DOLE'S IMPERTINENCE.

His Saucy Letter to Our Minister at Honolulu.

NO MISTAKING HIS LANGUAGE.

The Leader of the Provisional Government Charges Our Minister with Encouraging the Royalists, But Refuses to Answer a Request for Specific Charges.

WASHINGTON, Jan. 22.—The chief subject for discussion among senators and representatives today is the correspondence between Minister Willis and President Dole, which was sent to congress by President Cleveland on Saturday.

At the time of your arrival in this country the forces of this government were organized, and were amply sufficient to suppress any internal disorder.

Your language expressed in public declared that you intended to perform some act when the proper time arrived, without disclosing what that would be.

In consequence of your attitude in this behalf the enemies of the government, believing in your intentions to restore the monarchy by force, have become emboldened.

Threats of assassination of the officers of this government have been made. The police force is frequently informed of conspiracies to create disorder.

Aged and sick persons of all nationalities have been, and are, in a state of distress and anxiety. Children in the schools are agitated by the fear of political disturbances.

Numbers of the intended landing of your forces for offensive purposes have agitated the community for many days. The situation for weeks has been one of warfare, without the incident of actual combat.

Thousands of the intended landing of your forces for offensive purposes have agitated the community for many days. The situation for weeks has been one of warfare, without the incident of actual combat.

This government has most earnestly sought from you, and through our representative at Washington from your government, some assurance that force would not be used, and has failed to obtain it.

Your action has unfortunately aroused the passions of all parties and made it probable that disturbances may be created at any moment.

I am informed by military authorities that while the force at your command is sufficient to destroy this city it is insufficient to suppress any general rising and conflict of armed forces and insurrections or to prevent the loss of life and property.

This government is reluctant to believe that this condition of affairs was contemplated or expected by yourself or by the president of the United States. I have, therefore, to ask you to inform me, with the least delay, whether you hold instructions to enforce your policy with the use of arms in any event.

Then follows further correspondence between Mr. Willis and Dole, in which our minister asks for specific charges regarding the allegations in Mr. Dole's letter. Dole's answers to the queries are evasive, and as the matter stands, Mr. Willis is still awaiting a direct reply to his queries.

Geology Outlook for Ohio Miners. COLUMBUS, Jan. 22.—There never was more distress in the Hocking valley and other Ohio coal mining districts than at present. The men are idle and some violence is reported, due to desperation.

Found Murdered on the Mountain. HAZLETON, Pa., Jan. 22.—George Sabinsky, of Ouzon, was found in a dying condition on the mountain road between Shepton and Ouzon yesterday. He was literally disemboweled. One rib was severed and the intestines cut and mutilated.

Down with a Bridge to Death. SYDNEY, Ark., Jan. 22.—A disastrous accident occurred at Ogama, a lumber station three miles north of here, while the log train was coming into the station with a large number of workmen. While passing over a trestle the woodwork gave way, and the train with its entire crew went down, killing three outright and wounding eighteen others.

The Montgomery's Speed Average. NEW LONDON, Conn., Jan. 22.—The naval board finished its work at noon yesterday, and announced the time of the new cruiser Montgomery on her speed trial last Friday. The speed awarded is 19.658, a fraction over 19 knots, and brings her builders a bonus of \$300,000.

Bernhardt's Narrow Escape. PARIS, Jan. 22.—Sara Bernhardt had a narrow escape from death by poison at the rehearsal of her new piece, "Iris." Her new Dahomean servant, Kerim, who attends her at rehearsals, poured some laudanum into her cup of tea by mistake. Bernhardt, however, noticed the strange taste before she had taken enough to do her any serious harm.

THE WEEK IN CONGRESS.

The Federal Elections Bill and the Bond Issue in the Senate.

WASHINGTON, Jan. 22.—The present indications are that the senate will divide its attention in the main this week between the federal elections bill and the policy of a bond issue as decided upon by the secretary of the treasury.

It will be impossible to keep the bond question entirely out of the senate, and there is a possibility that it may be made the subject of a number of speeches, if not of considerable debate.

This coming week will see the conclusion of the tariff debate in the house. According to the special order the voting on the bill and pending amendments will begin a week from today at noon.

Mrs. Theresa Hartson

"For fourteen years I have suffered with kidney troubles... I could not raise myself up out of my chair, nor turn myself in bed. I could not sleep, and suffered great distress with my food. I have taken four bottles of Hood's Sarsaparilla. I feel like a new person, and my terrible sufferings have all gone. Life is comfort compared to the misery it used to be." THE OLD-FASHIONED STYLE of pill gives you a feeling of horror when you see it and when you feel it. Like the "blunderbus" of a former decade it is big and clumsy, but not effective. In this century of enlightenment you have Dr. Pierce's Pleasant Pellets, which cure all liver troubles in the most effective way. They're not only easy on the stomach, but they're small as grains of mustard seed, but the effect is lasting and the cure complete. For Indigestion, Constipation, Bilious Attacks, Sick and Bilious Headache, nothing has been found to equal these little pills. Dr. Pierce's Pellets give such complete relief that their makers promise that they'll give satisfaction or your money will be returned.

A plain statement of fact made by the proprietors of Dr. Sagar's Catarrh Remedy is this: "If we can't cure your Catarrh, no matter how bad your case, we'll pay you \$500 in cash."

STEALING GOVERNMENT TIMBER

A Sawmill, Started by "Stoners" on Uncle Sam's Land.

GUTHRIE, O. T., Jan. 22.—For a number of weeks special agents of the government have been at work in this territory, investigating timber stealing, which has been going on for years. As a result deputy marshals yesterday lodged in jail six men who have been cutting walnut timber in Osage reservation. They had already had 30,000 feet saved, and had over 400 fine walnut logs cut and trimmed ready for market, all of which were confiscated. The amount stolen aggregates millions of feet. Some startling arrests will follow.

FLORENCE, Colo., Jan. 22.—Special Agent B. F. Stringle, of the general land office, on Saturday dropped in on a lumber camp on Eight Mile Canyon, north of this city, where he found fifteen men cutting down timber on government land, and running a large sawmill. He ascertained that from 300,000 to 400,000 feet of logs had been cut, most of which had been shipped to Cripple Creek. The agent ordered the men to quit work.

An Octogenarian Murdered. PITTSBURG, Jan. 22.—Bryan Ritchie, aged 80 years, was murdered at Mansfield, near here, about one o'clock Sunday morning by James McKeever, an oil well driller. The cause of the murder was jealousy. Ritchie's wife is a young woman, and McKeever, it is said, was deeply smitten with her. Saturday night, during a party, the wife was discovered in the company of McKeever, and a quarrel ensued, but the affair was fixed up. Ritchie then went outside and McKeever followed him. Soon there was a cry for help, and several persons ran out to find Ritchie lying by the railroad track with the head almost severed from the body with an ax. McKeever escaped.
