

## AT MEAL-TIMES

Do you ever consider the quality of the food you are eating? It may be good. It might be better, purer, fresher and more wholesome. Is it not worth while to make sure that your Tea, Coffee, Sugar, Butter, Eggs, Spices and luxurious condiments are of the best quality? There is such a striking difference in the prices of the best and the most that it certainly does not pay to buy the worst, even on the basis of supposed economy.

The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at

Secretary Morton's Recommendations.

WASHINGTON, Dec. 1.—Secretary Morton, of the agricultural department, was before the joint committee of the two houses of congress charged with the investigation of the various executive departments and made some rather startling recommendations. He suggested the virtual abolition of the seed division as at present organized, and appealed quite indignantly to recommend the discontinuance of the publication of the agricultural report for general distribution. He dwelt especially upon the bureau of animal industry, on which he said he would ask for an appropriation of only about \$700,000, whereas the last appropriation exceeded \$800,000.

Powderly's Welcome Home.

SEBASTIAN, Pa., Dec. 1.—T. V. Powderly, late general master workman of the Knights of Labor, was given a hearty reception on his arrival in this city from Philadelphia last night. He was met at the depot by many of the most prominent residents of the city, headed by a band of music and escorted to the Westmaster hotel, where a banquet was served. At the hotel Mr. Powderly addressed those who had assembled, thanking them for the honor they had done him, but avoiding any mention of the events that led up to his retirement from the office of general master workman.

A Battle Expected in Mexico.

EL PASO, Tex., Dec. 1.—A Denning dispatch says: It is admitted by both sides that a battle between the rebels and the government forces will be fought near Ascension, within a few days. There are now 400 soldiers stationed at the town of Ascension. The rebels, under command Cruz Chauris, are entrenched in the mountains nearby, and have plenty of ammunition and firearms, and are fearless and determined.

Italy's Credit Mobilizers.

ROME, Dec. 1.—The management of the suspended Credit Mobilizere announce that a careful examination shows that at the most moderate estimate over two-thirds of the assets remain intact. ## WINTER TOURS

To California and Florida via Pennsylvania Railroad.

The final arrangements are now made by the Tourist Bureau of the Pennsylvania Railroad Company for the running of its personally-conducted tours for the coming season. First and foremost in point of magnitude and attractiveness come those to California and Florida. The dates for the former are January 31st and February 23rd. The first date has been selected so that en route to the glorious westernmost state of the Union the Mardi Gras festivities at New Orleans may be enjoyed by the tourists. California will command unusual attention this winter by reason of the Mid-winter Exposition to be held at San Francisco. This exhibition promises almost to rival the late World's Fair in completeness. Many eastern people have already decided to attend.

Florida, always a popular haven, still justly asserts its claim as the most delightful part of our country in which to pass the inclement months of the year. Five tours will be run there, January 30th, February 13th, February 27th, March 13th, and March 27th, have been chosen as the starting dates. 450 from New York, \$48 from Philadelphia, and an equally low rate from other points will cover all expenses en route.

Old Point Comfort appeals strongly to those not wishing to journey further from home, and on December 20th this historic spot will be visited by a special tour. Last come the tours to Washington, D. C., on December 14th and 20th, January 19th, February 8th, March 1st and 24th, April 19th, and May 3rd and 24th.

The Pennsylvania Railroad Company's guarantee that thorough and satisfactory methods will be pursued in conducting these trips needs no additional testimonials.

### SCHUYLKILL MINING.

How it is prospering in the Colorado Mining Region.

The following, taken from *The Scientist*, published at Sunnyside Camp, Amethyst post office, Colorado, under date of November 27th, will prove of interest to all Schuylkill counties.

Aschie B. Lamb, foreman of the Schuylkill Mining Company's properties at Campbell Mountain, left last Wednesday for his home in Shenandoah, Pa., to be gone several months. He leaves with a confidence well founded by years of mining experience that his company has a showing for pay mineral second to none in the camp especially in that section. And well he may with the following conditions apparent: The company owns six claims, the majority of them showing clearly defined veins at surface. The principal mode of development is by tunnel, which will cut through three claims, and will intercept some of the above mentioned leads, principally what is termed the Red Jacket vein, which is held by experts to be the great ledge galena vein. Surveys show that this vein keeps almost a steady course of north 9 deg. east along the mountain, and from the location of the Red Jacket tunnel, these surveys indicate that the vein found outcropping on it is the same. Assays also to a certain extent strengthened the belief, from the surface they showed 58 oz. silver and 35 per cent. lead, and 25 feet of exploitation on it showed mineral all the way. The mineral surveys also calculate that at about the completion of the 500-foot contract let last week, and which will give a total distance of 700 feet into the hill, the Red Jacket vein will be cut at a depth of 400 feet. But in much less distance into the hill they will cut the Great Eastern vein, a good strong one at the surface and which was recently acquired by purchase. The present contract is being pushed with all the diligence three eight-hour shifts are capable of, and to the credit of Manager Rosengarten he is said that this contract was not let to the lowest bidder, but to the lowest responsible and capable contractor, and the character of the work shows the wisdom of his choice.
