KILLED AT MAHANAOY.

A STONE MASON CAUGHT BETWEEN TWO CARS.

Joseph Guma, a German, Was the Victim. Happened at the North Mahanoy Col. Harry - A Conductor Injured.

Joseph Guma, a German, was instantly killed on the P. & R. railroad at the North Mahanoy colliery at 5 o'clock this morning. Guma was employed as a stone-mason at the colliery and at the time of the accident was carrying stone between two cars which had been "cut" for a passageway. Engine No. 126 was engaged in shifting cars and was backing up to those which had been "cut." Guma did not notice the movements of the engine and as he attempted to pass through the "cut" the cars came together.

Mrs. Schmidt, the North Main street dry goods and notion dealer, is a firm believer in advertising and is always on the lookout for striking novelties. It takes great interest in the arrangement of his show windows and at any season of the year they are worth fastening the eye upon. But just now they are especially attractive and beautiful. One of them is arranged to represent a bed room. It is furnished with a handsome black walnut miniature set of furniture, lace window curtains, a handsome ornamented fire-place, and in one corner stands an elaborately decorated Christmas tree. In the bed is a beautiful doll. Every evening, at 7 o'clock, Santa Claus makes his way out of the chimney. He distributes presents about the room and decorates the tree to the great delight of the throngs of children as well as adults who look about the window to see the novel sight. The scene has become so attractive Mr. Schmidt has been obliged to engage a special officer to keep a passage way open on the pavement.

TEACHERS AND DIRECTORS.

Held Their Sessions at the County Seat Yesterday.

The lectures at the Schuylkill County Annual Teachers' Institute at Pottsville yesterday were delivered by Prof. F. H. Green, of the West Chester Normal school; Dr. Boyer, Prof. Spayd, Dr. George B. Hausher, principal of the Kutztown Normal school, and Deputy State Superintendent Hoken. The subjects of their lectures were "Don't," "Voiceless Teacher," "Getting to the Top," "Wise as a Serpent and Harmless as a Dove," "Reading for Teachers and Pupils," and "Talk in the School Room." The latter was the subject of Dr. Hausher's lecture. He said the three objects in the government of public schools are the good of the boy, the good of the school and the good of the community.

The thirty-ninth annual convention of the school directors' association of Schuylkill county was held in Pottsville yesterday. The convention was called to order by David A. Wilder, of Crocksburg, read a paper on "Ethics in the Public Schools," and Daniel Lewis, of Pottsville, read one on "Should Examinations of Pupils for Promotion be Discontinued in Our Public Schools." After the discussion of the papers the association adjourned to inspect the new Pottsville school building.

At the afternoon session the association elected the following officers: President, John T. Schoener; Vice President, D. Lewis; Secretary, Win. F. Scheerer; Executive Committee, R. A. Wilder, C. Lenker, Harry Esterline, Peter Collins and Edward E. Kaecher.

The discussions of "Should the State furnish Free Text Books?" and "Is not a term of nine months equal to one of ten months in value to pupils?" were laid over for the next convention.

Deputy State Superintendent Hoken was asked to give his opinion on compulsory education. He said that in his judgment the people are not quite ready for the innovation.

A FEW OF THE CURES EFFECTED.

Blind Fifteen Years. Mr. W. A. Hunt, of 25 1/2-1/2-1/2-1/2 street, Johnstown, Pa., was 17 years old, and had been blind 15 years, writes two months after he had been operated on for catarrh: "I can now see the smallest print well enough to read, and at a fair distance can see well as I ever could. I can never thank Dr. Moore enough for restoring my sight."

He Had Catarrh. "For three years I had suffered from nasal catarrh which produced pain in the ears, eyes, head and face. I took not only very, and had great difficulty in breathing with the slightest cold. My throat was sore and swollen and interfered with my swallowing so that often I could eat nothing solid. I was treated by Dr. J. H. Moore, of Shenandoah, and have had none of my former troubles for several months. I am now entirely free from ailment and pains of every kind, and feel that I am entirely cured. "ROBT. T. BOOTH, Carbonate, Pa."

Nervous System Totally Wrecked. Mrs. Ira Aldrich, of Towanda Pa., says: "I have suffered for ten years from diseases that built the skill of all the physicians in this and all the surrounding cities. Some said I had nervous debility, some dyspepsia, others rheumatism, but all failed to afford any relief. I suffered from violent headaches; dizziness to such an extent that I could not stand; pain in the back and shoulders; palpitation of the heart at times; and great disturbance of the stomach. I placed myself under Dr. Moore's treatment and began to improve at once, and in a few months became entirely well."

Deaf Ten Years. Mr. Abraham Ulrich, of Ge- tre square, Middletown, Pa., says: "I have been so deaf for ten years that I could not understand anything said unless the person speaking shouted in my ears. In fact I have been used to the world all these years. I couldn't hear a sermon or public address of any kind. Learning of Dr. Moore, I consulted him. He performed an operation on each ear, and to my utter astonishment I found when I went home I conversed with my wife across the room, she speaking in an ordinary tone of voice. Since then I have attended church and was able to hear the sermon distinctly."

The above are but a few of the hundreds of testimonials received by the Dr. from all parts of the state.
