REPUBLICAN STATE TICKET.

CONGRESSMAT-LARGE,
HON. GALUSHA A. GROW,
OF SUSQUEHANNA COUNTY.

Election—Tuesday, February 20, 1894.

GETTING DEEPER.

Following the destructive action it took in relation to American industries, Congress has now decided that no Americans need apply so far as the protection of their Hawaiin interests are concerned, by approving President Cleveland's policy, censuring ex Minister Stevens and deciding against a protectorate or annexation.

Cleveland and his Congress are sinking deeper into popular disrepute every day. Every step taken has been directed against the interests of the people they were elected to protect.

The Hawaiian Queen was deposed because she constantly threatened the vast American and other interests of the country and was not fit, morally or mentally, to sit upon the throne. This was and is the evidence in the case, and nothing has been brought forward to weaken or even contradict it, yet the President of the United States of to-day is upheld by the Democratic Congress in saying that in spite of this woman's deplorable mental and moral condition, in spite of her hostile attitude towards the American people who are compelled to remain with in her dominions on account of their industrial interests there, she must be restored to the throne.

The enlightened and industrious people of Hawaii prostrated themselves at the feet of ex-President Harrison and begged of him to protect their financial interests and their families in their isolated kingdom from the ravages of a sovereign blind to all sense of principle and justice through a life of lust and debauchery. Ex-President Harrison responded by sending Minister Stevens and establishing a Protectorate which has since maintained a government of peace and prosperity.

President Cleveland now steps in and, prompted by the same unloyal spirit that moved him to restore the colors taken from the rebels in the battles for the preservation of the Union, he tears down the barricade which stood between the vicious Queen and her victims and allows her to devour them as she will.

Few Americans expected or wanted annexation, but they did expect protection in this case, notwithstanding it was denied them for the industries at home.

THE Lehigh Valley Coal Company has paid to each of the women made widows by the disaster at the York Farm colliery in July, 1892, $156, an equivalent to a pension of three dollars per week for one year, and $52 to each of the children of the widows. This is a doubly generous act, inasmuch that the men killed were not members of the company's relief association and no blame was attached to the company for the accident. It is a bright spot in the disheartening relations between capital and labor which are now arousing the world in sympathy with the latter.

WE take this occasion to condole with District Attorney Ryan upon the death of his father, James Ryan, a highly respected resident of Butler township. He had attained the ripe age of 63 years and was one of the class of toilers who contribute to the growth and prosperity of this country. He lived as an upright and industrious man, and died mourned by the public and a large and respected family.

REPEAL BILL PASSED.

Governmental Control of Congressional Elections to Cease.

THE HAWAIIAN POLICY INDORSED.

The McCreary Resolution, Condemning Minister Stevens and Upholding President Cleveland's Attitude, Passes the House by a Strict Party Vote.

WASHINGTON, Feb. 8.—The bill repealing in toto all federal laws regulating the control of congressional elections has passed both houses of congress and only awaits the signature of President Cleveland to become a law. After several weeks of discussion the senate last evening finally came to a vote of the house bill repealing the federal election laws, and it passed by a vote of 39 ayes to 28 nays.

Numerous amendments were presented by the Republican members, but they were voted down regularly and methodically, the Democrats not even taking the trouble to join in the debate on the amendatory propositions. Senator Stewart, of Nevada, voted with the Democrats on every proposition, giving as his reasons that he thought the power of the executive was already too great, and that the centralizing tendency of the age should be checked at once if the republic is to survive. The three Populists—Senators Allen, Kyle and Peffer—also voted with the Democrats on every amendment, as well as on the main bill. The measure, as it passed the senate, is identical with the bill as it passed the house, no committee amendments having been proposed.

By a vote of 170 to 87 the house adopted the McCreary resolution condemning Minister Stevens and sustaining the Hawaiian policy of President Cleveland. The Republicans filibustered against it to the end. Upon the first vote the resolution was carried, 174 to 3, and an interesting parliamentary question was raised as to whether 177 or 179 was not a quorum, four seats being vacant on account of deaths. The speaker held that a majority of the members chosen and living constituted a quorum, quoting in support of his position a review of the subject made by ex-Speaker Reed in the Fifty-first congress.

His position, however, was warmly assailed by some of the Democratic members, and it was finally agreed to take the vote over again, so that the ruling was eventually withdrawn. The Boutelle resolution was defeated by a strict party vote. After the voting upon these resolutions had been completed Mr. Bland (Mo.) made an attempt to get up his bill for the coinage of the silver seigniorage in the treasury. The eastern Democrats, led by Messrs. Tracey and Cockran, inaugurated a filibuster in which they were joined by the majority of the Republicans, although a few of the latter indicated by their votes that they favored a consideration of the bill, and for four hours Mr. Bland and the remainder of the Democrats were held at bay.

Finding that it was impossible to secure a quorum to proceed with the consideration of the bill and that the house might be deadlocked indefinitely upon the proposition Mr. Bland directed his efforts towards securing the adoption of a resolution to revoke all leaves of absence and to instruct the sergeant-at-arms to arrest absentees. After a persistent struggle, which lasted until 7 o'clock, Mr. Bland was successful and the resolution was passed. In order to make it still more effective the order was made a continuing one until vacated by the house.

Herbert Wants More Sailors.

WASHINGTON, Feb. 8.—There are not enough men enlisted in the navy to properly man the United States ships which go into commission before the first of May, and the limit allowed by law will not permit the enlistment of a sufficient number. Additional authority will be required from congress to enlist sufficient men, and Secretary Herbert will probably lay the matter before that body.

The New Anti-Option Bill.

WASHINGTON, Feb. 8.—The new Hatch anti-option bill, devised by Representative Hatch, of Missouri, was approved by the committee on agriculture and introduced in the house. This is a measure designed to yield the government a revenue from the operations of brokers in agricultural products.

Increase in the Treasury Balance.

WASHINGTON, Feb. 8.—The net treasury balance today is stated to be $117,115,325, the first time it has been above the hundred million dollar mark for several months.

The Effort to Save Prendergast.

CHICAGO, Feb. 8.—Affidavits in support of the motion to grant a new trial to Prendergast, the assassin of Mayor Harrison, were filed yesterday. Arguments are to be heard Feb. 14. The principal grounds on which a new trial will be asked are that Juror A. G. Murray was well acquainted with Mayor Harrison, whereas he stated on his examination that he knew him only slightly, and because the jury was allowed to separate on election day.

His Brains Dashed Out.

WILKESBARRE, Pa., Feb. 8.—William S. Carson, a traveling salesman for a New York drug house, was instantly killed on the Lehigh Valley railroad shortly before midnight. He boarded the train at Mauch Chunk for Wilkesbarre, and, while attempting to pass from one car to another, was whirled from the platform and his brains were dashed out.

Connellsville Coke Trade Booming.

CONNELLSVILLE, Pa., Feb. 8.—The improvement in the coke trade which was predicted last week has become unquestionably manifest since then. The production, shipments and active ovens have all taken a spurt, and the outlook is better than it has been for years past. This fact, however, did not prevent a reduction in wages.

Brutality Beaten by a Drunkard.

TOLEDO, O., Feb. 8.—A special from Prairie Depot says: Orion Devauley returned home drunk late at night, threw his wife down stairs, dragged her into the yard by her hair and threw her through a barbed wire fence. He then attacked her with a corn cutter, inflicting numerous wounds. Devauley was arrested. The woman may die.

Ballot Box Stuffer Convicted.

NEW YORK, Feb. 8.—The first of the many trials for fraudulent practices and stuffing ballot boxes at the last state election was ended at 11:30 o'clock last night by a verdict of guilty. Peter F. Neville, the convict, was an election inspector, and was surprised at the result, which makes him a "felon."

Enforcing South Carolina Liquor Laws.

CHARLESTON, Feb. 8.—Six raids were made by the dispensary constables in Charleston yesterday, one of the raids being made upon a private residence. The liquor was found at only one of the establishments visited. The raids were not attended by any exciting incidents, and no crowds collected during their progress. The grand jury of Berkeley county found indictments against two parties for violation of the dispensary laws. These were the first indictments found in this state under the law.

Commissioners Restrained.

HARRISBURG, Feb. 8.—Judge Simonton granted a temporary injunction restraining the Soldiers Orphans' school commission from purchasing a site at Scotland, Franklin county, for the proposed industrial school for soldiers' orphans. The injunction was granted on the motion of counsel for the parties who had previously secured a temporary injunction restraining Captain George W. Skinner, pension agent at Pittsburg, from acting as a member of the commission.

Militia to Protect Ravishers.

RICHMOND, Va., Feb. 8.—Pursuant to a call from the sheriff of Prince William county Governor O'Ferrell has ordered the Alexandria Light infantry to proceed to Manassas to aid the civil authorities in protecting two negroes who are to be taken there for trial for the crime of rape, committed upon Mrs. Heflin and Mrs. Elliott. The sheriff says he cannot get a posse sufficiently strong to protect the prisoners against lynching upon their arrival at Manassas.

Lambert's Confession.

CAMDEN, N. J., Feb. 8.—Theodore Lambert, the colored burglar, against whom the Camden authorities have strong evidence as the murderer of William G. Kaiser, the Camden cracker baker, has made a confession. He admits having robbed Kaiser's house, but says that Stevens, his pal, did the shooting. The police believe Lambert was alone in the robbery and murder.

General Kitchener Knighted.

LONDON, Feb. 8.—General Kitchener, of the Egyptian war department, and Mr. Scott, the judicial adviser to the khedive, have each been made a K. C. M. G. General Kitchener recently took exception to some criticisms made by the young khedive and resigned his command. The khedive apologized and the general was induced to withdraw his resignation.

Crushing Out the Moonshiners.

LITTLE ROCK, Feb. 8.—Collector Cook received a telegram from Deputy Collector L. McClure, at Fort Smith, reporting that he had just returned from a fifteen days' raid on moonshiners in Polk and Sevier counties, capturing fifteen wild cutters and nine illicit stills. This makes fifty illicit stills captured in Arkansas under Cook's administration.

Ohio Miners Will Resist a Reduction.

YOUNGSTOWN, O., Feb. 8.—The coal miners of the Mahoning valley will inaugurate a general strike next Wednesday, and on that day will hold a delegate convention here to take action against returning to work. Recently the operators reduced the price ten cents a ton, and all the miners have agreed to unite in resisting the reduction.

BALTIMORE, Feb. 8.—Fears are entertained in shipping circles for the safety of the three masted schooner Samuel H. Walker, of Taunton, Mass., which left here on Jan. 16. She is in command of Captain George T. Nickerson, of Wilmington, Del., and carried a crew of eight men.

A Greek Woman's Cruel Revenge.

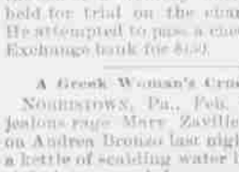
TO RESIST THE ATTACK



—of the germs of Consumption, Scrofula, Grip, Malaria, and many other diseases—means fight or die for all of us. These germs are everywhere in the air we breathe. The odds are in favor of the germs, if our liver is inactive and our blood impure.

What is needed most is an increase in our germ-fighting strength. To do this successfully you need to put on *healthy flesh*, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spot," nor soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery, that it does all this in a way peculiar to itself. It is the development of generations of medical thought—it has stood the test of a quarter of a century of *cures*.

That is why the makers can *guarantee* it. In every trouble caused by torpid liver or impure blood, if the "Discovery" fails to benefit or cure, your money is refunded.

Pretty strong reasons for trying Dr. Sage's Catarrh Remedy. $500 if you can't be cured.

strange as it may seem, is caused from a lack of that which is never exactly digested—*fat*. The greatest fact in connection with

Scott's Emulsion

appears at this point—it is *partly digested fat*—and the most weakened digestion is quickly strengthened by it.

The only possible help in Consumption is the arrest of waste and renewal of new, healthy tissue. Scott's Emulsion has done wonders in Consumption just this way.
