

# TERRIBLE EXPLOSION!

### Too High Pressure.

In these days of keen competition in every line, when the business man is compelled to bend his intellect and every energy to the success of his business, the clerk, book-keeper, professional man and laborer, to drive themselves to a terrific rate, there can be but one result—an explosion, which if not resulting in immediate death, leaves them with shattered brains and bodies. They are running at too high pressure. The strain is too great. Something must and does give way. This is equally true of women. Though their sphere is more limited, they have their daily burdens, frets and worries, and the results are the same as with their stronger companions.

This condition is growing worse every day. The rapidity of its increase is awful to contemplate. Our homes, hospitals, and insane asylums are full of these unfortunate, and are being crowded still further. There is but one solution of the matter. Recognize the importance of the situation at once, and take the necessary measures to relieve it. If you have falling memory, loss of sleep, dizziness, nervous or sick headache, biliousness, irritability, melancholy, sleeplessness, fainting, nervous dyspepsia, epilepsy, etc., know that any one of them is but a symptom of the malady that may befall you and even though you have used so-called remedies and treated with reputable physicians with little or no benefit, give Dr. Miles' Restorative Nervine a trial. It is the only remedy that may be depended upon for nervous disorders.

Two years ago I had Dr. Miles' Restorative Nervine with marked benefit, and later I advised my son, who had been sick with epilepsy of the kind that runs in the hands of our best physicians, to try it together with Dr. Miles' Nervine and Free Pills. He was so wonderfully benefited that he is today a healthy man. Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles \$5, express prepaid. It is positively free from opiates or dangerous drugs. Free book at druggists, or by mail.

## BIG HAUL BY ROBBERS.

### A Railroad Treasurer Relieved of Twenty Thousand Dollars

#### IN A CROWDED OFFICE BUILDING.

#### Two Men Entered His Private Office, Disabled Him by Blows with a Sandbag, and Escaped Before He Could Give the Alarm.

CHICAGO, Nov. 16.—John A. Drake, treasurer of the Indiana, Illinois and Iowa Railroad company, was ambushed and robbed of \$20,000 in the office of the company, on the ninth floor of the Broadway building, yesterday. Mr. Drake lost the money in a little hand scuffle, and was preparing to go out on the road to pay the employees. He had first placed the money in the safe and was about to leave the office, when two men stole in behind him and held him to the floor by several hard blows on the head, presumably with a sandbag. When he sank to the floor, it was possible they seized the previous handbag and were fully equipped into the street.

The robbery was a most nearly impossible feat, and the only way a thief could have done it was by using the key of the safe. The key was in the possession of the company, and the thief had to have had it. Mr. Drake had exactly received rough treatment. Big welts on his head bore evidence of savage treatment. The company station detectives were notified, and Inspector Shea put men to work on the case.

It was the most daring, sensational robbery that has occurred in Chicago in many years. Occurring as it did in one of the best known office buildings in the city, right in the very heart of the business district, the crime caused the greatest excitement. It has been the custom of the treasurer to pay the employees of the road in checks. Had the custom been continued the startling robbery would not have been attempted in all probability, but within the past week the officials of the company decided to pay the men in currency.

From the story told by Treasurer Drake, it appears evident that the robbers knew of this trip change. In some way they learned that Mr. Drake intended to call at the office to get the money. They must have followed him into the building, and the north corridor of the ninth floor, and waited until he had secured the money from the vault.

The news of the robbery created a panic at the central station, the like of which has not been seen since Anson's. Pendergast was brought there after shooting Mayor Harrison. The police overhauled many suspects, and it is reported that detectives arrested two men at a depot who refused to give an account of themselves, and that they were locked up at the central station. None of the officers would admit that an arrest had been made.

#### Held for Criminal Neglect.

CHICAGO, Nov. 16.—The coroner's jury, which for several days has been investigating the wreck on the Rock Island railroad at Seventy-first street, returned a verdict holding the railroad corporation responsible for criminal neglect. Conductor Freeman, Flagman Putnam and Collector Porter, of the wrecked train, were held to the criminal court for negligence. The jury claims that the rear of the wrecked train was not properly protected, and that the twelve deaths of the wreck were directly due to this negligence.

#### General Booth to Leave in America.

LONDON, Nov. 16.—The Morning Post announces that General Booth will go to New York in 1891 to superintend the transfer to the United States of the headquarters of the Salvation Army. General Booth thinks there is a wide field in America for the Salvation Army propaganda, especially among the Methodists. He intends to try in America many new ideas and experiments.

#### Dropped Dead at His Home.

ELIZABETH, N. J., Nov. 16.—County Clerk James J. Kerber, of Union county, dropped dead at his home on Cherry street here yesterday afternoon. He was 47 years old, served five years as assistant surrogate, ten years as county surrogate and three years as tax commissioner of Elizabeth. He was last elected county clerk for five years. Death was caused by apoplexy.

#### Three Convicts Escape.

COLUMBIA, S. C., Nov. 16.—Three white convicts named Henry Goggins, Riley Phillips and W. E. Moore, working on the penitentiary farm, broke through the guard, took his gun from him and made their escape. Henry Goggins escaped in March, 1888, and was recaptured in September last and returned to the penitentiary. He is rather a desperate character. A posse is in pursuit of the fugitives.

#### Started Out to Kill Three.

NORWALK, Conn., Nov. 16.—Special Officer Charles Gehlke, keeper of the city lockup for many years, and who had been notified by the warden that his services were no longer required, armed himself with a heavy revolver and started out to kill the three officers who constitute the board of selectmen, but they all escaped.

GRESHAM, Pa., Nov. 16.—Mrs. Hirsler, of West Newton, who keeps a small store at that place, and who for some time has been afflicted with stomach troubles, completely cured by taking "Rough on Hates." She died in the great agony. She was aged about 50, and leaves a husband and grown-up family.

#### A Gloomy Outlook.

DURHEIM, N. Y., Nov. 16.—The outlook for the coming winter is pitiable. The closing of the Brooks locomotive works has stagnated labor and reduced the workmen to pining want. Only one factory in the city is being run on full time.

#### Madison Square Bank Affairs.

NEW YORK, Nov. 16.—The receivers of the Madison Square bank are preparing to pay a first dividend of 25 per cent. to the depositors of the bank. It is possible that the receivers may ultimately pay from 40 to 60 per cent.

#### Death of a Prominent Virginian.

RICHMOND, Nov. 16.—Hon. James McDonald, who for nearly half a century has been a conspicuous figure in public affairs, an editor, secretary of the commonwealth and assistant general, died yesterday.

## In Paint

White Lead is best, properly applied it will not scale, chip, crack, or rub off; it firmly adheres to the wood and forms a permanent base for painting. Paints which peel or scale have to be removed by scraping or burning before satisfactory repainting can be done. When buying it is important to obtain

## THE NEW TARIFF BILL.

### A Report That It Provides for Radical Reductions.

#### HEAVY CUTS IN GLASS AND IRON.

#### The Tax on Whisky and Other Distillery Products Likely to be Largely Increased. The Income Tax Proposition Meeting with Increased Favor.

WASHINGTON, Nov. 16.—In spite of all the talk that it is being introduced in by some of the Democrats of a house about a conservative and moderate tariff bill, the measure which is now almost completed is radical, some of the cuts in duties being extremely heavy. The average percentage of reduction which will be shown by the bill will not be indicative of the cuts made, for the reason that a great many things of which there are more or less heavy duties now will be put on the free list, and will not figure in the estimate of averages.

It will be some time yet before the full bill is given to the committee of the House. It has become known from time to time. There are a number of other items on the free list besides wool, and iron ore, pig iron, lumber, salt and oil. Some of the heaviest cuts made where there are no duties on the free list are in the glass and iron articles, and the reduction in the rate on sugar. The steel and iron and other articles are cut very little.

In fact and wooden textiles, wearing apparel and blankets, and carpets and the like, the cut is very heavy. The duties on glass throughout the schedule are cut about in the middle. Steel rails are reduced to 25 per cent. valorem. There will probably be nothing in the iron schedule running above 10 per cent., and the average will probably fall below 25. The valorem system is adopted almost entirely in the bill.

The question of sugar has not yet been settled, and there is a strong disposition in response to the needs of the treasury to put a small duty on that article. Three or four members of the committee are earnestly opposed to any tax, and others are in doubt, so that question is unsettled. The tobacco, beer and whisky schedules are also expected to be introduced in full committee and there now appears little doubt there will be a material increase in the tax on whisky and other distillery outputs. The proposition for an increase of 35 cents a gallon on whisky is now being informally discussed, and some members of the committee are in favor of an increase as high as 50 cents a gallon.

The full Democratic membership of the ways and means committee and the meeting in general conference, and it is expected the meeting will have the effect of clearing up the uncertainty that has existed for some time with reference to several of the important schedules of the new tariff bill. The members of the committee who have been favoring the provision for an income tax feel confident that the result of the series of conferences just begun will prove that the majority of the committee favors such a plan.

#### Demands of Iron Manufacturers.

PITTSBURGH, Nov. 16.—The iron and steel manufacturers will insist upon a 10 per cent. reduction in wages, no matter what action the Amalgamated Association may take at their convention in this city today. In fact the employers at the plants in Lockport and Westfield, Pa.; Piquette, O.; and Wheeling, W. Va., have already been notified that the wages will be cut, to take effect next week. If the reduction is conveyed by the Amalgamated Association the works will continue in operation as at present, otherwise there will be a lockout.

#### Big Collection Change Hands.

SEBASTIAN, Pa., Nov. 16.—One of the largest collections in recent months was finally raised yesterday by Simpson & Watkins, of this city, for the Wyoming Valley Coal company, near Wyoming. These collieries are in the very heart of the Wyoming region, and it is the intention of the new owners to relocate their activity. Five hundred new men will be put to work at once.

#### The National Attache.

FORTHELYN, Va., Nov. 16.—The French attaché, with Mr. and Mrs. Royal Phelps Carroll on board, arrived here last evening. Heavy weather was encountered during the past week.
