### DON'T BE BULLDOZED.

The attempt of a small coterie of party wreckers to force certain appointments upon the recently elected Republican county officials should be nipped in the bud and it is hoped the officials will have the courage to act according to their conscience and make the appointments on the merits of the applicants, irrespective of any political pull. It is their duty to select competent men as their assistants and a failure to do so will lay a foundation for bad management of their offices. When a few back number political heelers assume that they have the right to dictate who shall be appointed to the positions referred to they should be made to understand that if there is to be any such dictation every man who voted for the elected officials has a voice in the matter. Most of the men recently elected have sufficient integrity and common sense to make proper appointments without interference of outsiders and they should do so. The political heelers who are pulling wires for personal gain and gratification should take warning in time. If they persist in their bulldozing tactics the people who helped to achieve the recent glorious success will arise in their might and crush the meddlers with such force as to kill what little life now clings to them and demand in the interest of justice and good government that merit shall receive its reward. If the ejected officials take clean men and clean methods as their motto the people will be with them.

You may expect to hear of the queerest kind of traveling baggage these days for it would seem as though human ingenuity had been exerting itself to the utmost to devise ways and means whereby it would be possible to render traveling less troublesome, especially in the matter of children. In St. Louis the other day queer noises were heard in connection with a large valise in the waiting room of one of the railroad companies. Upon investigation the noises were found to proceed from a pair of pretty twins about three weeks old, who had been carefully packed in it, a babe having been cut in the singular baby receptacle to furnish the little ones with air. That they were not smothered seems miraculous. They were taken to a neighboring hospital and released from their unique and dangerous imprisonment.

There is a very prevalent impression that men of distinction, whether as public officials or noted for their scientific or literary acquirements, are high lived, and find great delight in eating and drinking. While there are some prominent men who are great gourmands, and it stands upon record that such have lived, all evidence goes to establish the fact that most of the greatest men who have ever lived have been abstemious, and that their modes of living have been of the simplest character.

The new cruiser Columbia, by her trial on the New England coast, proved herself the fastest warship afloat. For the entire run her speed averaged 22.81 knots, but she attained the remarkable speed of 25.3 knots at one portion of the race, covering a distance of about fifteen miles. The elements were not wholly in favor of the Columbia, either, which makes her time all the more remarkable.

### THE EARTHQUAKE IN PERSIA

It is Believed That Fully a Thousand Persons Perished.

LONDON, Nov. 22.—A special from Meshed brings further details of the earthquake that occurred at Kuchan in the northern part of the province of Khorasan. The town was completely destroyed, and the loss of life was immense. Great crevasses were opened in the earth, through which the residents of the town, clinging to the sides of the river, were carried down to the bottom. The fertile region around the city was inundated, and the large gardens and extensive vineyards were swept out of existence. The people of Kuchan had no chance to save anything. The shock was so severe that the largest houses in the town, including the residence of the governor, were almost instantly toppled over, causing hundreds of people to perish. The town had a population of between 20,000 and 30,000 persons, and it is thought at least 1,000 perished. Many persons were carried away by the flood that flowed down the valley, but it is feared that many of the villages below Kuchan have been destroyed.

The district in which Kuchan is situated is very populous, and it is feared that it has suffered from the earthquake and the flood. A dispatch from Teheran says that mild earthquake shocks continue to be felt there. Meshed and Kuchan are declared to be totally destroyed, with great loss of life and property. It is added that the supply of food and water is exhausted, and that most of the survivors have fled to the mountains.

Six Burned to Death.  
BEAVER, Pa., Nov. 22.—A disastrous fire occurred at Merrill Station, on the P. & M. R. R., resulting in the total destruction of a three story frame hotel. There were thirty-five boarders sleeping in the second and third floors, many of whom jumped from the windows and were badly cut, bruised and burned. The following were killed in the fire: John R. T. S. and his family, burned as badly as any. Also Joseph W. W., his son Dan, aged 24, of Pittsburgh; John Kelley, laborer, of Woodport, aged 40; Robert Stanley, engineer, aged 35, of New Brighton; James Higgins, of Charlestown, aged 33, engineer; Barney Wilcox, stonemason, of Highgate.

Fatally Stabbed by His Stepmother.  
PATHEMUS, N. J., Nov. 22.—Early in the morning the inmates of the home at Patheamus street, this city, were awakened from their sleep by cries of murder which proceeded from the apartments of Arnold Bruppacher. Gustav Smedis, a young man, and the stepson of Bruppacher, was found lying on the floor, bleeding from a dangerous stab wound in the back. He stated that his stepfather had quarreled with him, and after slaying him, had fled from the house. It is doubtful whether young Smedis will recover.

Brigandage in Indiana.  
NEW ALBANY, Ind., Nov. 22.—Plymouth, Stephen and Mason Whitman, Peter Jackson, Charles Compton and Charles Garry, made an attempt to abduct Olive, the 13-year-old daughter of Joe H. Kraft, at his residence, three miles north of this city. The idea was to demand a ransom of \$10,000. Mr. Kraft learned of the plan, and when the men appeared there was a battle, in which Whitman received a wound, from which he died soon after. The others were arrested.

Prosecuting His Revenge.  
LANGFISH, Pa., Nov. 22.—Joseph M. Haines found his father, John Haines, dangling at the end of a rope, and out him down. The father assaulted his son for preventing his suicide, and was thereupon knocked down. Now the old man has had his son arrested for assault and battery.

"Black Bart" in an Asylum.  
MARQUETTE, Mich., Nov. 22.—Black Bart, Hal Sney, the Gogebic highwayman and murderer, has been removed to an asylum for the insane. Hal Sney killed a number of people in Wisconsin and Michigan three years ago, robbed trains, and committed other depredations.

### THE NEW STYLE

Pill is of Dr. Pierce's invention and is full of improvement. They are used by everyone from the highest to the lowest of the class. They are supposed to give relief in Dr. Pierce's Pleasant Pellets.

TO BEGIN WITH, these "Pellets" are the smallest, and easiest to take. They're tiny, sugar-coated, and delicious granules that every child takes readily.

SECONDLY.—They're perfectly easy in their action—no griping, no disturbance.

THIRDLY.—Their effect is lasting.

FOURTHLY.—Put up in glass—always fresh.

FIFTHLY.—They're the cheapest, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.

SIXTHLY.—They absolutely cure Constipation, Indigestion, Bilious Attacks, Sick or Hilarious Headaches, and all derangements of the liver, stomach and bowels.

### THE LEHIGH STRIKE.

#### The Freight Blockade on the Road Still Continues.

#### PASSENGER SERVICE AFFECTED.

The men on the Rochester Branch of the Road Obey the Order to Quit Work. Fears That the Strike Will Extend to Other Roads.

### Rescued from Death

All Said She Could Not Live a Month.

Now Alive and Well—Thanks to Hood's Sarsaparilla.

"I must praise Hood's Sarsaparilla, for it is wonderful medicine. I suffered 10 years with Neuralgia and Dyspepsia and fainting spells. Sometimes I would be almost stiff with cold perspiration. I spent a great deal of money for medical attendance, but it did not get any benefit until I began taking Hood's Sarsaparilla, and I began to feel better. I weighed less than 100 lbs. and was a picture of misery."

### Hood's Sarsaparilla

Instead of being dead now, I am alive and weigh 142 lbs. Mrs. ELIZABETH MESSER, 10 East Haver Street, Baltimore, Md.

HOOD'S PILLS are purely vegetable, perfectly harmless, and reliable and beneficial.

The situation at Manassas remains unchanged. There is no break in the ranks of the men. No effort is being made to remove through freight and coal. Everything is orderly in that section. President Willard's offer to treat with the men as individuals and not as a union was accepted. About fifty men arrived there last night.

### DIRECTUM DEFEATS ALIX.

The Great Stallion Covers the Kind Heat in 2:08.

New York, Nov. 22.—Under a lowering sky that threatened at every moment to let down the deluge, and amid chilly autumn winds 6,000 enthusiastic horsemen at Forest Park yesterday afternoon saw the famous stallion Directum, with a 63,000 match race from the western bay mare Alix in three straight heats, the last heat being trotted in 2:08, the fastest mile ever done in November.

In the first heat they came up in the line with Alix a neck in the lead. The bay had this advantage when they got the word to go. She gradually forged to the front in the first quarter. As they passed the two-furlong mark she was leading by a length. In the huckster Directum moved up to her. As they neared the turn for the hill, Alix broke badly, and in a twinkling Directum was half a dozen lengths to the good. Although Curry got Alix down again, and she came strong and fresh at the finish, Directum won by two lengths in 2:15.

In the second heat Directum was at Alix's withers when they got the word to go and Alix was fouled by a crowd half length at the way down the backstretch. As they swung around the turn, Directum began to improve his position. At the half mile post Alix broke badly and Directum shot away from her as if the race were over, winning the second heat, practically as he pleased, by three lengths in 2:16.

The judges announced that Directum would take the third heat against Alix. Alix broke before they reached the turn, and Directum took a lead of fully a half dozen lengths, retaining his advantage to the second turn. Alix then began to crawl up to him, and at the far turn she was within four lengths of the black wonder. As they came up the hill, Kelley let Directum go freely, and he came home a dozen lengths in front of Alix in 2:06.
