

OUR NEW AMBASSADOR.

Wayne MacVeagh Named for the Italian Mission.

WILL PROBABLY BE CONFIRMED.

Republicans, however, may oppose confirmation in retaliation for MacVeagh's campaign assaults on Messrs. Egan and Reid.

WASHINGTON, Dec. 20.—The president sent to the senate the name of Hon. Wayne MacVeagh, of Pennsylvania, to be ambassador extraordinary and plenipotentiary of the United States to Italy. The nomination was received with surprise and there was little doubt expressed, however, that Mr. MacVeagh will be confirmed. Whatever opposition to the confirmation arises will be chiefly from Republicans on account of MacVeagh's attack on Egan and Whitelaw Reid.

Sketch of Wayne MacVeagh.

Wayne MacVeagh was born in Phoenixville, Chester county, Pa., April 19, 1832. He was graduated at Yale in 1853, studied law, was admitted to the bar in 1856 and served as district attorney for Chester county from 1859 to 1861. In 1862 he was captain of cavalry when the invasion of Pennsylvania was threatened, and in 1863 he was chairman of the Republican central committee of Pennsylvania. In 1870-1 he was United States minister to Turkey, and in 1874-5 was a member of the Pennsylvania constitutional convention. He was chief member of the "MacVeagh commission" that was sent to Louisiana in 1877 by President Hayes to represent him unofficially and to endeavor to bring the conflicting parties in that state to an understanding. In 1881 he was appointed United States attorney general in the cabinet of President Garfield, but resigned, with other members, on the accession of President Arthur and resumed his law practice in Philadelphia. He received the degree of LL. D. from Anherst in 1881. He has been chairman of the Civil Service Reform association of Philadelphia and also chairman of the Indian Rights association of that city for several years. During the campaign of last year he cast off his Republican party ties and participated in the campaign on behalf of the candidacy of Mr. Cleveland for the presidency.

More Pension Frauds Indicted.

DURHAM, N. C., Dec. 20.—The United States grand jury reported on the Van Leaven pension fraud cases. There are twenty-eight separate indictments against Van Leaven, in two of which he is jointly indicted with Dr. Peag, also a member of the medical examining board at Osnab, Ia. These indictments charge Van Leaven with conspiracy to defraud the government, accepting illegal fees and making false statements. There are eleven separate indictments against Dr. Kessell, charging him with conspiracy, accepting bribes and altering certificates. Dr. Peag is also charged with conspiracy to defraud and accepting bribes.

An Express Messenger Murdered.

Houston, Tex., Dec. 20.—At Liberty, Tex., John Richardson, a Wells Fargo messenger, was found dead in his car. His head had been crushed by a blow from an ax, and the car robbed. It is believed that Richardson was murdered and the express car robbed between New Orleans and Green's Bayou, the first station east of Houston. Two men were evidently concerned in the affair. They left the train when it took the siding at Green's Bayou, and are believed to be in New Orleans now. They are not thought to have got much plunder.

Oleiville's Long Strike Ended.

PROVIDENCE, Dec. 20.—The long strike in the woolen mill district is ended, and work was resumed this morning. The Oleiville woolen mills strike has been the longest and most bitterly fought that has ever taken place in the state. It was inaugurated early in October, when the mill owners reduced salaries. The operatives now resume at a slight reduction. It is estimated that the strike has cost the help \$250,000 and the business of the district \$500,000.

This Man Talked Too Much.

LOUISVILLE, Dec. 20.—Last night Charles Edwards, August Price and James Smith escaped from the Jeffersonville prison. Edwards went to Birmingham, where he became intimate with a woman of the town, to whom he confided the story of his escape. She retold the story, and it finally reached the police, who arrested him and brought him back to the penitentiary yesterday. Price gave himself up, but Smith is still at large.

Students Must Pay Their Debts.

CAMBRIDGE, Mass., Dec. 20.—Judge Parmenter, in the case of J. H. Lewis, a tailor, against Walter S. Campbell, a Harvard student, decides that Harvard students are responsible for all their bills they contract, and must pay them. Campbell's defense was based on a statute providing that no retailer shall give credit to a student.

Congressman O'Neill's Successor.

PHILADELPHIA, Dec. 20.—The election in this city to fill the congressional vacancy caused by the death of Charles O'Neill resulted in favor of Robert Adams, republican state minister in Brazil. He vote was 30,000. Martin J. Griffin (Dem.) polled 25,000 votes. There were 225 scattering votes.

Four Young Statesmen Drowned.

Killed on the Lehigh Valley.

DEMOCRATS WIN IN CHICAGO.

The Republican, However, Will Contest the Election of Hopkins.

CHICAGO, Dec. 20.—John P. Hopkins, the Democratic candidate for mayor, was elected over George R. Swift, his Republican rival, by a majority of 1,872. The vote was: Hopkins (Dem.) 112,700, Swift (Rep.) 111,210, Brittain (Socialist) 1,677, Wakeley (Prohibit) 877.

The vote, which was one of the heaviest ever polled in the city, shows a decided Republican gain. The Democracy carried the city by 800,000 in the last presidential election, and in the county election last month several of the Democratic candidates had majorities of 4,000 in the city, which were only overcome by the Republican vote in the county.

In several of the down town wards, where the heavy building houses vote records are kept, the contest was very bitter and "scraps" were of frequent occurrence when the police were not at hand.

The Republican city central committee has decided to contest the election of Hopkins. It is claimed that the police reports on which the above figures are based show 900 more for Hopkins than were actually cast. It is claimed by the committee that an official count will give the election to Swift.

Fixing for the Big Fight.

JACKSONVILLE, Fla., Dec. 20.—The city council of Jacksonville last evening passed, with only three opposing votes, the ordinance permitting glove contests. The ordinance allows pugilists to meet with five ounces gloves for an unlimited number of rounds. The ordinance now goes to Mayor Fletcher, and it is said he will veto it. The council, however, will immediately pass the ordinance over the mayor's veto, and thus the way will be made smooth for the contest between Corbett and Mitchell, provided Governor Mitchell keeps his hands off. The general impression is that the opposition to the fight has about spent itself. "Squapper" Garrison, the well known jockey, will be timekeeper.

Triple Tragedy in South Dakota.

VERMILION, S. D., Dec. 20.—Burbank, about twelve miles from this place, was the scene of a triple tragedy late yesterday afternoon. While sleigh riding two young ladies, Miss Dolly Hemphill and Miss Kate Stefan, were shot by their driver, known as "Slurry" Babcock. Miss Hemphill was instantly killed, but the Stefan girl escaped, by getting under the sleigh seat, with two wounds in the breast which may prove fatal. Babcock then shot himself, dying instantly. What was the motive of the crime is not known.

Iron Workers Accept a Reduction.

NEW BRUNSWICK, N. J., Dec. 20.—A reduction of 10 per cent. went into effect in the National Iron works yesterday. It was accepted by the men. Some days ago the National company was offered a large contract at a lower price than has been raised. The order was sufficient to keep the works running all winter. The company offered the men work through until spring by accepting a 10 per cent. reduction. This offer was accepted, as the men had expected to be out of work the greater part of the cold season.

The McKane Contempt Case.

BROOKLYN, Dec. 20.—The argument in the case of sentence of John V. McKane was heard by Judge Callen in chambers. McKane's counsel argued that as the superior court had no jurisdiction Judge Barnard's judgment was not disobeyed. Judge Callen promised to render a decision at the earliest possible moment. It is believed it will be adverse to McKane.

Murdered by Robbers.

WEST PLAINS, Mo., Dec. 20.—Unknown persons shot Hester Wilson and wife as they were sitting in their home, three miles from here, in Baxter county, Ark. Wilson was killed and his wife seriously injured. After the killing the assassins secured about \$1,000 from a trunk and escaped. Others are on the trail.

Killed in a Powder Mill Explosion.

WILMINGTON, Del., Dec. 20.—One of the mill owners in the Dupont powder works, near here, exploded from some unknown cause. Edward Gallagher, aged 25 years, was instantly killed. Gallagher was the only person near the mill, and his body was blown almost to atoms. He leaves a widow and two children.

BOYNTON ARRIVES.

The Man Who Wanted to Destroy Admiral Mello's Warship.

HE TALKS OF THE WAR IN BRAZIL.

He Declares That Mello Is Losing Ground Every Day, and That Contrary Reports Are Furnished by Naval Admirers of the Revolutionary Admiral.

NEW YORK, Dec. 20.—The Lamport and Holt line steamship Sirius arrived yesterday. On board in custody of English James P. Boynton, of the United States American citizen who was over two months ago captured by Captain Lang, of the British war vessel Sirius, and by him handed over to Captain Pickens, of the United States cruiser Charleston.

Boynton was in a steam launch which he owned and captained, and on which he flew the British flag. He steamed from Rio for Admiral Mello's warship Aquidaban, but did not reach her, for the captain of the Sirius had reason to believe that his cruise was made for the purpose of destroying the Aquidaban. This proved apparently to be true, for when he was captured a torpedo was found attached to his steam launch which was loaded with explosives.

As he flew the British flag, Captain Lang arrested him on the charge of violating the neutrality laws. When on board the Sirius he declared himself an American citizen, with the result that Captain Lang handed him over to Captain Pickens, of the Charleston. The charge made by Captain Lang was one of piracy. At Brooklyn Boynton was met by sergeant Stevens, of the Navy Yard, Marine corps, and escorted to the navy yard, where he remains in custody. Boynton was 40 years of age, with grizzled hair and whiskers. He appears to have had a suffering life. He speaks well, and is evidently a well educated man.

"I never imagined I was the object of so much solicitude until now," said he. "I don't know what I have done, nor can I say anything about it. You see, that is what has to be ascertained. For all I know they may be going to hang me."

"I am an American, was born in New York, and my name is George Boynton. I am no relation to Captain Paul Boynton, nor have I ever said I was, neither have I represented myself as Dr. Charles E. Boynton. I have been in Brazil over and over nearly thirty years. It is three years since I last went there. I have been engaged in a speculative business there and have been granted some concessions by the government."

Boynton then talked about the war. He said: "The American, the English, and in fact the newspapers of all countries have kept making most erroneous statements as to state of affairs in Brazil. They all represent Mello as winning, whereas he is losing ground every day. He had a chance to lose the city of the rebellion, but he lost it, and it is merely a question of time until he is utterly defeated. I know both Pelotas and Mello. Mello is a gentleman and a brave man, but he is not fit to lead the Brazilian people."

"One reason why the newspapers get wrong information is because there are a large number of warship at Rio of all nations, and they all sympathize with Mello because he is a soldier and has the navy with him, and it is mostly through the officers of these vessels the newspaper information comes."

"I know President Pelotas has committed some arbitrary acts, but that will prove he was justified in so doing. A republic in Brazil, as we understand it here, would be an utter failure. The people there are not fit for it. Pelotas has done well."
