THE STRIKE ECHOES.
Many Old Employes Still Awaiting Reinstatement.
BUT THEY ARE HOPEFUL.
None of the Mauch Chunk Crews Have Resumed Their Positions on the Local Lines Although All of Them Have Applied For Reinstatement.

It is quite evident now that the Lehigh Valley Railroad strike is buried and there are no indications that it will be exhumed again in the immediate future. While a number of old crews are missing from the lines all the trains required by the company for its passenger, coal and freight business are moving. It is remarked that although the Mahanoy division cut but a small figure in the strike the men on it are at present subjected to the same conditions as the men on the main line—that is those who went out are at liberty to apply for reinstatement and if there are no places for them they must wait until vacancies are made, although there are some assurances that these waits will not be long as many of the new hands are being laid off daily because of incompetency. This is especially so in regard to the engineers and firemen.

One trainman on the Mahanoy division said last night that he thought most of the old hands would be back in their places before the close of next week. As a matter of fact, he said, the company was benefited by some of the men going out because while the main line was tied up no freight or coal trains could be hauled and the company would have lost considerable more money in having a pay roll for a full force on hand with nothing for them to do.

Another railroadier said that he hadn't the slightest doubt that all the old hands on the Mahanoy division would be cared for, but it will take a few days for the affairs to be properly adjusted. Before the strike occurred the division was short of men and after the coal and freight traffic is in full operation there will be room for all.

It is observed that the men show great confidence in Superintendent Blakely. They say that he has been absent from his Delano headquarters, visiting the officials at Bethlehem, and that absence is taken as a good omen.

Several old hands have been taken back at Delano during the past three days, but there are a large number still out of work.

Walter Hoffmann, who was the telegraph operator at the Mt. Carmel station, was the only operator east of Delano to go out. When the orders to return to work were issued he obeyed, but the company informed him that he would have to be a "waiter."

None of the freight train crews residing at Mauch Chunk have made runs since the strike ended. They are also on the waiting list. Engine 557, which was used by one of the Mauch Chunk crews for freight service between Mauch Chunk and Mt. Carmel, has been handled by a Delano crew the past few days for coal train service between Delano and Brownsville, and engine 555, which did service in the hands of a Mauch Chunk freight crew on the run between Pottsville and Mauch Chunk, on the Lizard Creek branch, is now doing local freight service between Delano and Ashland and is in charge of a Delano crew.

P. O. S. OF A. REUNION.
It Will Take Place in this Town on Thursday.
Much interest is being manifested in the approaching reunion of the P. O. S. of A. Camps among the members in this section. The reunion will include all camps in Schuylkill district No. 5, over which S. L. Brown, of town, presides as District President. It will occur next Thursday evening, the 14th inst., in the lodge room of Camp 206. The members of the latter camp are making preparations to entertain a large crowd, including State Secretary Wm. Wood and probably other members of the State Executive Committee. The program as arranged by the committee will prove an interesting one in several particulars, especially that part pertaining to the state officers. Favorable replies have been received from the camps located at Gilberton, Frackville, Lost Creek Girardville and Ringtown, and with the large membership in this town, the hall will be taxed to its utmost. The evening will prove one long to be remembered by the members in this section.

"Hamlet" last Night.
A good-sized audience witnessed the production of "Hamlet," in Ferguson's theatre last night by Mr. James Young, Jr., and an excellent company. Mr. Young appeared as Hamlet and his portrayal of the character was such as to lead an intelligent audience to the conclusion that despite the fact the young man is but little over 21 years of age he has mastered the part almost as well as some who have devoted years to research and scholarship in Shakespearean work. There was a charm in his presence, voice and action which provoked frequent evidence of approval on the part of the audience and in some parts of the difficult role he was splendidly effective. His Hamlet is a rare performance in that it reflects unmistakable genius, and there is a brilliant future for him. The support was very good, especially that given by Miss Rita Johnson, as Ophelia. This evening the company will make its second and final appearance, for the present, and produce "Richard III." Mr. Young appearing as Richard, in which he is said to bear a resemblance to the lamented Lawrence Barrett.

Dangerous Preparations.
Alcock's Porous Plaster is composed of purely vegetable ingredients and is absolutely harmless. It assists nature in her own efforts to heal and invigorate, and imparts strength to the whole system. Many preparations contain strong chemical and mineral substances which produce an injurious effect, not only upon the skin, but upon the whole system, although at first they seem very beneficial, on account of their powerful action and temporary effect upon the surface. When purchasing a plaster do not only ask for Alcock's, but make sure that you get it. Read Smith's Pills are purely vegetable.

As Good as New.
The Shenandoah Restoring Company now has its plant on North Bowers street in full operation and is doing a flourishing business. The company uses the most improved apparatus for cleaning carpets and returns them to the owners as bright and clean as when new. The feather cleaning apparatus is also very effective and the work done by it has been highly praised by customers. The carpets are cleaned perfectly without the slightest injury, no matter how delicate the manufacture may be. An inspection of the plant and methods is courted by the company.

THE DEADLY BOMB!
Death in the Chamber of Deputies.

TERROR REIGNS IN PARIS
While the Deputies Were in Session To-day Some Wretch Threw the Terrible Missile in Their Midst—Many Killed and Mortally Wounded.

PARIS, Dec. 9, 2:15 P. M.
DEATH in most astounding form swept through the Chamber of Deputies this afternoon. Some unknown wretch hurled a dynamite bomb upon the floor of the crowded Chamber and as the deadly missile exploded it scattered in all directions and ploughed down humanity as wheat falls before a mowing machine.

Several Deputies were killed outright, many were mortally wounded and many more were frightfully mangled. The city is experiencing a reign of terror unequalled since the Commune. The dastardly work is laid at the door of the Anarchists, who have been exceedingly bold and defiant since the recent success of the Socialists in forcing out the ministry of M. Dupuy.

The Chamber of the Deputies was crowded at the time the explosion occurred and many citizens whose interest has been aroused to a more than ordinary point on account of the proceedings attending the work of the new ministry were on the main floor with the Deputies, the gallery being overcrowded.

It is believed that many of these citizens also suffered but as yet none have been reported.

As the bomb struck the floor of the Chamber every person in the house sprang to his feet in terror and dismay. Wild shrieks and cries of agony rose from the lower part of the house, and it was known at once that many persons had been injured. The wildest confusion prevailed, and many men, their faces pale with fright, abandoned the women they had escorted to the Chamber to listen to the debates of the Deputies, and made desperate rushes for the exits, knocking down and trampling upon those in their way, without regard to sex or relationship. Many were injured in the mad rush and it is feared some were killed, but just now it is impossible to give any authentic account of what the result is.

Several men were arrested while running away from the fatal Chamber on suspicion of being the authors of the outrage but proved to the satisfaction of the police that they had nothing to do with it.

The feeling against the Anarchists is very bitter, the people believing that this is but the first of a series of outrages that will be attempted by them to strengthen, by terrorizing the people, the foothold which the Anarchists claim they have secured by the forcing out of the old Ministry through Socialistic methods.

Important to Property Owners.
In view of the numerous accidents which have recently occurred by people falling down stairways at their residences the undersigned has made a study of the cheapest and best methods of furnishing all stairways with a substantial and ornamental balustrade. I can put a substantial railing in any common house for five dollars. John R. Cooney, 426 West Oak street, Shenandoah, 12-5-1w

"Tom" Waters, Jr., the popular young musical comedian of town, will play the comedy role in "The Trolley System," having scored a big hit in it last season with Dockstader's Original Minstrels. An enjoyable evening is in store for those who may attend. Prices 25, 35 and 50 cents. Reserved seats at Kirtin's drug store.
