

**AT MEAL-TIMES**

Do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your Tea, Coffee, sugar, Butter, Eggs, Spices and Miscellaneous other groceries are of the best quality? There is such a trifling difference in the price of the best and the worst that it scarcely does not pay to buy the worst, even on the false ground of supposed economy.

**A QUADRUPLE WOODENER**

**Killed His Wife, Her Parents and Her Sister, and Then Himself.**  
SPRINGFIELD, Ind., Nov. 27.—As the result of a terrible tragedy growing out of a family feud five people are dead in this city. Four years ago Clifton Jordan, then 21 years old, married a daughter of Joshua Foster, with whom he never lived happily. Last week they separated, and he returned to the home of his father.  
Last Saturday night Jordan met his father-in-law and accompanied him home, contrary to the wishes of the latter, who feared trouble. Soon after his arrival at Foster's home Jordan began a quarrel. Foster then ordered him out of the house, when Jordan fired at the old man, but missed him, the ball striking Miss Fara Foster, aged 17, in the head, killing her instantly. His second shot hit Foster in the head and he fell, but he soon rose and ran over a mile to the home of another son-in-law, William Powell, where he lay until late yesterday afternoon, when he died.  
Jordan then turned his revolver toward Mrs. Foster, his mother-in-law, shooting her in the neck, the ball ranging downward and causing a wound from which she died last night. Jordan's wife attempted to defend her mother, and she stabbed her repeatedly in the breast, hands and face, and ended by shooting her through the head. Jordan then opened his veins, and placing the revolver against his breast, sent a ball through his heart. He dropped dead, falling across the dead body of his wife. The pistol was placed so close to his breast that Jordan's clothing caught fire and was literally burned off him, the skin dropping from his body when it was lifted, and his corpse presented a horrible sight.  
Foster, the aged victim, was 90 years old, and his wife 73. Mrs. Jordan was only 19 years old. Foster had an unenviable reputation, and when drinking, which he often did, he was ugly and quarrelsome. All the other victims were peaceful and orderly citizens.

**CONGRESSMAN O'NEILL'S DEATH.**

**The Father of the House Succumbs to Pneumonia.**  
PHILADELPHIA, Nov. 27.—Congressman Charles O'Neill died at his residence, on South Penn square, on Saturday, in his 73d year. His end was as peaceful as his life was long and calm and useful. Pneumonia combined with heart weakness was the proximate cause of death.  
He took cold in Washington at the beginning of the special session, and he came home on Aug. 28, afflicted for the first time in his life with serious illness. It was the first time, too, that in all his career he had missed a single day from congress while it was in session, and the very knowledge that important legislation was under way, while he was confined to his home, added keenly to the irksomeness of his illness.  
Mr. O'Neill first entered public life in 1829 when he was elected to the lower house of the Pennsylvania legislature. He was re-elected in 1831 and 1832. In 1833 he was elected to the senate, and in 1839 again went to the lower house.  
In 1841 he was nominated for congress in the old First district by the Republican party and was elected. His first congress was the Thirty-eighth, and he has served continuously in every congress since with the exception of the Forty-second. After the reorganization of the congress in 1870 Mr. O'Neill was elected from the Second district, and he represented that district at the time of his death.

**Harry Wright Deposed.**  
PHILADELPHIA, Nov. 27.—Manager Harry Wright will not direct the Philadelphia club next year. At a meeting held at Colonel Rogers' office the veteran manager was told that he would not be signed for the season of 1894. No particular reason was assigned for this action, but it was intimated that there was a desire on the part of the public for a change, and in deference to that desire the man who has done more than any other man for the development and improvement of baseball, skillful play was deposed.

**The Currency Circulation.**  
WASHINGTON, Nov. 27.—The amount of money in circulation, that is, outside of the treasury, on Nov. 20 last is placed at \$1,595,848,829, or about \$6,000,000 less than it was a year before. During the four months ended with November there was an increase of \$122,000,000, a record altogether without parallel in the history of the country. The aggregate of money in the hands of the people and the average per capita were thus brought to a higher figure than had ever before been reached.

**Opium Smugglers on Trial.**  
PORTLAND, Ore., Nov. 27.—The trial of eighteen persons charged with smuggling opium and Chinese into the United States from British Columbia began in the United States district court this morning. Each defendant has from one to ten indictments against him. It is alleged that the operations of the "ring" extend over two years, and the value of the opium smuggled into this country is said to reach into the hundreds of thousands of dollars.

**Boyer Gets Twenty Years.**  
CAMDEN, N. J., Nov. 27.—Alfred Boyer, colored, who was convicted of the murder of Alexander Gibbs and sentenced to be hung, but was granted a new trial, appeared before Judge Garrison and withdrew his plea of not guilty and pleaded non vult to the charge of murder. The court fixed the grade at second degree and sentenced him to twenty years in prison.

**To Boon General Hastings.**  
CHESTER, Pa., Nov. 27.—A reception is to be tendered to General D. H. Hastings some time next month by the Chester Republican clubs to assist him in his bid for the governorship. Hon. John B. Robinson is to be one of the speakers, and is expected to formally announce his candidacy for the lieutenant governorship.

**Twelve Thousand Earthquake Victims.**  
LONDON, Nov. 27.—A dispatch to The Times from Tehran says that 12,000 persons have perished in the earthquake at Kuchan. Ten thousand bodies have already been recovered, and 2,000 are still under the ruins. Fifty thousand cattle have been destroyed so far. The shocks still continue.

**Italy's Cabinet Crisis.**  
ROME, Nov. 27.—King Humbert has had a conference with Signors Ricotti, Bianchi and Nisotti, but it is the opinion of the best informed circles that a ministry under Signor Zanardelli is the most probable outcome of the present situation.

Union Thanksgiving services will be held in the Trinity Reformed church next Thursday morning, at 10:30, and a collection will be made for the benefit of the Kensington sufferers.

The intense cold snap has created a harvest for the plumbers and gas fitters and has frozen the ground so hard that the pipes for the water works now lying in the gutters are singing. "We are here to stay, it is no ho-ho-dead."

There will be no meeting of the Borough Council until December 7th.  
All the town people agree that if a bridge from the south end of Jarden street to Dunns' hill is ever constructed it will be a bridge of size.  
The present is the last week of criminal court and many of the town people are glad.  
The Grand Jury usually practices on Tuesday evenings, but as the members want to witness the production of "The Dazzler" to-morrow night they have decided to practice to-night.  
On Wednesday evening Miss Mame Williams will give a grand soiree at her residence, on West Oak street, in aid of the Presbyterian church parsonage fund. The new pastor of the church, Rev. Maxwell Morrison, will be in attendance and hold a reception.

**IMPORTANT NOTICE.**

**The Mutual Guarantee Building and Loan Association.**  
Recently we called attention to the fact that the later years of a National Building and Loan Association were proportionately much more profitable than the early ones. Practical experience of thirty months' duration has demonstrated the correctness of this position, as our profits to-day are proportionately far in excess of what they were in the early months.  
We stated that stockholders would very materially study their own interests by remaining in the organization long enough to enable it to make their investment profitable to them. We are now able to announce that after thirty-six months' payments have been made, stockholders desiring to withdraw will receive a rate of 12 per cent, per annum on the amount paid into the Loan Fund.  
What we believe it would be much better for the stockholders to remain in until the maturity of their stock, yet we recognize the fact that there will always be some withdrawals, and this being the case, it is our purpose from time to time to deal as equitably and fairly with those withdrawing members as it is possible, and to adopt as liberal a withdrawal feature as is consistent with absolute safety to those who remain.
