REPUBLICAN STATE TICKET.

CONGRESSMEN: ROS. GALTUSHA, GROW, OF MARYLAND.

WHAT is the market rate for printing election bills today?

It is highly important that the Republicans turn out and vote on election day, February 20th, in order that by a large majority for Mr. Grow, the Republican candidate for Congressman at large, the protest of Pennsylvania against the passage of the Wilson bill may be heard and felt at Washington.

The Pottsville printing syndicate was scandalous in saying anything about the editorial it created at the court house last week, and now that it has seen fit to speak it gives the public no satisfaction. It is all very well to talk about 8000 copies and tell the public 75% until the whole thing is sifted by a trial at court, on a suit it claims has been filed to recover on the original \$4,500 contract, but it does not explain why the syndicate attempted to extort \$8,000 from the Controller and County Commissioners for work which is now being done for less than \$2,000 and which the syndicate subsequently offered to perform for the original figure.

The press in House of Representatives was elected in a time of extreme general reaction. The arrest and dissatisfaction of the country spoke at the polls. In some cases they didn't know what they wanted, or didn't get it. The House bears the marks of its origin. It contains many extremists and fanatics. Also some of the humbugs who turn up in periods of great popular excitement. There are some very queer fish in this House; and a good many of the Democrats from the West and South are full of the cant of the grazer politician, and the political economy of the bush. Remember these things in accounting for the House. This obsession of cranks will be stopped at the next elections. We may expect a conservative reaction, the return of sobriety, and the retirement of a number of wind machines.

IMMIGRATION COMMISSIONER RUBY, of Boston, in speaking of the noticeable decrease of immigration at that and other ports, said that, while the immigration through the winter months always decreased, the falling off below the normal figures was due to hard times, both at home and abroad. The intended immigrant in many cases, he thought, found it was even difficult to gather together a sufficiency of means to reach this country, while others, who had some means had learned that they would not, in all probability, better their condition by immigrating to this country. Added to the fact that the immigration to this country had fallen off, Mr. Ruby said that many were returning to the old country, and from those so returning would probably emanate reports concerning the condition of things in this country, which would tend to discourage many others from coming over here who had so intended. The people in Europe of the emigrant class were beginning to find out, Mr. Ruby said, that this country was not such a paradise as they had imagined it to be, where money and all things desirable were to be easily picked up, but that here, as at home, it required hard and honest toil to gain a livelihood, and, perhaps, a scant one at that.

THE WEEK IN CONGRESS

Preparing for the Tariff Bill in the Senate.

THE CHANCES OF THE BLIND BILL.

It is Believed It Will Pass the House After Certain Modifications to Meet the Objections of Secretary Carlisle, Who Wants Some Latitude.

WASHINGTON, Feb. 12.—There will be an effort on the part of the senate during the present week to clear up the calendar as far as possible prior to taking up the tariff bill, which, when it is reported to the senate, is expected to exclude the consideration of most other subjects. The speech making during the week is to be devoted to a variety of topics, including the Stewart bond resolution, the Purple Hawaiian resolution, and probably the resolution of Senator Hyde instructing the committee on finance to grant hearings on the tariff bill. The speeches on the Stewart resolution will be made during the morning hour, and the Hawaiian speeches later in the day.

The bill to compel railroad companies operating roads in the territories over rights of way granted by the government to establish stations at all town sites established by the interior department, is the unfinished business on the calendar, and when it is disposed of the bill to provide for additional accommodations for the government printing office will be taken up and acted on as soon as practicable.

It is believed the committee on the judiciary will dispose of the Beckham nomination today, and if so in all probability they will be at least one day during the week devoted to executive session for the purpose of passing upon this nomination. It is expected that the consideration of the Blind silver seigniorage bill will be completed in the house on Wednesday. Today is District of Columbia day, but by special order the time after 3 o'clock has been set aside for paying tribute to the memory of the late Senator Stanford. When the Blind bill reaches a vote the general expectation is that it will pass after having been modified in certain particulars to meet the objections of Secretary Carlisle to give him some latitude and discretion in the issue of treasury notes against the seigniorage and in the coinage of the bullion.

On Thursday the O'Neill-Joy contested election case will come up, and by agreement six hours will probably be devoted to debate thereon. Mr. O'Neill will probably be treated by almost a strict party vote. The remainder of the week will be devoted to the fortifications appropriations bill.

Butter War Among Army Officers. SAN FRANCISCO, Feb. 12.—The Chronicle prints a story of a bitter war among army men at the Presidio military headquarters, adjoining this city. The scandal directly involves Colonel Graham, commander of the forces at the Presidio and Lieutenant Colonel C. M. Young. Colonel Young is under arrest at Presidio. The story is that Colonel Young had prepared charges against his superior, Colonel Graham, alleging envious and tyrannical conduct against his subordinates. Graham, it is said, immediately ordered the arrest of the complainant. Both men are old in the service.

Murder Quickly Avenged. BIRMINGHAM, Ala., Feb. 12.—Al Johnson, twenty miles away, Dennis Clements and Will Barge were in love with the same young lady. They met at her home and a quarrel resulted. Barge finally drew a revolver and shot and killed Clements in the presence of the interested young woman. Deputy Sheriff Hohman attempted to arrest Barge, who drew a pistol, but Hohman quickly raised a shotgun and blew Barge's head off.

Charged with Fraud and Conspiracy. SAN FRANCISCO, Feb. 12.—Suit has been filed here by the Alta Mining company against the old board of directors of the American Mining company and Louise Boyd for the recovery of nearly \$50,000 belonging to the mining company, which is alleged to have been misappropriated. All the men sued are prominent and wealthy, and the suit charging them with fraud and conspiracy will be sensational.

The Elopement of a Minister. NEW YORK, Feb. 12.—Contrary to public announcement John Phillip Quinn, the converted gambler, did not preach at the Young Men's Christian Association hall, in Twenty-third street, yesterday, as Mr. Quinn's elopement and marriage to pretty Maude Goff, the daughter of E. F. Goff, his Evangelist associate during the past week, was the cause of his not being allowed to address the meeting.

Worst Mills Reduce Wages. BORDENTOWN, N. J., Feb. 12.—The Springfield worsted mills, which opened two weeks ago, after being closed for six months, have made a reduction in wages. Those receiving \$15 and over per week have been cut 20 per cent, and those under the above amount 10 per cent.

THREE DISASTROUS FIRES.

They Cause Losses Aggregating \$250,000 in Minnesota, Ohio and Kentucky.

WAPAKONETA, O., Feb. 12.—Fire started in Wapakoneta block, this city, at 11:30 Saturday night, and was not under control until 4 o'clock yesterday morning, some time after all had been received from the Lima fire department. The block, which occupied a square, was reduced to ashes. Eight stores were burned out with the Mechanics' block, as well as some frame sheds. There is a general opinion that the fire was of incendiary origin. The total loss is \$26,000. The following lodges occupying rooms in the block were also burned out: Masonic, Royal Arcanum, National Union, Knights of Honor and Maccabees. Their losses may add from \$5,000 to \$5,000 to the total.

HENDERSON, Ky., Feb. 12.—Henderson was visited by the most disastrous conflagration that has occurred in the history of the place, Saturday. Starting with John H. Barrett & Co.'s large tobacco steamery the fire was carried by a strong wind to the factory of R. H. Soper, on the opposite corner. Both these buildings, containing about a million pounds of tobacco, together with four brick dwellings, were quickly destroyed. The total loss is something like \$50,000. The fire was of incendiary origin.

DULUTH, Minn., Feb. 12.—The Duluth board of trade building, on the corner of Superior street and Third avenue, was destroyed by fire yesterday afternoon, causing a total loss of over \$200,000, with insurance aggregating \$280,000. The fire started shortly after noon in Guthrie & Earhart's office, and is said to have originated in a desk. When discovered it could easily have been extinguished had any water been available.

Where is Pastor Schmitt? PITTSBURGH, Feb. 12.—The strange disappearance of Rev. J. H. Schmitt, of the United German Evangelical church, this city, has caused a sensation. Early in January he left home to attend a Masonic meeting in Philadelphia, and nothing has been heard of him since. About the same time Mrs. Steiner, a prominent member of the church, turned up missing, and her absence is still a mystery. The congregation has disbanded the absent minister. One of the parishioners states that he had given his pastor \$200 to invest for him.

Brought by a Carrier Pigeon. GLOUCESTER, Mass., Feb. 12.—The first intelligence of the fate of the schooner Robert S. Edwards and crew, which was given up last Monday, was brought in yesterday by Captain Crittenden, of the schooner Captain Leighton. When fifty miles from Cape Sable a carrier pigeon, completely exhausted, lit on the day plank. On securing the pigeon the sailors found tied to one leg a dispatch which read: "Sable Island, Jan. 31.—Schooner Robert S. Edwards and all hands lost Jan. 27."

CONGRESSMAN BARKER'S BODY. DAYTON, O., Feb. 12.—The funeral of George W. Barker, congressman from this district, was held here yesterday. The funeral train arrived from Washington at 1:45 p. m. in charge of the congressional committee. The party was met at the depot by a committee of citizens, and proceeded to Christ Episcopal church, where services were held. Then the procession formed and marched to Woodland cemetery, where the last rites were performed.

H., Feb. 12.—Carl Conrad, the New York sculptor, has just completed the clay model of Webster, from which the new marble statue ordered by the last legislature will be made. It is intended for the National gallery at Washington.

AS A CLEANSER of the blood, nothing sweeps as clean as Dr. Pierce's Golden Medical Discovery. It purifies the blood as well as cures it. The truth is, an emulsion of cod liver oil is good for building up fat—no doubt about it. But—ugh! a weak stomach kills it. Fortunately, there's a tissue-builder, that's even better for making healthy flesh. Pleasant in taste—effective in result. That's the "Discovery." It goes to work in the right way, by regulating, cleansing, and repairing all the organs of the body. When the germs of disease are round about us we do not all get them. Why? Some of us are in too good a condition. The germs of Consumption, Grippe, Malaria, and all the infectious diseases, pass you by, if you are strong to resist their attack. Render yourself germ-proof by putting your blood and liver in a healthy state. In all blood-taints and cures, if the "Discovery" fails to benefit or cure, your money is returned. No other medicine of its kind can be sold as

"Almost as Palatable as Milk" This is a fact with regard to Scott's Emulsion of Cod Liver Oil. The difference between the oil, in its plain state, is very apparent. In Scott's Emulsion you detect no fish-oil taste. As it is a help to digestion there is no after effect except good effect. Keep in mind that Scott's Emulsion is the best promoter of flesh and strength known to science.

BATTLE WITH HORSE THIEVES. The Outlaws Hide a Sheriff's Posses Nots to Capture Them. ABILENE, Tex., Feb. 12.—A running battle occurred on the river bank of the Brazos river, about ten miles from this city, between a party of horse thieves and a posse in pursuit, headed by Sheriff Cunningham of this county. The outlaws had in their possession at the time of pursuit some twenty odd head of fine horses. When ordered to halt the thieves answered with a volley of shots into the posse, who returned the fire. The fusillade became general and numerous shots were fired on both sides. The thieves galloped the bottoms and found a safe refuge. It is thought that some of the robbers were wounded, as several dead horses and saddles smeared with blood have been found.
