THE PRESIDENT SERENE

Hawaii Evidently Does Not Worry the Chief Magistrate.

WASHINGTON, Nov. 25.—If President Cleveland is disturbed over the Hawaiian situation he did not show it yesterday. At the close of a long cabinet meeting Secretary Lamont remained with him for some time. Then Secretary Gresham called and remained a short time. After his departure the President and Mrs. Cleveland came down stairs and entered a carriage to enjoy a drive. The president looked healthy and content. His smile to those about the White House does not indicate that there was anything that had been reported from the Pacific or any other place that disturbed him in the least.

There has been a general belief that the president would discuss the Hawaiian question in his message, and more interest than ever has manifested in the document on this account. No news can be expected from Hawaii until after the message is sent to congress, and it was thought that in discussing the matter the president would necessarily refer to the instructions that had been given Minister Willis, and inform congress of what he expected had taken place in the islands in view of the instructions.

But it is stated at the White House that this matter can easily be avoided by a situation to the Hawaiian affair in the regular message, with the statement that it will be treated in a special message on the subject to be submitted when further and expected information has been received. This being the case those who are awaiting a statement of the direct policy of the administration, further than which has been officially announced in the letter of Secretary Gresham to the president, will be disappointed.

THERE WILL BE BLOODSHED.

Lillooian Cannot be Seated Without an Engagement.

NEW YORK, Nov. 25.—The World publishing a letter from Honolulu, brought by the steamer Australia, which arrived in San Francisco on the 24th inst. It was written by Beverly Thomas, who has been a resident of Hawaii for a number of years, to a friend living in New York. Mr. Thomas has lived in Honolulu over eight years and is conversant with the Hawaiian political situation.

"Minister Willis has just arrived and presented his credentials to President Dole. All sorts of rumors are abroad. One is that Willis is going to resign. Lillooian is to resign his throne. It is not likely that this rumor will be true. The marines from the main body of the army, filled with men, all of whom are heavily armed, were kept in the city for one night. At daylight they were taken back on board the steamer. No one can tell what was the meaning of this movement.

"Let me tell you plain and simple as made to popular the speech and the answer there will be bloodshed. We have now a citizens' guard numbering nearly 20,000 men, and this guard will fight to the last to uphold the new government. We are now enjoying freedom and comparative safety, and if the United States will only annex us, and if it won't do so, keep its hands off, then we will become prosperous. Before the provisional government was formed we were like a lot of slaves, afraid to open our mouths."

Highwaymen Captured.

LAMARCA, Pa., Nov. 25.—Otto Smith, Frank Bowman and John Felder, three of the gang who robbed Deutch & Oldewiler's store, at Elizabethtown, at the point of the pistol, were taken in the county jail yesterday. They attempted to stop George Weiland and David Brandt in the road near town. Alarm was given and the villagers pursued the highwaymen, captured them, and brought them to this city.

To Preserve Jersey's Battle Flags.

TRENTON, Nov. 25.—Governor Weerts, at the request of the Grand Army of the Republic of New Jersey, has ordered glass cases to be made for the exhibition of the battle flags carried by the New Jersey regiments in the war of the rebellion. These flags have been kept in the vault of the adjutant general. The cases are to be completed by the opening of the legislature.

A Burning Ship Sunk.

SANTA BARBARA, Cal., Nov. 25.—The British ship *Geopline*, which has been burning off Point Conception, was scuttled and sunk yesterday. The hull is covered with water.

GIOIETTI'S DOWNFALL.

Italy's Premier Forced Out by the Bank Scandals.

THE ENTIRE CABINET RESIGNS.

The Report of the Special Commission to Investigate the Scandals Make Their Position Untenable. Through the Premier. Is Not Directly Charged with Corruption.

ROME, Nov. 25.—At a cabinet council yesterday the ministry decided to resign. Prior to the opening of the chamber the extreme left adopted a motion to impeach the cabinet.

Premier Giolitti, when the chamber of deputies assembled, announced that the cabinet had resigned, and that the king had reserved his decision upon the matter. The ministers in the meantime will remain in office.

The chamber was changed when the session opened, and Signor Cavallotti caused a lively scene when the minutes of Thursday's meeting were read. He complained that the sitting was closed when the extreme left was about to sub-

PREMIER GIOIETTI

mit a motion. The president began to make an explanation of this incident and a great excitement, the extreme left members, in the meantime, denouncing the ministers.

The minister of finance, Signor Grimaldi, warmly defended himself against the attacks of the extreme left, declaring that he was an honest man and so solidator of public morals as his opponents. He was loudly applauded.

Premier Giolitti, before making the ministerial declaration, declared that he wished to state in his own name and in the names of his colleagues that they wished to resume their seats in the chamber of deputies in order to have full liberty of speech. His remarks caused much excitement, especially among the members of the extreme left. When the news had somewhat subsided he announced the resignation of the cabinet.

After the dispatch of current business a motion to adjourn was made. The extreme left members, especially Signor Imbriani, strongly denounced Premier Giolitti, who warmly retorted. Signor Imbriani shouted: "You have fallen in the mud."

To this remark Premier Giolitti replied: "Whatever efforts you may make you will not even succeed in splashing mud upon my boots."

This exchange of words caused renewed excitement in the chamber, during which some very heated remarks were made by the extreme left, and warm replies came from the supporters of the government.

When order had been restored the president of the chamber called for a vote upon the motion to adjourn, which was unanimously approved, with the exception of the members of the left. The sitting closed amid much cheering.

This action of the cabinet is a result of the scene in the chamber of deputies Thursday night, caused by the report of the commission investigating the bank scandals. The report bore severely upon many prominent men, and its reading created intense excitement, the session finally breaking up in great disorder.

The commission excludes Signors Grimaldi and Nicotri from all blame. It regrets the participation by Under Secretary Sangiuliano in the scandals. No proof is found that Signor Giolitti, the premier, received money from the Banca Romana in 1892 for electoral purposes. The commission is also of the opinion that Signor Levaia did not receive any money for electoral purposes.

King Humbert last evening conferred separately with the presidents of the senate and chamber of deputies in regard to the formation of a new cabinet. It is rumored that Signor Crispi or Signor Zanardelli will be the next premier.

Double Murder and Suicide. KANSASVILLE, Mo., Nov. 25.—James D. O. Smith, a former merchant of this city, murdered his divorced wife and a Mrs. Graybill and then shot himself. Jealousy is the probable cause. Mrs. Smith secured a divorce from her husband this summer. Smith's wife and Mrs. Graybill lived together. Smith was about 40 years of age, and his wife about 35. Mrs. Graybill was about 60 years old. A 1-year-old daughter of Smith's was the only witness of the tragedy.

The Check Forger Again. BALTIMORE, Nov. 25.—A Baltimore crook representing himself as Henry Wessel, Jr., the partner in a large retail establishment in this city, went over to Philadelphia and bought a large bill of goods from the firm of Daniels & Blumenthal, and they also cashed a check for him. The check, however, was for only a small amount and this they will lose. The goods were recovered here. The forger has not been apprehended.

Reported Fatalities on the Nietheroy. WASHINGTON, Nov. 25.—The rumor reported by Charles H. Flint that three men had been killed on board the Brazilian ship *Nietheroy* is not believed at the navy department to be possibly due to any engagement with Mello's forces. The *Nietheroy* could not yet have arrived in any waters where Mello is known to have any ships to attack it.

Railroaders Arrested for Hooliganery. MEADSBURG, Pa., Nov. 25.—The railroad men were arrested at this city charged with hooliganism. The stolen goods consist of iron, steel, shoes, whisky, cigars, etc. These men were either men to be arrested on the same charge.

SAILED THE SEAS 38 YEARS.

One of His Experiences. For thirty-eight years Capt. Lord sailed the sea, most of that time as master of a vessel, and with nothing from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He takes one experience as follows: For several years I had been troubled with neuralgic pains and pain in the region of my heart. My greatest affliction was a neuralgia which was almost impossible at any time to obtain rest and sleep. Having seen the relief afforded by Dr. Miller's Remedies, I began using them. After taking a small quantity of the medicine, I was so relieved that I was positively alarmed, thinking the remedy would injure me but on being assured by the druggist that it was perfectly harmless, I continued to use it together with the Heart Cure. To my surprise and joy, I found that the Heart Cure was more effective than anything I had ever taken, and soon treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the successful use of these most valuable remedies, and I heartily recommend them to all afflicted with neuralgia, heart disease, etc. Dr. Miller's Remedies are sold by all druggists, or by Dr. Miller Medical Co., Eckington, Md., on receipt of price, \$1 per bottle, or six bottles for \$5, express prepaid. They are sold from all apothecaries and druggists.
