

AT MEAL-TIMES

Do you ever consider the quality of the food you are eating? It may be good. It may be better, purer, fresher and more wholesome. It is not worth while to make sure that your Tea, Coffee, Sugar, Butter, Eggs, Spices and innumerable other groceries are of the best quality? There is such a trifling difference in the prices of the best and the worst that it certainly does not pay to buy the worst, even on the false ground of supposed economy.

SEVERN'S Cor. Centre and White Sts., SHENANDOAH, PA. THIRD EDITION

Reunion Meetings.
Last evening was an enjoyable occasion for the members of the P. O. S. of A. in this locality, and especially those connected with Camp 235, of Lost Creek. The first of a series of reunion meetings was held in the lodge room of the latter camp, at which a large number of the members of Shenoykill district No. 5 were present and spent a very pleasant evening. The program was of a varied nature, consisting of singing, recitations, addresses, a notable feature of which being a paper read by District President S. L. Brown upon the early history of the order. G. L. Hefner exemplified the unwritten work creditably, while W. J. Seitzer, A. C. Morgan, C. T. Strangely, Wm. E. Davis, Robert Lawson and others participated in the evening's entertainment. The next meeting will probably be held in this town, at which it is expected several of the state officers will be present.

The Mayor of Knoxville Speaks.
James C. Luttrell, three times Mayor of Knoxville, Tenn., writes: I was completely broken down with a complication of diseases. After trying many doctors without relief, I took Radam's Microbe Killer, and was completely cured.

"The Sporting Craze."
Those who witnessed the first production of the above named farce comedy will be delighted at the announcement that the same excellent company that presented it two weeks ago will again be seen at Ferguson's theatre next Wednesday. The hit made by this attraction was emphatic. On all sides nothing but the highest praise was heard, and the company, with our bound firmly established themselves in the good graces of our theatre-goers. There is a perfect flood of novelties in songs, dances and specialties, and each feature is presented in a graceful way that immediately won the esteem of every one in attendance. We expect a packed house.

GENTLEMEN:—I desire to acknowledge the promissory payment through your Superintendent, William T. Evans, and agent, Alfred Welsh, of the full amount due me, one hundred and thirty dollars (\$130), upon the death of my father, David Erwin. Owing to the dull times the amount came most opportunely to defray the funeral expenses and I only too gladly testify to the reliability of your company. 1m

JUDGE GIBBS IS WELL.

Suffers from Rheumatism no Longer The One True Remedy.

So much has been said about the many and wonderful cures of rheumatism by the great remedy first prescribed by Prof. Phelps, of Dartmouth college,—

So many hundreds of testimonials have been recently published from every city and town of Pennsylvania, whom Paine's celery compound has made well,—

That the following letter about so worthy a man as Judge Gibbs is just now interesting: Judge D. S. Gibbs was born and raised in Noble county, Ohio. He moved from Noble county to Lawrence county, and then to Hutchinson, Kan. While a resident of Noble county, Ohio, he filled the office of Probate Judge several terms and District Judge one term. Since his residence in Kansas he has twice been elected Judge, and is today filling that office.

The Judge is 67 years old, and has been afflicted with rheumatism almost all his life. For six months at a time he has had to go around on crutches from the effects of rheumatism. He has tried medicine after medicine, and has been treated by numerous physicians, both in Ohio and Kansas, but the

rheumatism has always come back in a worse form than ever.

"About two months ago," says the Hutchinson News, "he bought a bottle of Paine's celery compound, having little faith in anything at the time; but he experienced relief from it the first day he began taking it. Before he had taken all of the first bottle he thought he was cured, and recklessly exposed himself and had a set-back. He again began taking the medicine, and is now on his third bottle, and he says that he feels like a well man. He is entirely free from pain and swelling. The Judge has found out, as thousands of others have, that Paine's celery compound is the one true specific for rheumatism; and says he believes that if he only takes half-way care of himself and does not recklessly expose himself to the elements, that he will never again be troubled with rheumatism."

This is the experience of every sufferer. Paine's celery compound cures! It is not a patent medicine. It was first prescribed by one of the most eminent physicians that ever lived. It has made thousands of people well.
