving money in these suggestions.

#### WANT TO AVENGE SOCIETY.

Lautner Had no Special Grudge Against the Serbian Minister.

PARIS, Nov. 15.—Lautner, the man who attacked and wounded the Serbian minister, Georgevics, on Monday, was a cafe, says he wished to avenge society, and seeing a well-dressed gentleman seated at a table, he attacked him. Lautner is said to be either a madman or an anarchist.

The doctors now fear that serious complications will result from the wound of St. Georgevics owing to the heavy loss of blood, and to the fact that the minister's nerves were paralyzed by the shock. Lautner, the minister's assailant, had been in the restaurant two hours before the assault was made. He had dined well and had washed his mind down with champagne. Upon seeing M. Georgevics rise Lautner suddenly drew himself up and made a lunge at M. Georgevics, who exclaimed, "What is it? Do not know him?"

He then felt in his pockets, supposing that he had been robbed, and found that his watch and pocket watch were in his side and his pocket watch in his hand. The weapon used by his assailant had encountered a rib and this fact probably saved the minister's life. Lautner escaped from the restaurant in the confusion, but afterwards surrendered to the police.

#### New Jersey Old Fellows.

TRENTON, Nov. 15.—The grand re-embodiment of New Jersey Old Fellows was in session yesterday at Masonic Temple, Grand Patriarch Evan Dalrymple, of Philadelphia, presided. Grand Scribe Lewis Parker's report shows that there are fifty-seven encampments now under the jurisdiction of the state, and these have a total membership of 8,913. The officers elected were: Grand patriarch, William H. Biddle, Atlantic City; grand high priest, Joseph McMahon, Newark; grand senior warden, Albert Dunn, German Valley; grand scribe, Lewis Parker, Trenton; grand treasurer, William H. Courter, Jamesburgh; grand junior warden, George Dupierre, Jersey City; grand representative, J. Barton Smith, Newark; grand inside sentinel, Samuel Mills, Camden; grand marshal, Joseph B. Best, Woodbury.

#### A Priest's House Burglarized.

SCRANTON, Pa., Nov. 15.—A gang of burglars entered the house of Rev. Father Christ while he was attending forty hours devotion last night in his church, the St. Mary's German Catholic. They ransacked every room and drawer in the house. Over \$200 in money was secured, besides two gold watches, several watch chains and a quantity of valuable silverware. The rooms of the servants were also entered, and everything of value was taken. The furniture was smashed, scarcely a whole article being left in the house. As the burglars were leaving they broke several hats that were on a rack in the hallway and demolished the rack.

#### Mello Yields to the Powers.

WASHINGTON, Nov. 15.—The following dispatch has been received by the secretary of the navy today from Commander Pickens, at Rio: The senior commanding officers having informed Admiral Mello that they would protect the landing of all cargoes, in lighters, of any nationality, the flag of the nation discharging such cargo to be hoisted in the bow of the lighter. Mello was very angry. He promised to answer, but as yet has made none. It is noticeable that commerce has not been disturbed since, however. The firing upon the city continues daily.

#### New His Brother's Head Off.

MARION JUNCTION, S. D., Nov. 15.—Near Humming Water the three sons of John Busard, aged respectively 6, 11 and 13 years, were in a field husking corn. The elder one picked up a gun for the purpose of scaring the other two, and in the attempt to shoot over their heads he blew the head off one and dangerously wounded the other, who will probably die. The boy who did the shooting seems unconcerned about it.

The conflagration is supposed to have been of incendiary origin. The present scheme is to erect a plant midway, either at Lake Carey or Lake Winok, from which the power will be supplied.

#### Prosecute Corrupt Election Officers.

ALBANY, Nov. 15.—Governor Flower has written a letter to District Attorney Ridge-way, of Brooklyn, recommending the appointment of Messrs. George G. Reynolds and Edward M. Shepard to prosecute the recent election officers in Kings county. The governor calls attention to the fact that he has named one Democrat and one Republican.

## NEW ROAD OPENED.

Progress of the Lakeside Electric Railway Construction.

The construction of the Lakeside Electric Railway was continued to-day in spite of the fall of snow and the cold weather. The road has been connected at both sides of the Indian Ridge breaker and the new public highway which runs along the south side of the electric road on the embankment is now in use. The old road has been abandoned. The electric line is now completed some distance east of the Indian Ridge colliery dirt bank.

#### Heckless Boys.

Some boys collected a quantity of cotton waste yesterday afternoon and selecting a secluded place near the Shenandoah Lumber Company's yard, started a fire in a dishpan to keep themselves warm. Mr. Hawley, who does service as gateman at the Emerick street crossing of the L. V. railroad, shamed them off, but to-day again found the cotton waste on fire near the lumber yard. He extinguished the burning material a second time and put the rest where the boys could not get it.

#### USE DANA'S SARSAPARILLA, THE "THE KIND THAT CURES."

Turkled the Gallery. "Nobody's Claim" was presented at Ferguson's theatre last evening before a lights audience in the lower part of the house. The play is of the western border type which involves the frequent and rapid use of revolver and knives, and the turning of tables upon the villain at a time when the heroes and heroines are in the very jaws of death. It captured the younger element in the audience and each act was heartily cheered. After the fourth act members of the cast passed before the curtain, acknowledging the expressions of the enthusiasts.

#### AN HEROIC TEACHER.

Gave Her Life in a Noble Effort to Save a Little Child. NUNDA, N. Y., Nov. 15.—Heroine May Porter, the daughter of a widow, paid the penalty of bravery with her life in the little one-roomed country school house at Cooperville, where she was teaching yesterday afternoon. Her church remains today in her mother's house, one leg burned off, and her entire body burned white.

Little Willard Johnson, son of Conrad Johnson, of Cooperville, is a mass of blackened flesh, arms, head and leg gone. He was left yesterday in the teacher's care by his father, who was going away for the day.

The teacher took the little one to school with her while the children were at their studies; the school house was discovered to be on fire, with escape by the door-way cut off. Quickly the teacher, aided by two older boys, passed the children through a window, flames meanwhile rolling through the rooms above their heads.

All the children had been passed out except little Willard Johnson, and when he was sent up he did not understand the situation, and ran back into the flames. The teacher darted back after him, and the clothing of both caught fire.

Outside the scholars could see the teacher struggling to save the child by pulling him to the window, but they fell into the flames.

#### Judge Craig's Victory.

MADEIRA CREEK, Pa., Nov. 15.—The count of the vote for president judge of the forty-third judicial shows the result: Craig (Dem.), 3,521; Storm (Dem.), 3,781; Boyd (Rep.), 3,273; Nichols (Pro.), 196. Judge Storm is now residing at the apartment of Governor Pattison. After Jan. 1 Allan Craig will be judge of the district for a full term of two years.

#### Manufacturers Feel Encouraged.

PITTSBURG, Nov. 15.—Manufacturers in this vicinity feel very much encouraged over the prospects that a settlement of the trouble between them and the Amalgamated Association may soon be reached. It is believed that at the extraordinary convention of the association tomorrow the \$4.75 rate will be agreed upon.
