Presentation of People of Renown To the People of Shenandoah and The Mahanoy Valleys.

To make a voyage around the world and meet the crowned heads of Europe as well as the most distinguished people in this country and abroad would cost lots of money, wouldn't it, even if you had the entree into their society? But suppose you could sit in your own home with your wife and children around you and come face to face with splendid photographs of these people of note, that would be quite a big step toward knowing them-as near, perhaps, as you will ever get.

And when you begin to weary of studying the features of this class of society we will show you a good many places and things in far-away climes that many of your brethren have paid thousands of dollars to see.
