

ACCIDENTAL DEATHS.

Caused by Carelessness.

The majority of people die sooner than they should. Evidence of this fact is growing daily. Warning says: "Disease is not a consequence of life; it is due to unnatural conditions of living—neglect, abuse, want."

Dr. H. H. Smith, on the same subject: "Man is born to health and long life; disease is unnatural, death, except from old age, is accidental, and both are preventable by human agencies."

This is almost invariably true of death resulting from heart disease. Careless over-exertion, intemperance of tea, coffee, tobacco, alcoholic or other stimulants are generally the causes of this difficulty, and indifference to its progress results in sudden death, or long sickness ending in death.

By the newspapers it can be seen that many prominent and honored persons in private life die from heart disease every day.

If you have any of the following symptoms: shortness of breath, palpitation, irregular pulse, fainting and smothering spells in shoulder, side, or arm, swollen ankles, etc., begin treatment immediately for heart disease. If you delay, the consequences may be serious.

For over 20 years Dr. Franklin Miles, the eminent specialist, has made a profound study of heart disease. He has examined and many of the leading discoverers in that direction are due to him. His New Heart Cure is absolutely the only reliable remedy for the cure of heart disease, as is proved by thousands of testimonials from grateful persons who have used it.

James A. Paine, editor of the Currier, Pa. Leader, states: "After an apparent recovery from three months of a grippe, I fell on the street unconscious from heart disease. In one month from that time I was unable to walk across my room, and my pulse beat from 35 to 116 times a minute. I then used Dr. Miles' New Heart Cure, and in one week became stronger. After using six bottles I was able to walk as usual and walk a mile every day, my pulse ranging from 60 to 80. Dr. Miles' remedy is not only a preventive but a cure."

Dr. Miles' New Heart Cure is sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six for \$5, express prepaid. It is positively free from opium or any dangerous drug. Dr. Miles' Pills, 25 cents. Free book at druggists, or by mail.

A STRIKE FORBIDDEN.

Singular Action of the Northern Pacific Receivers.

AN INJUNCTION ON EMPLOYEES.

They Are Forbidden by the Court from "Combining and Conspiring to Quit With or Without Notice the Service of the Road."

MILWAUKEE, Dec. 27.—A conflict is on between the receivers of the Northern Pacific railroad and its employees, including all the engineers, conductors, firemen, telegraphers and switchmen. The new schedule of wages adopted by the receivers, which implies a cut of 5 to 10 per cent. in the employees' pay, was rejected by the employees' representatives at a conference held in St. Paul with General Manager Kendrick, and the prospects are that on Jan. 1, when the new schedule is to go into effect, 3,500 men employed all along the road will quit work.

This outcome of the controversy was foreseen by the receivers, for as early as Dec. 19 they applied for and obtained from Judge Jenkins, of the United States court of this city, an order authorizing and directing them to put into operation the new schedule of wages, and restraining the employees and their unions from "combining and conspiring to quit with or without notice the service of the road with the object of crippling or otherwise embarrassing its operation, and generally from interfering with the officers and agents of the receivers or their employees in any manner by actual threats or otherwise."

This injunction was held back until yesterday, the receivers having expected to arrive at an amicable agreement. When they found such an agreement impossible they telegraphed to their agents and attorneys all along the line to have the injunction served by the United States marshals, and to make the injunction generally known.

The order of the court restraining the Northern Pacific employees from "combining and conspiring to quit the service of the road" is an extraordinary document. It is the first order of its kind, it is said, ever issued in the United States. A somewhat similar injunction was issued by a United States court in Michigan during the strike of the Toledo and Ann Arbor employees, but that injunction was issued after the strike was in progress.

The grounds for the issuance of the present injunction are set forth in a long petition of the receivers, which was filed Dec. 18. It appears from the petition that two days after their appointment (Aug. 17) the receivers, finding the affairs of the road in a deplorable condition, ordered a reduction of from 10 to 12 per cent. on salaries exceeding \$1,500. That reduction went into effect at once and was cheerfully accepted. About a week afterwards (Aug. 25) the receivers ordered a reduction of 5 per cent. on all wages running from \$50 to \$75, and of 10 per cent. wages averaging from \$75 to \$100 per month.

This order of the receivers did not go into effect at once. They concluded to investigate and revise the entire system of wages and the different schedules of pay, the task being imposed on the general manager. At a meeting of the receivers on Oct. 28 resolutions were adopted abolishing the old schedules of pay directing the general manager to prepare a new schedule for the engineers, trainmen and telegraph operators, and ordering a reduction of the wages of the other men as provided for Aug. 25. The petition says that in the old schedules the employees were paid for services not performed.

In enumerating those who are enjoined from striking or ordering strikes the petition of the receivers mentions the names of the thirty-two men who have been in conference committee with the receivers, and asks that they be enjoined from ordering a strike, which the court grants. The petitioners say that the employees cannot carry out a strike without the pecuniary assistance of the different national organizations to which they belong. They therefore pray that these organizations, through their chief officers, such as P. M. Arthur, E. C. Clark, E. P. Sargeant, George Ramsey, E. Wilkinson and others be enjoined from ordering and sanctioning the strike. The court grants this and these men are included in the injunction.

Lehigh Valley Violating Pledges. ROCHESTER, N. Y., Dec. 27.—A local leader of the Lehigh Valley strike said today to a reporter: "The Lehigh Valley has violated nearly every pledge it has made, and the time is coming when the men must act again. The outcome will be that a general strike will be ordered to bring the officials to terms and force them to redeem their promises. We are waiting developments, and unless the policy of the Lehigh changes within a month you will see the biggest railroad strike ever known in this country."

Death of Hon. Sidney Shepard. CHESTER, N. Y., Dec. 27.—Hon. Sidney Shepard died at New Haven, N. Y., after a lingering illness. He was 79 years old, began life as a poor boy, and at the time of his death was the third or fourth largest individual holder of Western Union stock. He was also the head of the firm of Shepard & Co., a manufacturing and manufacturing of shawls. His wealth is estimated at over a million dollars.

Evidently a Case of Infantile Cholera. NEW CASTLE, Pa., Dec. 27.—The body of an infant, evidently about 10 days old, was found by Mrs. Martha Wingo near her home in Slippery Rock township. A rope was drawn tightly around its neck and one leg had been eaten off by some wild animal. The authorities are making an investigation.

A Drunken Bravi Ends in Two Deaths. BIRMINGHAM, Ala., Dec. 27.—John Williamson and Dock Adams had a drunken brawl at Ewart, and Williamson shot and killed Adams. Death Due to Alcoholism. FALL RIVER, Mass., Dec. 27.—The 8-year-old son of James H. Finn, of Slade street, Globe Village, drank a glass of whiskey. He was seized with convulsions soon after and died. Medical Examiner Dolan pronounced death due to alcoholism.

He Didn't Receive a Present. ST. JOSEPH, Mo., Dec. 27.—William Thompson made a desperate attempt at suicide by swallowing a large dose of corrosive sublimate. He will die. He made the attempt because he did not receive a Christmas present.

Used the Stiletto with Deadly Effect.

HARLETON, Pa., Dec. 27.—In a free fight at Ebervale, in which forty or fifty men took part, four of them were seriously if not fatally injured. They are: Mike Lambert, shot in the back, probably fatal; James Lambert, aged 16, stiletto wound in the neck, condition critical; Mike Fennell, aged 19, shot in the head, wound serious; Tony Lobert, stiletto wound in the neck, will die. The participants were nearly all Italians, and the battle raged for more than an hour. Guns, knives, clubs and weapons of every kind were used with terrific effect. A posse is after the unhurt participants.

Kennington Weavers Organizing. PHILADELPHIA, Dec. 27.—The striking carpet weavers of the Kennington district took preliminary action yesterday towards the formation of a union. Over 120 names were enrolled, yesterday, and at the meeting today as many more added their names to the list. By the end of the week fully 2,500 men and women, it is anticipated by the leaders, will be members of the new union. The sentiment of the strikers is to stand out until they win.

Charged with a Double Murder. TORONTO, Ont., Dec. 27.—Detective Davis arrested Walter McWhirrel, a young Englishman suspected of the murder of Williams and wife at Port Credit. The deed was done on Dec. 14. The old couple, who were farmers, were found by neighbors next morning lying in pools of their own blood. Three men are now in custody charged with the crime, but the detectives think that McWhirrel is the man.

After the Iowa Senatorship. MARION CITY, Ia., Dec. 27.—Hon. L. S. Coffin, of Port Dodge, is an announced candidate for the United States senate to succeed James P. Wilson. The following are now actively in the race: John H. Gear, A. B. Cummins, W. P. Hepburn, John Y. Stone, George D. Perkins, John F. Lacey and L. S. Coffin. It is the most sensational contest in Iowa since the memorable Kirkwood-Harlan fight.

Benjamin Insurgents Not Recognized. WASHINGTON, Dec. 27.—Not a particle of evidence is placed here in a report from Buenos Ayres that Minister Thompson, at Rio de Janeiro, has recognized the insurgents as belligerents. It is improbable that Mr. Thompson would take any such step before receiving instructions from Washington, and it can be stated with assurance that he has received no such authority.

CANNIBALS PUNISHED.

England and France Unite in Disciplinary Measures.

AMERICAN SAILORS AVENGED.

They Had Been Wantonly Murdered by Savage Pacific Islanders and in Retaliation Their Villages Were Destroyed and Many Prisoners Carried Land Sentenced.

LOSTON, Dec. 27.—An officer of the twin screw British gunboat Boomerang, engaged in the protection of floating trade in Australian waters, writing from Sidney, gives a graphic account of the punishment of the cannibals of Pentecost Island for the massacre of the crew of the American schooner Don Henri.

The officer referred to, says that reports reached the commander of the Boomerang, Lieutenant Commander Thomas C. Feinton, while at Noumea, capital of the French colony of New Caledonia, to the effect that numerous cases of cannibalism, murdering and plundering were reported from the neighborhood of Pentecost Island. The Boomerang thereupon was headed for the Sandwich Islands, where the captain of the Don Henri was found.

The commander of the American schooner made a statement to the British officer to the effect that early in September last, when calling at Pentecost Island in order to engage natives to work a plantation, he sent a boat ashore containing M. Liffon, a French trader, and three native seamen. Upon reaching the shore the party was attacked by savages armed with tomahawks, and all four were murdered.

The commander of the Boomerang, at the same place, also received news of the murder of the crew of a boat sent ashore from the Neptune, a French trading vessel at Aurora Island.

Later, in company with the French warship Scourf, the Boomerang proceeded to Pentecost Island, where each warship landed at different points a detachment of forty-eight officers and sailors, with instructions to converge upon certain villages and thus hem the cannibals in, and administer to them severe punishment for the murder of the boat's crews.

When the French and British blue jackets advanced through the bushes upon the different villages the natives, alarmed at the advance of the two naval detachments, retreated upon the villages, calling upon all the inhabitants to take up arms. The latter did so, but they made but a feeble defense with their old Sydney rifles, poisoned arrows and spears, and soon fled to the bush. The sailors then destroyed the native village of Pentecost Island and returned to their ships.

The Boomerang and Scourf then proceeded to Aurora Island, where similar tactics were adopted and where two villages were destroyed. In addition, heavy fines were levied upon the natives of several other islands who had been prominent in the ill treatment of travelers and seamen. The French and British commanders also took prisoners on Pentecost Island and on Aurora Island, capturing those directly implicated in the murders, and they were all sentenced to imprisonment for life at the French convict settlement at Noumea.

At Pentecost Island alone over thirty white men have been massacred and robbed, and large quantities of human bones and other remains were found, indicating beyond a doubt that the cannibals had other victims.

Decreased Work and Lower Wages.

PHILADELPHIA, N. J., Dec. 27.—The statement that the Warren foundry would shut down, throwing 200 men out of work until New Year's at least, with prospects of a longer shut down, was depressing enough in its effect on the men, but when it became known that the men kept at work on repairs had been reduced to 10 per cent. and that a like reduction would reign in all departments when the big plant was restored it cast gloom over the entire community. This plant has not been idle for thirty years.

Fought with Haidagos and Sillestos. BOSTON, Pa., Dec. 27.—A big fight between Haidagos and Sillestos, in front of the Casino, along a public highway just in front of the Casino building. The men fought with haidagos and Sillestos. Nicola Haidagos was badly cut and beaten that it might be well to give the participants an under arrest.
