

AT MEAL-TIMES

Do you ever consider the quality of the food you are eating? It may be good. It may be better, purer, fresher and more wholesome. Is it not worth while to make sure that your Tea, Coffee, Sugar, Butter, Eggs, Apples and innumerable other groceries are of the best quality? There is such a wide difference in the prices of the best and the worst that it certainly does not pay to buy the worst, even on the false ground of supposed economy. The best is always the cheapest, because the most satisfactory and durable, and the very best of everything in the grocery line is kept at

At Work Again.
"Fatty" Snyder, the bootler who almost committed suicide on Thursday night by taking a dose of horse medicine in Snodden's livery stable, has fully recovered and is at his work again. He says he had similar experiences some years ago at St. Clair. A doctor prescribed some medicine for him with instructions that only fifteen drops be taken. Snyder says he swallowed the whole contents of the bottle to see what the effect would be, and, as in the last case, the medicine made him vomit and prompt medical attendance saved his life.

Fire Alarm.
The fire department was called out to the southwestern end of the Fourth ward this afternoon. The alarm was sounded by people who saw a cloud of smoke swell out from between two buildings on Mayberry alley and the firemen found no fire to fight, when they arrived upon the scene, as the smoke was caused by a fire in a stove. School Director "Tim" Lynch met with an accident. He was helping to pull the Lincoln horse carriage and a sudden jerk of the tongue threw him to the ground. His nose was badly lacerated. Dr. Langston put several stitches in the wound.

THE FRIEND OF LABOR.

T. J. Moore is President of the Trades' Council.

Well-Known Trustee of the Painters' Union in Toledo.

Many Other Workingmen Having the Same Struggle for Existence.

The panic just past bore hardest upon the workmen and women. There has been the greatest worry. They have had to labor harder than ever to support their families. To-day there are thousands of overworked and overworn people struggling along, many of them under the burden of dyspepsia, or insomnia, or unhappy and fretful, but not helpless—as Mr. Moore shows.

Those who awake more tired than when they went to bed, with an unpleasant taste in the mouth, and the tongue parched.

coated and dry, know one of the many signs of the disease that follows overwork. A poor appetite for breakfast, at times a complete distaste for all kinds of food (even the little reluctantly taken producing general discomfort)—these symptoms demand a sober thought. To-day it is known that the nerve centers govern all the processes throughout the body. Perfect digestion and assimilation require that the nerves work in harmony with the digestive apparatus. And it was on this recent highest medical information that Paine's celery compound, the medicine that makes people well, was first prepared. To all who are overworked, the following letter from Mr. T. J. Moore tells a story that should be read and heeded. It is from one of the plain people:

"I am greatly pleased with the good results obtained from the use of Paine's celery compound. Previous to its use I doctored with two of the best doctors here, and my health was not improved in the least by the treatment I received. On the recommendation of a friend I procured a bottle of Paine's celery compound, and before I had used one bottle I noticed an improvement in my health, and I decided to continue its use and give the medicine a fair trial. I have almost entirely regained my old time health and vigor. My appetite was a disordered stomach, and my whole system was out of order. My appetite was poor and very irregular, and as an old friend when I met on the street expressed it after enquiring about my health when I was under the doctors' care, 'O, you are a puny!' But my improved condition has convinced him of his inefficiency as a medical examiner and prophet."

Mr. Moore is a citizen of Toledo, and lives at 1109 Fitch street in that city. He is president of the trades' council and trustee of the painters' union. "He stands high with all union men," says the Toledo Blade.

A careful man or woman either keeps Paine's celery compound on hand, or knows just where he can easily procure it. It is the remedy that makes people well. It has shown itself to be an ideal remedy in cases where nutrition is an important factor, and where digestion is feeble. It is as far superior to the ordinary nerve tonics and sarsaparillas as the diamond is to the ordinary glass. Try it and be convinced.

Will it be a German?
The fact is commended upon that in nearly every case where a German and an Irishman have been rivals for appointment to a particular office Mr. Cleveland has decided to give the appointment to a German.—*Des. Exchange.* This is encouraging to the friends of Messrs. Palmer and Masters.

The reason why Arnica & Oil Liniment is so popular with the ladies is because it not only is very healing and soothing but its odor is not at all offensive. 1m
