Why is Strictly Pure White Lead the best paint? Because it will outlast all other paints, give a handsomer finish, better protection to the wood, and the first cost will be less. If Barytes and other adulterants of white lead are "just as good" as Strictly Pure White Lead, why are all the adulterated white leads always branded Pure, or branded Pure, or

## "Strictly Pure White Lead?"

This Barytes is a heavy white powder teround stone), having the appearance of white lead, worthless as a paint, costing only about a cent a pound, and is only med to cheapen the mixture. What shoody is to cloth, Barytes is to paint. Be careful to use only an old and standard brand of white lead—the
