FOR LIEUTENANT-GOVERNOR

Hon, John B. Robinson, of Media and present member of Congress, one of the most genial and popular men of the state, will be a candidate for Lacutement-Covernor next year. Congressman Robinson is a remarkahie as well as a successful man. He possesses that peculiar ability which enables one to carry out succentuly everything be undertakes and to acquire that ability one must be endowed with remarkable intelligence, judgment and personal magnetism. One of the secrets of his many achievements has been his loyalty to friends and when the bugle scunds for a rally about his standard his supporters are legion. Mr. Robinson is a finescholar, a brilliant speaker and entertaining conversationalist. As Lieutenant-Governor he would hold the position of president of the State Fenate, and that position he would fill with grace and the advantages of a ripe experience as a parliamentarian. God speed the nomination and election of "Jack" Bobinson, for he is one of the few men of the people who can fill a position like that of Lieutenant-Governor of this Common wealth with dignity and yet acquit himself as becomes a good and faithful servant of the people, True Republicaus know him and will support him.
