A Breaker Suspended.

The Indian Ridge breaker suspended operations at 2 o'clock this afternoon on account of an accident to the rollers.

RAILROADERS' SIDE.

(Continued from First Page.)

The schedule is demoralized, and the strikers just now have the upper hand. Employees who are not Brotherhood men notified the superintendent that they would not fill any vacancy made by a striker. The tie up on this line was entirely unexpected, and this fact adds to the general demoralization.

At Philadelphia, N. J.: The situation in the Lehigh strike in this section is much the same. An attempt was made to run a Lehigh freight over the Central tracks. As soon as the Lehigh cars were attached the Central men, from the engine to the rear brakeman, got off the train and stood beside the track. The Lehigh cars were detached and run on a siding, when the Central men then resumed their places and took their train out. The Philadelphia board of trade has directed its secretary to communicate at once with President Willbur and urge him to accede to the demands of the men.

At Rochester, N. Y.: Forty-seven non-union men employed by the local agent of the Lehigh Valley, M. P. Howell, left here at 9 o'clock last night in a special train for Sayre. Before the time for the train to start the men were canvassed by a lot of strikers, who attempted to deter them from going. They influenced many to stay at home. Many of those who went were armed, and all expected fight before they got to Sayre. It was a tough looking crowd, with three or four notable exceptions.

At Hoboken, N. J.: The state board of arbitration held a session here and received reports from a number of the strikers, and also held a consultation with them regarding the cause of their grievance. The board will visit Perth Amboy next, where they will meet Division Superintendent Donnelly, of the railroad, and hold a consultation with him.

At Allentown, Pa.: The effects of the strike on the Lehigh Valley railroad are now being felt. The furnace at Macungie has been hunked and the rod and drawing departments of the barb wire mills shut down for want of coal. Only two cars of freight and twenty-five of coal arrived yesterday for local dealers.

At Perth Amboy, N. J.: Two coal trains reached here last night and three trains of empties have gone out. The situation from the strikers standpoint is far from being as promising as it was. The blockade in the yards is being rapidly cleared up. Five engines manned by Knights of Labor are doing the drilling.

At Buffalo, N. Y.: The condition of affairs has changed somewhat in the company's favor. The company has succeeded in moving more trains on this division of the road yesterday than on Wednesday, and the officials are claiming that they have won a decisive victory.

At Tunkhannock, Pa.: The railway traffic between Coxton and Sayre is being brought up closer and closer each day. Three passenger trains and two freight trains are running on the road yesterday. No mail from New York or Philadelphia is being received at this postoffice.

At Elmira, N. Y.: The first trouble of strike occurred yesterday, when a striking fireman named Stevens met a new man of the same name and tried to persuade him to join the strikers. The imported man drew a knife and nearly severed Stevens' fingers from his right hand. He then fled.

At Buffalo, N. Y.: The company is getting plenty of men to take the places of the strikers, and is in better condition than since the beginning of the strike to handle the freight that has accumulated. Sayre still continues to be the point of blockade.

At Hazleton, Pa.: This division of the Lehigh Valley railroad is tied up worse than ever today. A great surprise was given the officials when it was learned that 175 men had decided to go on strike at Niagara Falls, N. Y. The Lehigh strike finds matters worse today at this end of the road than they have been since the trouble began. The fact is everything but a standstill.

At Sayre, Pa.: The Lehigh Valley moved a few trains yesterday, but the strikers have induced nearly all the non-union men to desert the company.

Will Not Order Out Troops.

HARRISBURG, Nov. 24.—Governor Pattison received a message late last night from the sheriff of Bradford county informing him that there was a great deal of disorder at Sayre, as a result of the strike on the Lehigh Valley railroad, and that he was afraid the posse would not be able to quell it. Adjutant General Greenland was evidently consulted by the governor in the matter, for he informed the Associated Press correspondent that the executive will not order out the troops on such a message.

Three Drowned While Flating.

SCHANTON, Pa., Nov. 24.—At the little mining village of Marshwood, where the mines of the Moosic Mountain Coal company are located, three boys were drowned late yesterday afternoon while skating on a large body of water which has been dammed up to furnish the mine an adequate supply of water at all seasons. The ice along the edge was strong enough to bear them safely, and they started for the center of the pond. When about one-fourth of a mile from shore they broke through. Thomas Matheil, John Williams and Garfield Merchels were drowned. Albert Cara, another boy who went through the ice, was rescued.

Extensive Quarries Change Hands.

KINGSTON, N. Y., Nov. 24.—The extensive property belonging to the Bigelow Bluestone company was sold at a mortgage sale to the Ulster Bluestone company for \$100,000.

THE HUSBAND WON.

Henry Gilbert Defeats His Wife and Coverts Her to Himself.

Several weeks ago Henry Gilbert, of town, suspected his wife of infidelity and as Robert Miller, the suspected man, refused to obey warnings to keep away from the Gilbert household the husband caused his arrest on a charge of desertion and non-support.

The cases were tried before Judge Albright at Pottsville yesterday and resulted in victories for the husband. The charges of desertion and non-support were dismissed and the costs were put on the wife. Miller was convicted on the charge against him and given the usual sentence.
